On behalf of Sedgwick County Fire District #1 (SCFD #1), recommend to **accept the low bid meeting specifications from Don Hattan Ford in the amount of \$52,985.00.**

Brush trucks are typically used off-road for fighting grass fires as well as structure or other types of fires where larger apparatus may not be able to maneuver. Brush trucks carry anywhere from 200 to 350 gallons of water on them as well as a fire pump for fighting these fires.
