GUIDING PRINCIPLES

We believe individuals can change and that we can be instrumental in guiding that change.

We believe in promoting and maintaining a positive, safe, and healthy work environment.

We believe in equal access to services that are cost effective, least intrusive, culturally sensitive, and consistent with the highest professional standards.

We believe in the strengthening of families and education, the involvement of the community, and use of effective prevention, early intervention and graduated response programs.

We believe correctional services should be community-based to the greatest extent possible.

GOALS

- ❖ To embrace the values of Sedgwick County in all services.
- ❖ To promote public safety and reduce recidivism.
- ❖ To provide effective correctional intervention, supervision and services to adult and juvenile clients and their families.
- ❖ To provide a diverse, inclusive and safe work environment.
- ❖ To encourage employees to be self-motivated, effective, competent and ethical.
- ❖ To build collaborative partnerships with internal and external stakeholders that ensures a coordinated continuum of services.
- ❖ To inform local and state leaders and the public on correctional practices and issues.
- ❖ To enhance service delivery and outcomes through the use of continuous quality improvement.

Progress on Key Initiatives during 2020 and 2021

- To reduce recidivism and promote public safety each program shall complete a program review every three years to strengthen use of core correctional practices and evidence-based programs. Performance measures and outcomes will be reported annually in the Department of Corrections Strategic Plan and made available to the public on the Sedgwick County website.

Progress: Ongoing. The Department of Corrections is committed to working on reducing recidivism in all adult and juvenile programs. The recidivism definition was redefined in 2017 and the data that is currently being collected and shared is measuring based on that definition. Recidivism is defined as a return to criminal or delinquent activity which involves re-conviction or re-confinement. Adult programs complete recidivism checks at 1, 3, and 5 years. Juvenile programs complete recidivism checks at 6, 12 and 18 months. The results of the 2019 recidivism check are included in our strategic plan.

- To implement a new database replacement with ongoing support to maintain a high quality management system and data in all department programs.

Progress: Ongoing. Journal Technologies Incorporated (JTI) received the contract to develop and implement our new database system. The kickoff with the vendor started on November 13, 2018. Steve Stonehouse, Deputy Director of Juvenile Programs, is the project manager. JTI has completed work at Juvenile Intake and Assessment Center (JIAC) and is currently working with the Juvenile Detention Facility, Juvenile Residential Facility and Home-Based Services. The projected total completion go-live date is scheduled for 3/1/2022.

- To continue to make the training program a priority for the Department of Corrections in use of core correctional practices and evidence-based programming. DOC shall continue to strive to be a culturally competent organization by providing training to all personnel promoting understanding, respect, fairness and inclusion of persons of different backgrounds in our workplaces and programs.

Progress: Ongoing. Training is a priority for the Department of Corrections to ensure best practices, provide continuous learning, meet licensing requirements, state standards and work toward constant improvement. In 2020, due to COVID-19 there were many department trainings that had to be canceled due to staff illness, vacancies, social distancing and basic concerns regarding possible exposures. We continued to offer webinars, trainings from the National Institute of Corrections (NIC), required trainings for licensing and new employee orientations. In 2021, there are 90 training offerings to staff which include specific training on diversity, Kansas Leadership Center – Coach Up, Family Engagement, EPICs and the Core Quality Standards.

- To complete strategic planning and align the DOC mission, guiding principles, goals and practices with Sedgwick County Strategic Plan and policies.

Progress: The Department of Corrections completes a full revision and review of our strategic plan annually with updates to data. The plan in 2020 was to move toward a 5-year Strategic plan but due to COVID-19 those efforts ended and will be resumed in 2021.

- To plan and successfully implement the Department of Corrections (5) five Core Quality Standards.

Progress: Ongoing. The Department of Corrections identified operating priorities that will promote consistency, decision making and advances a higher quality of standards throughout the department. The Five (5) Core Quality Standards include Safety, Integrity, Knowledge, Service and Efficiency. These standards are embedded in all DOC trainings and provide guidance to staff and managers in knowing and understanding our customers; how it relates to our business practice, decision making and the importance of exceeding expectations rather than simply meeting an expectation. Due to COVID-19 many of these trainings were cancelled in 2020, however there are 8 trainings scheduled in 2021.

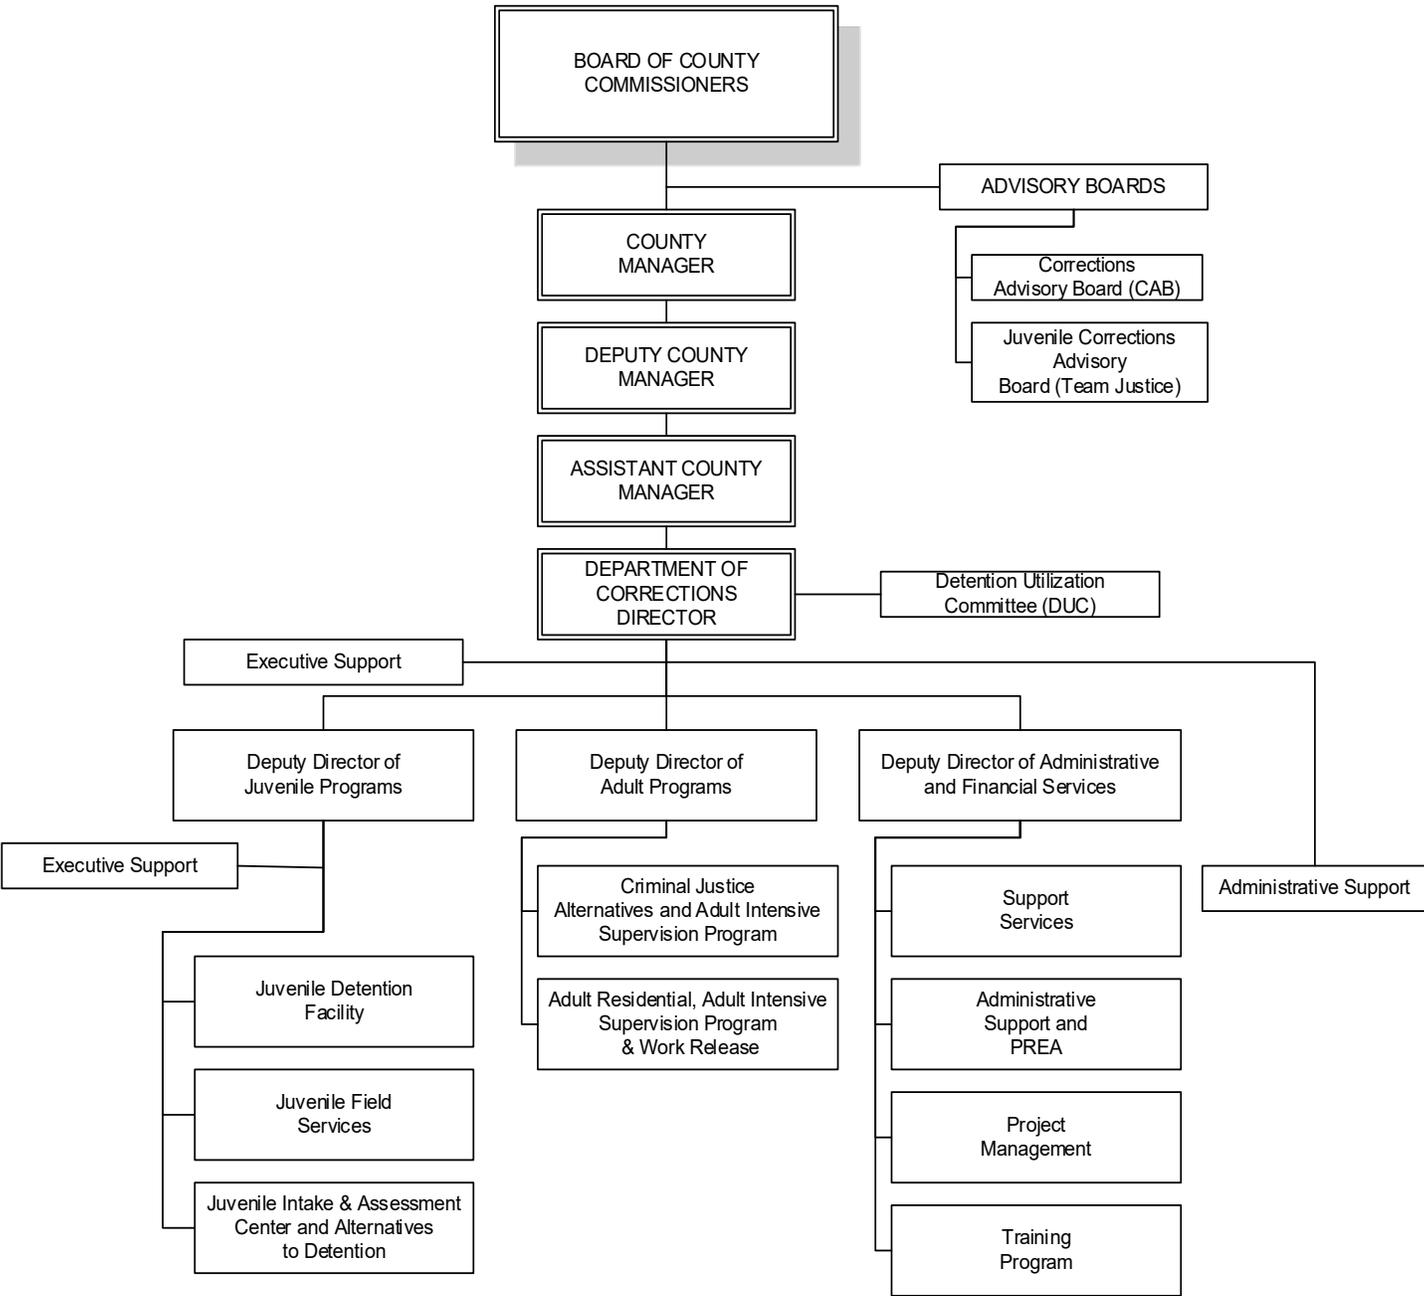

- To improve recruitment, retention and hiring practices within the Department of Corrections by increasing the number of qualified applicants for vacancies, recruitment for minority applicants and being more consistent with the hiring process.

Progress: Ongoing. In 2020, the DOC recruiter transferred to a different position within the agency. Recruitment continues to be a challenge due to the cancelation of career fairs, college visits, classroom visits, community events and all recruitment efforts due to COVID-19. In addition, hiring in general for Corrections Officers and Intensive Supervision Officers proves challenging due to having some of the lowest salary compensation in the State of Kansas. There were only 31 new hires in 2020, which was the lowest rate in hiring for the DOC since 2014.

Key Initiatives 2021

- To improve recruitment, retention and hiring practices within the Department of Corrections by increasing the number of qualified applicants for vacancies, recruitment of minority applicants, increasing salaries, and being consistent and transparent with the hiring process.
- To reduce recidivism and promote public safety each program shall complete a program review every three years to strengthen use of core correctional practices and evidence-based programs. Performance measures and outcomes will be reported annually in the Department of Corrections Strategic Plan and made available to the public on the Sedgwick County website.
- To continue to work on and implement the new database replacement (eCorrections) with ongoing support to maintain high quality management systems and data in all department programs.
- To continue to make the training program a priority for the Department of Corrections in use of the five core correctional practices and evidence-based programming. DOC shall continue to strive to be a culturally competent organization by providing training to all personnel promoting understanding, respect, fairness and inclusion of persons of different backgrounds in our workplaces and programs.
- To complete a five (5) year strategic plan and align the DOC mission, guiding principles, goals and practices with the Sedgwick County Strategic Plan and policies.
- To continue and train the Department of Corrections Five (5) Core Quality Standards.
- To address the technology concerns and work arounds, with the new state records management system change from Full Court to Odyssey and Kansas Department of Corrections' change from TOADS to Athena, within the Department of Corrections.

SEDGWICK COUNTY DEPARTMENT OF CORRECTIONS 2021 ORGANIZATIONAL CHART

Diversity Plan

- Department of Corrections will be a culturally competent organization which recognizes the differences in gender, race, age, ethnicity, culture, disability, sexual orientation and beliefs;
- Department of Corrections will engage in recruitment and staffing practices that reflect the diverse nature of our business and community;
- Department of Corrections programs, policies, practices and services shall be viewed through a diversity lens, and be respectful, inclusive, and effective;
- Department of Corrections will provide ongoing professional development related to diversity topics;
- Department of Corrections will use the M.E.E.T. Model for managing respect in the workplace.

Key Initiative

To maintain and promote respectful and inclusive workplaces, all staff will complete ongoing diversity training and continue using the established M.E.E.T. model to help recognize, respond to, and resolve day-to-day workplace situations.

Key Performance Indicators

In order to measure, refine and sustain momentum in carrying out diversity plans, a set of goals, objectives and measures are tracked and reported annually.

**Division of Public Safety
Department of Corrections
Administration**

Goal #1: To recruit, retain, and foster a diverse workforce which is representative of the Sedgwick County population.

Objectives:

- To attract and hire staff with a greater than 44% representation of minorities.
- To maintain a diverse workforce with a 35% or greater representation of minority groups.
- To foster an inclusive work environment where at least 90% of the staff report feeling respected and heard.

Performance Measures	2016-2020 Five Year Average	2016 Actual	2017 Actual	2018 Actual	2019 Actual	2020 Actual
Percent of minority new hires	45% (123/273)	43% (32/75)	46% (23/50)	46% (23/50)	49% (33/67)	39% (12/31)
Percent of minority staff in workforce	36% (569/1,593)	34% (100/291)	34% (96/279)	35% (124/357)*	38% (133/351)	37% (116/315)
Percent satisfaction ratings of permanent employees	84%	81%	83%	88% (294/335)	84% (114/136)**	85% (40/47)***

*In 2018, the calculation is based on number of staff carried over to 2018 with new hires for the year. Prior to 2018, the number was based on total of staff on record at the end of calendar year.

**2019 numbers did not include the survey at all Diversity Trainings.

*** There were no 4 hour diversity courses offered in the 2nd and 4th quarters of 2020 due to pandemic restrictions, thus no evaluation surveys occurred to measure this item.

Goal #2: To offer DOC diversity training which provides the training, tools, and expectations that staff actively contribute to a positive and inclusive work environment.

Objectives:

- To provide required ongoing diversity training to all divisional employees.
- At least 95% of employees will annually meet their diversity training requirement.

Performance Measures	2016-2020 Five Year Average	2016 Actual	2017 Actual	2018 Actual	2019 Actual	2020 Actual

*Staff requirement of 4 hours. Total is staff on staffing table at end of 2019. New hires 4th quarter (October-December) were only required to complete HR Orientation and DOC Academy Offerings.

**Staff requirement in 2016 and 2017 was four (4) hours of Diversity Training.

***Staff requirement to take a total of eight (8) hours of diversity training during 2018.

^All staff were excused from the 4-hour diversity requirement for 2020. The 2020 total includes staff that have since exited employment.

^^There were no 4 hour diversity courses offered in the 2nd and 4th quarters of 2020 due to pandemic restrictions.

**Division of Public Safety
Department of Corrections
Administration**

Goal #3: To ensure cleanliness, proper maintenance and to identify possible health or safety hazards within DOC facilities.

Objectives:

- To conduct quarterly maintenance inspections at each juvenile and adult facility.
- To conduct maintenance meetings with juvenile (monthly) and adult (quarterly) program staff.
- To annually update the equipment replacement plan and submit in February of each year.
- To annually update the Department’s equipment inventory with information collected from each program’s physical inventory review.

*All 2nd and 4th quarter 2020 building inspections were cancelled due to pandemic restrictions.

Goal #4: To avoid waste of valuable resources, promote efficiency and accountability by establishing reasonable standards for the workplace.

Objectives:

- To conduct two energy conservation audits per year.
- To conduct an annual staff survey to solicit feedback on ways to reduce energy consumption or costs.

Performance Measures	2017 Actual	2018 Actual	2019 Actual	2020 Actual

**Division of Public Safety
Department of Corrections
Racial and Ethnic Disparity**

Goal #1: To reduce racial and ethnic disparities for targeted populations, as previously identified by the Title II Grant for Disproportionate Minority Contact (DMC)/Racial and Ethnic Disparities (RED), through coordination, communication, collaboration, and strategic planning within Sedgwick County.

Objectives:

- To improve Sedgwick County’s capacity to effectively reduce disproportionality of minority youth detained and their length of stay in detention as compared to their non-minority peers.
- To reduce the disparate use of secure detention for minority youth as compared to their non-minority peers.
- To engage the community in problem-solving to reduce Racial and Ethnic Disparity (RED) by facilitating collaborative stakeholder input.

Performance Measures	2018 Baseline	2019 Actual	2020 Actual
Average Length of Stay (ALOS) for white youth detained	23.95	26.71	26.72
ALOS for African-American youth detained	35.27	27.30	41.65
ALOS for Hispanic youth detained	28.23	35.76	72.49
% # of White youth admitted to secure detention	228/656 35%	177/620 29%	107/400 27%
% # of African American youth admitted to secure detention	267/656 41%	291/620 47%	216/400 54%
% # of Hispanic youth admitted to secure detention	154/656 23%	144/620 23%	74/400 18%

2017-2018 Title II DMC/RED Grant was from July 1, 2017 through June 30, 2018.

During the COVID-19 pandemic the 18th Judicial District Court, Juvenile Division, was closed for a period of time. Only detention hearings were held. This resulted in court delays and case continuances. Average lengths of stay in 2020 increased over past years. The youth detained are typically facing high level charges which take considerable time to resolve. Unfortunately, minority youth are overrepresented in these arrests which mean their average lengths of stay are longer too.

On January 23, 2021 the Sedgwick County Juvenile Corrections Advisory Board (Team Justice) held a virtual community summit to share information on efforts to reduce racial and ethnic disparity and model programs to deter youth involvement in the juvenile justice system. Presenters included the W. Haywood Burns Institute, Wichita State University, and national programing experts. Input from previous community listening sessions was presented and additional opportunities were offered for participants to discuss service gaps and develop recommendations. From the community input, Team Justice selected five priorities that were the target for the KDOC-JS Evidence Based Funding. These priorities are: Sedgwick County Continuing Legal Education on Juvenile Justice, mentoring, family support, youth voices, and employment.

**Division of Public Safety
Department of Corrections
Expeditor**

Goal #1: To advocate for and expedite the release of youth, without an assigned worker, from secure detention.

Objectives:

- To provide advocacy and expeditor services to 98% of admits for youth without an assigned worker remaining detained in the Juvenile Detention Facility at detention hearing.
- To decrease by 10% or more the average length of stay (ALOS) for youth served by the Expeditor.

Performance Measures	2018 Actual	2019 Actual	2020* Actual (Baseline)
Number of eligible youth who received expeditor services.	--	189	154
Percentage of eligible youth served by the Expeditor.	55%	120/189 63%	154/154 100%
Average length of stay (days in detention) for all youth eligible for services.	33	45	52
Average length of stay (days in detention) for all detained youth.	30	31	44

*The outcomes for 2020 will serve as a Baseline since objectives were refined effective 1/1/2020. Beginning in 2020 the Expeditor served all detained youth without an assigned worker housed at JDF, eliminating selective criteria (those with felony levels 5 and above, misdemeanors, and/or competency issues) that was in place in 2018 and 2019 prior to the position moving to HBS.

**Division of Public Safety
Department of Corrections
Prison Rape Elimination Act (PREA)**

Goal #1: To provide a comprehensive sexual assault prevention and intervention program that includes: education, prevention, prompt intervention and discipline of assailants and appropriate treatment for victims.

Objectives:

- To educate and train 100% of clients, staff, volunteers and contractors on the Prison Rape Elimination Act, which includes reporting, first responder expectations and victimization.
- To achieve and maintain full compliance with Federal PREA standards in all offices, programs and facilities.
- To review all allegations by the PREA coordinator and Sexual Abuse Review Board (SARB) for recommendations.
- To provide a comprehensive annual report in accordance with PREA standard 115.87 in order to improve the effectiveness of sexual abuse prevention, detection, response and training.

Juvenile Detention Facility (JDF)**

Goal #1: To protect the community by detaining accused and adjudicated juveniles in a locked facility as ordered by the Court.

Objective:

- To have no escapes from JDF.

Performance Measures	2016 - 2020 Five Year Average	2016 Actual	2017 Actual	2018 Actual	2019 Actual	2020 Actual
Number of escapes	0	0	0	0	0	0

Goal #2: To hold court ordered juveniles in a safe environment while the legal process works to determine their accountability for their behavior.

Objectives:

- To maintain an average daily population of 60 or less in secure (locked) detention at JDF.
- Utilization of detention at 60% or less of the total detention continuum (JDF, Juvenile Residential Facility, and Home-Based Supervision).
- To have 10 or less incidents of juveniles being injured.
- Ninety-eight percent (98%) of mental health assessments will occur within 24 hours of admission.
- To maintain annual survey results indicate 90% or more of juveniles reporting feeling safe.

**Division of Public Safety
Department of Corrections
Juvenile Residential Facility (JRF)**

Goal #1: To provide an effective residential alternative to locked detention for selected juveniles from the Juvenile Detention Facility who pose less risk to the community.

Objectives:

- To reduce the number of detainees at JDF by increasing and maintaining an annual average daily population of 22 or more (capacity 24).
- Eighty percent (80%) or more juveniles will successfully complete court ordered time at JRF as an alternative to detention.
- To reduce the percentage of AWOLs from JRF to 10% or less of clients released.
- Annual survey results will indicate 98% or more of juveniles feeling safe.
- To maintain or reduce the percentage of clients arrested for new crimes while at JRF \leq 1%.
- To further refine the benchmark for percentage of juveniles authorized, available and accepted by JRF as an alternative to detention.

**Division of Public Safety
Department of Corrections
Home Based Services (HBS)**

Goal #1: To provide an effective community-based supervision program as an alternative to incarceration in the Juvenile Detention Facility (JDF).

Objectives:

- To maintain 90% or better HBS participants admitted based on number of youth authorized.
- To increase successful program completions for court authorized youth to 80% or more.
- To maintain or reduce the percent of unsuccessful completions due to arrest for new alleged offense to 5% or less.
- To reduce readmissions to JDF on technical violations to 10%.
- To refine a baseline pertaining to family satisfaction survey methods and results.

Sedgwick County Drug Court Program**

Goal #1: To coordinate an effective drug court intervention program for felony offenders with addiction issues that improves their functioning, reduces recidivism and positively impacts jail and prison populations.

Objectives:

- To reach and maintain an average daily population of 115 participants.
- To increase the number and percent of successful completions to 53% or more.
- To maintain the percent of graduates that improve their functioning through risk reduction activities as measured by the LSIR discharge assessment at 85% or above.
- Graduate Recidivism: Percentage of DC graduates who are convicted of a new crime, as measured by City of Wichita and District Court records at 1, 3 and 5 years after completion of probation.

Summary: The Sedgwick County Community Crime Prevention Fund utilizes current research to target grant dollars to achieve the greatest crime prevention impact and assist youth at risk for offending improve the quality of their lives. In SFY19 and continuing into SFY20, training for providers was a focus for prevention programs. A training on gender responsive and dosage was completed by WSU consultants, Dr. Breanne Boppre and Dr. Delores Craig-Moorland. Providers were also offered the opportunity to attend a Motivational Interviewing Advanced training conducted by DOC staff. Providers were afforded the opportunity to send staff to the 2020 Governor’s Conference on Child Abuse and Neglect and the Coalition for Juvenile Justice Annual Conference. Twenty staff utilized the opportunity to attend some or all of the conferences. Additional training opportunities are identified for the November 2021 Governor’s Conference. Dr. Craig-Moreland has been directly involved in site visits at the programs. Consistently defining the recidivism measure continues to be a focus. Additionally, MHA/PATHS serves youth under-10 years of age who would not be eligible for an intake at the Juvenile Intake and Assessment Center for identification of law enforcement contact. Another consideration regarding this information is that not all youth have been out of a program for a full 6 months to do a check of recidivism on that timeline. Big Brothers/Big Sisters mentoring program did not renew for FY21. A new Request for Proposal will be released for the additional funding.

Success is determined according to the planned services. Each program has specific criteria to define success.

DEFINITIONS OF SUCCESS

Pando Initiative: A youth meeting at least 65% of the following program measures (attendance, expulsions, suspensions, reading, math and parent teacher conferences) is considered a successful exit from our program.

Detention Advocacy Service (Sedgwick County Department of Corrections): KDOC-JS Grant Funded: Targets minority and low-income youth. Includes short-term, case management and attorney services provided by Kansas Legal Services. Program completion is determined by the final disposition of the youth's case. Youth receive case management services and/or monitoring of their bond conditions until the final disposition of their case or the youth is terminated from the program early due to not complying with court conditions, bond revocation for a new crime or failure to follow program rules. Youth receiving case management are considered successful when they are engaged and follow the case plan. For youth provided continued legal representation, those who do not return to the Juvenile Detention Facility during the adjudicatory process are considered successful.

Functional Family Therapy (FCS Counseling / EmberHope): This is an evidence-based program with objectively defined criteria; therefore, success is clearly defined. Clients are successful when they complete the three phases of FFT. The result is improved functioning and reduced recidivism. Most treatment episodes last three to four months, but treatment continues until the family meets their goals even if this takes longer than four months.

Learning the Ropes (Higher Ground): A successful completion is defined as meeting the following discharge criteria: satisfactorily completed all program assignments, demonstrated an understanding of addictive disease, maintained abstinence for a minimum of 30 days, made satisfactory progress towards treatment goals and no indication of a need for further treatment.

Center for Academic & Behavioral Research (CBAR)/McAdams Academy: Youth are considered successful if they participate in the program and can demonstrate positive cognitive behavioral elements and skills needed to successfully return to a traditional educational environment or another educational or vocational opportunity.

PATHS for Kids (Mental Health Association): Successful completion is defined as attending at least 10 sessions and demonstrating mastery of the skills taught.

Kansas Big Brothers Big Sisters: Successful completion is defined as enrolling and being matched for at least one year. No outcome measure will be available prior to the match completing one year.

Note: Expectations for program success rates are set out in the Comprehensive Plan for Juvenile Delinquency Prevention for the 18th Judicial District (see Section III, page 5).

Juvenile Intake & Assessment Center (JIAC)**

Goal #1: To prevent youth from getting more deeply involved in the juvenile justice system by providing effective intake booking, assessment and referral services 24 hours a day.

Objectives:

- To perform intake booking and maintain electronic records on 100% of youth arrested and delivered for booking by law enforcement.
- Ninety-nine percent (99%) or more of youth/families identified as having an elevated risk to reoffend (moderate to very high risk) will receive referral recommendations by staff (excludes youth already receiving services).
- Seventy percent (70%) or more of youth identified as having an elevated risk to reoffend (moderate to very high risk) will accept referrals (excludes youth already receiving services).
- To perform accurate screening of youth for placement in juvenile detention by reducing overrides of the screening instrument to state threshold or less.

Judge Riddel Boys and Girls Alternative Program (JRBG)**

Goal #1: To provide delivery of evidence-based cognitive behavioral programming with fidelity and at the appropriate intensity for youth at risk of KDOC-JS involvement and youth currently in community case management.

Objectives:

- To maintain a 15% or less recidivism rate for graduates measured at 6 months.
- To maintain a 20% or less recidivism rate for graduates measured between 6-12 months.
- To maintain a 22% or less recidivism rate for graduates measured between 12-24 months.
- To maintain a 25% or less recidivism rate for graduates measured between 24-36 months.
- 80% of youth entering the program will complete the required hours to graduate.
- 90% of youth graduates will show improvement from pre-program administration to post-program administration.

Goal #1: To provide a spectrum of evidence-based practice (EBP) programming to youth to support rehabilitation, decrease recidivism, maintain accountability for behavior, and decrease the use of secure detention.

Objectives:

- 80% of youth served will successfully complete the ERC program.
- 80% of youth will have no new arrests following completion of the program and at one year after.

Goal#2: The ERC will seek to serve youth from Butler, Cowley, Elk, Greenwood, Harvey, McPherson, Sedgwick, and Sumner counties scoring moderate to high risk as determined by risk assessment with the appropriate dosage of EBP programming.

Objectives:

- The percentage of youth living at home* or living independently after completion of the program and one year after completion of the program will be 80% or greater.
- 90% of youth served in the program will be in school and/or working at the successful completion of the program and one year after completion.

Community Corrections Risk Reduction Initiative (RRI)**

Goal #1: To reduce recidivism of adult felony offenders assigned to Community Corrections in the 18th Judicial District.

Objectives:

- SFY12 State requirement to increase successful program discharges by 3% each year or attain 75% or above.
- SFY18 and SFY19 Objective: To reduce the percent of new felony and misdemeanor revocations by 1% each year or attain 45% or below of both type of revocations.
- Beginning with SFY 2018 clients that successfully completed probation will be reviewed at 1, 3 & 5 years for convictions of new crimes in the City of Wichita and district court records as the measure for recidivism.

Goal #1: To provide a less costly residential alternative to prison that promotes public safety through close supervision of offenders and requires accountability and responsibility.

Objectives:

- To maintain an average daily population of 62 or above.
- To increase and maintain the successful discharge rate of 70% or more.
- To reduce the number of client AWOLs to 30 or less.
- Clients will perform 8,000 hours or more of community service.
- Clients will pay court costs and restitution according to their case plans.
