Program Updates: Lori Gibb

AISP: In person contact resumed June 22 with the high risk population. Phone contact continues weekly. Lori provided additional detail on service modification during this time.

Drug Court: Resumed contact with their phase 1 and 2 clients. Virtual court is being held Monday - Thursday and in person court is being held on Friday. COMCARE groups are being held virtually. Lori provided additional detail on service modification during this time.

Residential: Clients have been allowed to return back to work. This was suspended for about a month and half in order to reduce the risk to the facility. Clients have resumed treatment in the community, but they are still not doing community services out in the community. Cognitive skill groups have resumed virtually. Lori provided additional information on service modification during this time.

Pretrial: Contact with clients is planned to resume on August 3rd. Progress is being made on the risk assessment form.

Batters Intervention Program: The position still has not been filled. An interview is being set up. Staff with Jason Stephens to discuss the case management services portion of this program.

Next Step Program: This week and last week orientation was conducted with clients. All the clients who took the placement exam scored average or above average. They will be selecting their program next week.
