

**COVID-19 Metrics among Sedgwick County Residents
April 19 through October 10, 2020**

KDHE re-open metrics are in blue shading. This table is published on Mondays and Fridays.

Because numbers are reported by test day and tests are sent to SCHD from different days, numbers can change from report to report. Most change occurs in the two most recent weeks.

Hospitalizations are reported by date patient was hospitalized and deaths are reported by date of death.

As of October 15, 2020:

- Many Sedgwick County COVID-19 metric trends are increasing. New tests and new test rate are decreasing.
