## Overview

COMCARE provides a wide array of behavioral health services to adults and children in Sedgwick County. Target populations include children with serious emotional disorders (SED) and adults with a severe and persistent mental illness (SPMI). These populations are eligible for rehabilitative services that occur primarily in the community.

Crisis services, including mobile services, are available to assist individuals with urgent behavioral health needs and are provided 24/7. COMCARE also works closely with the City of Wichita on the Municipal Drug Court and Mental Health Court and with the Department of Corrections through a partnership on the District Drug Court.

## Strategic Goals:

- *Focus on the triple aim of access, cost, and outcomes*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Strengthen focus on physical environment and staff safety*
- *Enhance a culture of innovation*
- *Focus on developing metrics and messages on the value of services*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- COMCARE collaborated as a leading member of the Mental Health and Substance Use Coalition in the community summits and development of the coalition strategic plan
- COMCARE initiated patient engagement training to better assist staff to enhance the level of motivation when working with patients
- COMCARE invested in a new electronic health record requiring significant effort to design work flows and prepare all employees for this significant transition
- COMCARE gained two additional district partners in the school mental health program aimed at increasing social and emotional skills with youth

# Accomplishments and Strategic Results

## Accomplishments

A Behavioral Health Community Needs Assessment funded by a grant acquired by Ascension Via Christi highlighted the importance of right-sizing the Community Crisis Center (CCC) as well as adequate funding for recruitment and retention of behavioral health specialists to meet an increase in access and demand for services.

A post-implementation study done by Wichita State University Public Policy and Management Center demonstrated that the CCC continues to show significant savings to the State and community.

Through legislative efforts, COMCARE received continued contract dollar support from the Kansas Department of Aging and Disability Services (KDADS) to sustain services provided by the Community Crisis Center and Outpatient Service programs.

## Strategic Results

COMCARE will provide at least three presentations a month in the community on mental illness.

- Between January 1, 2019 through December 31, 2019, COMCARE delivered over 65 presentations to more than 3,600 participants.

COMCARE will see growth in the number of new youth serviced.

- Between January 1, 2019 and December 31, 2019, COMCARE served more than 300 new youth in services.

COMCARE will be responsive to law enforcement requests for assistance and/or screening of persons brought in by law enforcement.

- Between January 1, 2019 and December 31, 2019, COMCARE provided assistance and screening to close to 1,300 referrals from the detention center and law enforcement and participated in 228 Integrated Care Team 1 (ICT-1) calls with greater than 50.0 percent treated in place. ICT-1 is a partnership created with law enforcement and fire departments to address the needs of vulnerable populations and efficiently align appropriate resources.

## Significant Budget Adjustments

Significant adjustments to COMCARE's 2021 budget include a \$959,550 decrease in expenditures and intergovernmental revenue due to one-time Coronavirus Aid, Relief, and Economic Security (CARES) Act funding, an \$818,114 increase in personnel due to increased funding for part-time positions, a \$694,197 decrease in contractuals to bring in-line with actuals, a \$295,835 increase in charges for services due to an anticipated increase from OneCare Kansas, a \$250,000 increase in intergovernmental revenue due to an anticipated increase in the award amount, and a \$175,250 decrease in contractuals due to the implementation of electronic medical records.

## Overview

COMCARE's Administration and Operations program delivers business services for the entire COMCARE organization, allowing other programs to focus on their core business functions and customer populations. Included in these services are nine groups of activities to support other operations within COMCARE. They include Administration, Finance, Marketing, Human Resources, Information Technology, Quality Improvement, Contract Administration, Compliance, and Facility Management.

COMCARE continues to centralize several processes to provide quality support to employees, and customers and staff have broadened the scope of their roles in department consolidation activities. One of the outcomes the Program is striving for is continued improvements in staff meeting annual performance expectations.

## Strategic Goals:

- *Focus on the triple aim of access, cost, and outcomes*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance professional pride through effective recruitment and retention strategies*
- *Focus on developing metrics and messages on the value of services*

## Highlights

- Medical record staff processed 7,739 record requests from external entities in 2019 with an average turnaround time of two days
- COMCARE billing staff processed 200,684 electronic claims that totaled \$26.4 million in charges in 2019
- COMCARE Operations staff monitored 373 contracts and agreements in 2019
- Administration and Operations staff successfully led the electronic medical record replacement project

# Accomplishments and Strategic Results

## Accomplishments

Recruitment of new employees and retention of current employees is critical to organizational viability. With the primary funding source for the Program being fee-for-service revenues, accurate and timely billing for third-party payers is essential. Robust orientation, training, risk management, and compliance programs are also essential components for retention efforts.

COMCARE's Administration and Operations staff are deeply committed to organizational sustainability efforts. Information technology plays a key role in environmental protection by making it possible for field-based employees to work from any number of County locations, which reduces travel and associated costs.

## Strategic Results

Administration and Operations continued to focus on safety measures in 2019 and saw the following results:

- a safety committee comprised of staff across the organization met monthly to discuss safety concerns and make recommendations for enhancements;
- additional video cameras and door controls were added to several programs; and
- operations staff met monthly with the security vendor to enhance communication.

Administration and Operations continue to seek funding for the Community Crisis Center (CCC).

## Significant Budget Adjustments

Significant adjustments to the COMCARE - Administration and Operations 2021 budget include a \$959,550 decrease in expenditures and intergovernmental revenue due to one-time Coronavirus Aid, Relief, and Economic Security (CARES) funding, a \$295,835 increase in charges for service revenue due to an anticipated increase from OneCare Kansas, and a \$175,250 decrease in contractuals due to the implementation of electronic medical records.

### • Housing First

The Task Force to End Chronic Homelessness (TECH) developed a plan to end chronic homelessness in the community. One recommendation was to adopt and implement the "Housing First" model, which cities and counties across the nation have implemented with positive results. Through Housing First, chronically homeless individuals are offered immediate access to a permanent residence (typically a studio or one bedroom apartment). Rent and utilities are paid on behalf of the tenant as they receive access to wrap-around services and receive visits from case managers a minimum of once per week. As the individual secures income (via employment, disability insurance, or other), they are asked to pay up to 30.0 percent of monthly income for rent/utilities.

### • COMCARE KDADS CARES

The Kansas Department for Aging and Disability Services (KDADS) CARES fund makes available funding from federal funds that were established by the CARES Act. The funds must be utilized on eligible expenses that are necessary due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19) that were not previously budgeted for and were incurred during the period of March 1, 2020 through December 30, 2020. COMCARE utilized these funds mainly to improve facilities, enhance abilities to provide more services via telehealth, and offering various assistance to patients.

## Overview

COMCARE's Adult Services serves Sedgwick County residents ages 18 or older who suffer from a range of mental health and addiction issues and illnesses, from less severe to chronically mental ill, including those who are homeless.

Adult Services provides comprehensive mental health services including assessments, psychiatric care, intensive case management, and individual and group therapy. Addictions treatment offers assessment and evaluation, co-occurring mental health and substance use treatment, primary addiction treatment, problem gambling assessment and treatment, and alcohol and drug education programs. Other specialized mental health and addictions treatment services are available such as Drug Court and assertive outreach to homeless individuals.

## Strategic Goals:

- Focus on the triple aims of access, cost, and outcomes
- Strengthen focus on physical environment and staff safety
- Focus on developing strategies for high volume, high-risk utilizers of services
- Enhance a culture of innovation
- Focus on developing metrics and messages on the values of services
- Enhance professional pride through effective recruitment and retention strategies

## Highlights

- Provided mental health services to 1,585 adults and addiction services to 1,342 adults in 2019
- Provided outreach to 533 individuals, 318 of which were new contacts
- In 2019, COMCARE Intake & Assessment Center completed 2,363 initial intake assessments to enroll patients in COMCARE services

# Accomplishments and Strategic Results

## Accomplishments

Center City served as an anchor to community volunteers for the annual Point in Time count. Center City obtained housing funds through the Kansas Department of Aging and Disability Services (KDADS) in order to assist with housing needs. Outreach staff were trained in Supplemental Security Income (SSI)/Social Security Disability Insurance (SSDI), Outreach, Access, and Recovery (SOAR), which helps clients access disability benefits and medical care coverage. COMCARE Outpatient Services added evening therapy hours four days per week. Community Support Services (CSS) staff helped patients seeking competitive employment achieve this goal at a rate exceeding that of the national average.

Additional COMCARE staff were extensively trained in working with those experiencing a mental health condition with a co-occurring intellectual disability. This allows them to train other staff and community partners.

## Strategic Results

COMCARE Adult Services ties priorities to the Department's strategic goals. These strategic goals include becoming more efficient and effective; streamlining assessment processes so that individuals can begin services on the same day they call for services; and combining leadership of programs to better ensure consistency among programs. Additionally, focus is placed on developing a plan to integrate behavioral health services with those of primary care to treat patients in a more holistic manner.

Adult Services will actively recruit a diverse workforce and ensure that feedback between staff at all levels is done in a respectful manner. Additionally, managers and supervisors will continue to model accountability for behavior, actions, and outcomes.

CSS has expanded group options for those individuals who are uninsured or under-insured. These groups assist patients with helping them access benefits when eligible or resolving more immediate treatment needs.

## Significant Budget Adjustments

Significant adjustments to the COMCARE - Adult Services 2021 budget include a \$561,541 increase in intergovernmental revenue due to a reallocation of grant funds, a \$394,197 decrease in contractuals to bring in-line with actuals, and a \$9,223 decrease in personnel due to the reassignment of 0.5 full-time equivalent (FTE).

### • Sedgwick County Drug Court Program

The Sedgwick County Drug Court Program is a collaboration between COMCARE, the Department of Corrections, the 18th Judicial District Court, and the Office of the District Attorney. In this program, non-violent, felony offenders who are identified as having a drug dependency problem are offered the opportunity to voluntarily participate in 18 months of probation with intensive drug and alcohol treatment, and community supervision. The program began accepting referrals on November 10, 2008.

### • Special Alcohol & Drug Program

In 1979, the Kansas Legislature established a 10.0 percent gross receipts tax on the sale of alcoholic liquor in private clubs. The legislation required a portion of the revenue be credited to each county's Special Alcohol and Drug Programs Fund "for the purchase, establishment, maintenance, or expansion of services or programs of alcoholism and drug abuse prevention and education, alcohol and drug detoxification, intervention in alcohol and drug abuse, or treatment of persons who are alcoholics or drug abusers."

### • Substance Abuse Counseling

This program is designed for adults, ages 18 and older. There are more men enrolled in services, but there are a growing number of women seeking or being referred to services. Individuals are referred to treatment by either COMCARE's Intake and Assessment Center or from other assessment or referral agencies. The average length of stay in Primary Treatment is based upon the individual's needs and progress. The treatment process focuses on providing individuals with the skills necessary to remain abstinent from alcohol and drugs or move toward risk reduction by decreasing usage patterns. Group therapy, motivational techniques, cognitive-behavioral strategies, and relapse prevention are included in this process.

### • City of Wichita Drug Court

The City of Wichita Drug Court Program is a drug diversion/deferred judgment program where the treatment provider is an important part of the team that includes the judge, prosecutor, and the offender. The offender appears before the Municipal Court judge and is then ordered into the drug treatment program at COMCARE. The Addiction Treatment Services staff assesses the offender's needs and determines the intensity of treatment. Treatment is monitored through group attendance and court-ordered urine drug screens.

### • Center City Case Management

Each January Center City and Impact ICT – CoC (formerly Wichita-Sedgwick County Continuum of Care) conduct a one-day point-in-time survey to count the number of people experiencing homelessness. The count is used for local planning and HUD grant applications. The survey is of persons who were homeless during one 24-hour overnight period on January 30, 2019. In Wichita-Sedgwick County, 593 literally homeless persons (those living in emergency shelter, transitional housing, safe haven, or in places not meant for human habitation such as in cars or on the streets) were identified. While this number only provides a snapshot of persons encountered during the one-day count, these findings constitute a valuable planning tool to improve the response to homelessness in the Wichita-Sedgwick County area. The count is conducted annually.

### • Community Support Services Case Management

Case management services are provided to individuals experiencing a severe and persistent mental illness to help them obtain and learn to use community resources in the areas of housing, medical services, financial support, social interaction, education, and employment. Examples of assistance include support in managing disruptive effects of their mental illness, access to other treatment services, how to re-enter school, how to obtain financial benefits or food stamps or use community resources such as the food bank. In addition, a specialized discharge team works directly with Osawatomie State Hospital to return capable consumers to their community. Upon discharge, case managers then assist the consumer with local treatment and housing options, life skills, and community integration. Approximately half of the case management services are provided by County staff with the other half provided by other business partners.

### • Community Support Services Community Integration

Community Integration improves the individual's ability to function successfully in the community by offering services in a natural community setting in which consumers practice social and practical skills that will assist in their community reintegration. Community Integration is structured to help consumers gain more knowledge of the community, practice more difficult daily living skills, expand pre-vocational and educational experiences, and participate in non-mental health settings.

## Overview

COMCARE Community Crisis Center (CCC) provides mental health emergency services 24/7 to all residents of Sedgwick County. Additionally, the CCC provides after-hours coverage to residents of Butler County and Sumner Counties. Crisis Intervention Services (CIS) provides face-to-face and televideo crisis intervention services, including services by a mobile crisis unit. Services include assessment, hospital screening, brief therapy, case management, and attendant care. At CCC, priority is given to assessment and intervention with those who are at risk of suicide. The Sedgwick County Offender Assessment Program (SCOAP) is designed to better address the needs of individuals whose mental illness is at the core of their arresting behaviors. Most of the crimes involved are misdemeanor offenses. Services provided include assessment and case management.

## Strategic Goals:

- Focus on the triple aim of access, outcomes, and cost
- Strengthen focus on physical environment and staff safety
- Focus on developing strategies for high volume, high-risk utilizers of services
- Enhance a culture of innovation
- Focus on developing metrics and messages on the value of services
- Enhance professional pride through effective recruitment and retention strategies

## Highlights

- During 2019, the CCC participated with the City of Wichita in a pilot program called ICT-1. ICT-1 consists of a COMCARE Crisis Clinician, a paramedic, and a law enforcement officer. They are serving individuals in the community that are experiencing mental health crises and serving in place rather than transporting them
- In 2019, the CCC served 272 Kansas Department of Corrections (KDOC) parolees that have been identified as Severely and Persistently Mentally Ill (SPMI). Of those served with intensive case management services, only seven have re-offended and returned to prison on a new charge

# Accomplishments and Strategic Results

## Accomplishments

The CCC has expanded diversion resources and services to include a six-bed Crisis Observation Unit, a 12-bed Sobering Unit, and a 15-bed Detox Unit operated by the Substance Abuse Center of Kansas (SACK), and continues to partner with the Wichita Children's Home to staff a two-bed children's crisis bed. These services had a combined total of 3,313 admissions in 2019.

Supportive housing continues to be a need within the community and Morris Place has met that need for 41 unduplicated consumers in the second year of operation. There were a total of 48 admissions during 2019 for a total of 1,347 bed days, with an average length of stay of 27 days.

## Strategic Results

The CCC has an overall goal of providing 24-hour crisis intervention services aimed at reducing suicide, alleviating the pressure on local emergency rooms, and reducing unnecessary arrests for those experiencing a mental health crisis. Specifically, in 2021 the CCC continues to strive to meet the goal of improving Mobile Crisis Unit (MCU) responsiveness.

In 2019, the BOCC agreed to fund five additional MCU related positions, in an effort to improve community services. These positions will provide community based crisis mental health services by a licensed clinician and a crisis case manager. Those services will be available seven days a week from 10:00 a.m. through 8:00 p.m. The service will focus on those unable to get to a facility where they can be assessed.

## Significant Budget Adjustments

Significant adjustments to COMCARE - Community Crisis Center's 2021 budget include an \$818,114 increase in personnel due to increased funding for part-time positions as well as a \$561,541 decrease in intergovernmental revenue due to a reallocation of grant funds.

### • Sedgwick County Offender Assessment Program

The Sedgwick County Offender Assessment Program is designed to better address the needs of non-violent individuals whose mental illness is at the core of the arresting behavior. In some circumstances, these individuals can be redirected away from incarceration and into community-based mental health treatment.

### • Community Crisis Center

The Community Crisis Center (CCC) collaboration offers a continuum of expanded crisis mental health and addiction treatment services housed at a single facility. The community vision is to create a center and system of integrated services that holistically address the unmet needs and conditions of individuals experiencing a behavioral health crisis. The CCC provides early detection, assessment, intervention, and referral services. This center is available for law enforcement, family members, and patients to access 24/7 in an effort to provide the support they need to prevent their mental health and substance use disorder crisis from escalating. The need for this type of center arose from a growing number of law enforcement officers being trained in the Crisis Intervention Team (CIT) model. National Alliance for Mental Illness (NAMI) volunteers are present 16 hours per month to provide support to families in crisis and offer additional resources.

### • Crisis Therapy

Crisis Therapy provides face-to-face and televideo short-term therapy, which may include psychiatric mental health counseling, treatment planning, pharmaceutical drug intervention when required, or referral to another community resource. Crisis Therapy also provides evaluation services for patients referred for or pursuing admission to services at the CCC facility, other COMCARE programs, or other community service providers. In addition, pre-admission assessments on all individuals from Sedgwick County who are being referred for admission to Osawatomie State Hospital are also completed by the clinicians in this program.

### • Suicide Prevention

In 2018, 103 Sedgwick County community members ended their life by suicide. Suicide is the 10th leading cause of death. The Suicide Prevention Coalition (SPC) is comprised of concerned community members and service providers representing numerous community and advocacy groups to address the issue of suicide. The coalition works to both increase awareness of suicidal symptoms and to address the underlying mental and social causes of suicide. In 2018, the SPC created a research partnership with the Sedgwick County Regional Forensic Science Center to explore each death by suicide in an effort to identify local predictors of self-directed violence.

### • COMCARE Intake and Assessment Center

COMCARE's Intake and Assessment Center (CIAC) is primarily responsible for completing initial adult intake assessments and determining the appropriate services necessary. CIAC provides walk-in intake services Monday-Friday 8am-3:30pm. Community members are able to walk in and be seen on the same day. During that initial assessment, the CIAC staff person can provide information about the services offered with COMCARE as well as other community resources. The focus of the initial appointment is to match the need with the services desired and identify goals for treatment. In 2019, CIAC clinicians completed 2,363 adult intakes.

## Overview

Children's Services is a program dedicated to helping children with Serious Emotional Disturbance (SED) live at home and remain involved in the community. Children who meet the criteria for SED can be referred by a family member, physician, therapist, psychologist, teacher, or any other concerned person. Medicaid and some health insurances are also accepted.

The Department has partnerships with local juvenile justice, child welfare, and local schools. These partnerships allow for collaborations aimed at improving outcomes for these populations. Children's Services are also involved in detention reduction initiatives focused on connecting youth to needed treatment instead of incarceration.

## Strategic Goals:

- Focus on the triple aim of access, cost, and outcomes
- Strengthen focus on physical environment and staff safety
- Focus on developing strategies for high volume, high-risk utilizers of services
- Enhance a culture of innovation
- Enhance professional pride through effective recruitment and retention strategies

## Highlights

- Children's Services implemented same day intakes allowing faster access to therapy and community based services
- The Kansas Opportunity Support Project (KOSP) pilot expanded in the 2019-2020 school year to include two more USD 259 schools, USD 262 Valley Center and USD 266 Maize School District

# Accomplishments and Strategic Results

## Accomplishments

COMCARE's Children's Services implemented an internal mentorship program where experienced case managers are paired with new case managers. This has assisted in sharing knowledge and skill sets to enhance services provided to children and families, as well as helping with staff retention and satisfaction.

The enhanced partnership with Wichita Public Schools has continued with two additional schools being included in the program. In addition, Maize and Valley Center School Districts were added to the school mental health program.

COMCARE Children's Services embraced opportunities to share about services by conducting a family panel at a Wichita live case management training event, as well as by having representation at Mental Health Advocacy Day in Topeka. Outreach and community education are important roles of the children's program.

## Strategic Results

Children's Services has an overall goal of reaching more children and youth in Sedgwick County that have SED. Through outreach and assessment initiatives, more who are in need of these specialized services are being identified. Treatment services and interventions can have a significant impact on helping young community members handle emotional and mental health issues in ways to promote well-being and future success. Children's Services work with community partners, including law enforcement and schools, to educate on the best ways to assist these youth.

Children's Services served 3,360 in 2019. The goal is to work through outreach and community education to offer services to youth and families needing these services.

## Significant Budget Adjustments

Significant adjustments to COMCARE - Children's Services' 2021 budget include a \$300,000 decrease in contractuals to bring in-line with actuals, a \$250,000 increase in intergovernmental revenue due to an anticipated increase in grant awards, and a \$9,223 increase in personnel due to the reassignment of 0.5 full-time equivalent (FTE).

### • Children's Services Case Management

Case management services gives children and families the added support needed for successful daily management of symptoms related to the child's mental illness. Case Managers assist children in gaining communication, daily problem-solving, and coping skills. They also support guardians in gaining knowledge related to their child's diagnosis and gaining tools for parenting their child's special needs. Case Managers also help families discover community supports and resources to help them with on-going support.

### • Medication Outreach

The Adult Medication Outreach Program (CMO) is a service provided by the Adult Medical Clinic nursing staff for patients who are at high risk for psychiatric hospitalization or de-compensation due to medication non-compliance or inability to adequately self-administer their medication. Services include medication outreach (home delivery) aimed to develop skills to increase the patient's ability to administer their own medications in the future. In addition, medication planners completed by nursing staff are available for patient pick up at the Adult Medical Clinic. Delivery of medications is set on a schedule that ranges from daily to monthly depending upon patient need and acuity. The overarching goal of this service is to reduce destabilization of psychiatric symptoms, including suicide attempts and hospitalizations.

### • Inpatient Medical

This program represents the inpatient component of the system of care COMCARE utilizes to provide appropriate psychiatric services for COMCARE patients who are hospitalized at Via Christi Behavioral Health. A local hospital alternative to the State Hospitals at Osawatomic and Larned is important in addressing hospital bed shortages, reducing transportation costs, and is less disruptive to the lives of consumers and their families. COMCARE bills Medicaid and other third party payers for services provided.
