	Midway Motors of Hutchinson		Orr Nissan of Wichita, Inc.
	Stuteville CBG of Ponca City LLC		Summit Truck Group

On the recommendation of Britt Rosencutter, on behalf of Fleet Management and Public Works, Tim Myers moved to **accept the low bid meeting specifications from Don Hattan Chevrolet in the amount of \$105,990.00**. Anna Meyerhoff seconded the motion. The motion passed unanimously.

These trucks are driven by the yard foremen to take employees to public work job sites around the county. They also will be used to tow the "road closed" trailer to job sites, as well as used to put up road signs around the county.

Notes:

Rusty Eck Ford had the overall low bid but did not meet specifications on the automatic transmission with overdrive and tow/haul mode.

Vehicles being replaced:

0502 - 2009 Ford F350	Vin# - 1FTWF30589EA29154	Points - 17.8	Mileage - 107,305
0591 - 2012 Chevrolet CK10903	Vin# - 1GCRKPE09CZ171106	Points - 16.1	Mileage - 243,360
0569 - 2012 Dodge 2500HD	Vin# - 3C6TD5HT6CG148030	Points - 19.3	Mileage - 139,869

These are replacement vehicles. Surplus vehicles will be sold on Purple Wave Auction.

Questions and Answers

Russell Leeds: Can you speak as to the specification? Was this a Request for Bid?

Britt Rosencutter: It was a Request for Bid.

Russell Leeds: The specifications on the Request for Bid did call for the tow/haul mode feature on the transmission?

Britt Rosencutter: That is correct.

Russell Leeds: Does Ford make a vehicle with that feature that we are aware of?

Penny Poland: Yes. Ford could have bid a different truck and the specifications and they did not.

Russell Leeds: So Ford has the tow/haul mode feature in their transmission but on a larger vehicle bigger than a 250?

Penny Poland: Yes sir, that is correct.

Russell Leeds: On this item, we spec'd the tow/haul feature because of the frequency in which they are towing that trailer? Is this a safety feature or is this a feature that extends the life of the truck on the transmission?

Penny Poland: Yes. We wanted that type of truck that could pull that trailer without putting too much effort on the engine and transmission.
