

HELP US Vaccinate Older Residents

Do you care for an older resident,
either a patient or family member?

Help schedule a COVID-19 vaccine for them. You can schedule a vaccination appointment online at sedgwickcounty.org/covid-19/vaccine/schedule

Can't get online? Call us at [\(316\) 660-1029](tel:3166601029) to schedule an appointment over the phone. Spanish speakers available.

Vaccination is easy with our
drive-through COVID-19 Vaccine Clinic.

Accompany the older resident to the vaccine appointment.

Bring their birth certificate, passport, or ID with their date of birth and if you made the appointment online, the registration voucher.

At the appointment, **there is no need to exit the vehicle.**

Be prepared to wait in your vehicle **15 to 30 minutes** after the vaccine is given for observation.
