The recommendation of Purchasing, Fleet Management and Lake Afton is to **accept the low bid from Davis-Moore Automotive, Inc. the amount of \$38,679.00.**

This bid was previously approved by the Manager on 1/26/2021 with Rusty Eck Ford, Inc. being awarded as low bid meeting specifications. Rusty Eck Ford, Inc. is now unable to supply this vehicle.

This truck is used for Park Maintenance, hauling equipment to and from NE Sedgwick County Park. This is the only vehicle we have for moving equipment from park to park. The tommy lift will be used to lift/load 55 gallon trash cans to a larger dumpster. It will also be used to load the floor cleaning machine from building to building. This will prevent future back injuries to employees.

Davis-Moore Automotive, Inc. had the lowest bid but did not meet the specifications on the interior color and the bed length.

**Notes:**

**Vehicle being replaced:**

3551 - 2008 Chevrolet Colorado VIN# 1FTWF30589EA29154 Points – 16 Mileage - 94,600

This is a replacement vehicle. Surplus vehicle will be sold on Purple Wave Auction.
