Make a Plan for your COVID-19 Vaccine

Follow these recommended steps when it is time to get your COVID-19 vaccine.

Step 1: Register to receive your vaccine

- Go online at www.sedgwickcounty.org/covid-19/vaccine/schedule/ to schedule your appointment, or call (316) 660-1029 for assistance
- An individual's representative may assist to schedule appointments
- Choose your appointment time and make sure you plan for at least a 45-minute appointment

Step 2: Gather your documents

- You will need to bring an ID, passport, birth certificate, or other proof of age identification to your appointment
- If you qualify for vaccination based on your job, bring proof of employment, such as an ID badge or paystub.
- Complete and print the online questionnaire included in the confirmation email, and bring it with you
- If you are unable to print or fill out the online questionnaire, you may do so at the vaccination clinic
- Bring your Immunization Record Card for second dose appointments

Step 3: Prepare for your appointment

- Arrange for transportation or support from others if you need assistance going to your appointment
- If you have questions about how the vaccine may interact with your medical condition and medications you take, contact your primary care physician before your vaccination appointment

Step 4: Go to your vaccine appointment

- Arrive no earlier than 15-minutes prior to your appointment
- Look for the parking attendants if you are unsure of where to park at the vaccination clinic
- Please have the documents listed in Step 2 ready to share with staff at check-in
- Remember to wear a mask and keep six feet of space between you and others at the clinic

Step 5: After your vaccination

- Keep your immunization record in a safe place for your records
- Document any side effects from your vaccine using the V-safe After Vaccine Health Checker at <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/safety/vsafe.html>
- Continue to follow Local Health Orders, including wearing a masks, washing your hands and keeping your distance
