Slip-In Pump & Tank Units	2 Ea.	\$32,164.00	\$64,328.00	\$24,995.00	\$49,990.00
No Bid		Bound Tree Medical, LLC	Life Line Emergency Vehicles	Semo Tank & Baker Equipment Company	

The recommendation of Purchasing and Sedgwick County Fire District 1 (SCFD) is to **accept the low responsive bid from Invena Corporation dba Emergency Fire Equipment in the amount of \$45,880.00.**

The Slip-In Pump & Tank Units are used in the rear bed of the Fire Squad trucks for the first response to grass and trash fires. These items are replaced when we replace the vehicle in which they are used.

Notes:

Ed M. Feld Equipment Co., Inc. dba Feld Fire did not meet the following specifications:

Pg. 11, item II.6 Ball Valve Control is not in pump panel

Pg. 11, item II.7 Ball Valve Control is not in pump panel

Pg. 11, item II.8 Ball Valve Control is not in pump panel

SCFD has utilized Feld Fire Slip-In Pump & Tank Units in the past. Unfortunately, due to vendor design and workmanship on units previously received required greater costs and labor by county staff to keep the apparatus in service versus other Slip-In Pump & Tank Units received from other vendor manufacturers.
