

ICC Testing

The International Code Council's Contractor/Trades examination program is an independent testing program designed to provide licensing agencies with information regarding qualified contractors and trades professionals. Participating in the Code Council examination program does not guarantee that a licensing agency will award you a license. However, the Code Council examination program serves as an independent appraisal of your competency in the construction field, and your test results may be used by licensing agencies to satisfy the requirements for testing.

Examination information, including registration/scheduling requirements, dates, locations, fees, and references, are subject to change. Approved General Contracting exams are below.

550 Kansas Standard General Building Contractor (A) – Class A License

551 Kansas Standard Building Contractor (B) – Class B License

552 Kansas Standard Residential Building Contractor (C) – Class C License

553 Kansas Standard Roofing/Subcontractor – Roofing License
