On behalf of Project Services, Tim Myers moved to **accept the low bid from Snodgrass & Sons Construction Co., Inc. in the amount of \$623,450.00.** Linda Kizzire seconded the motion. The motion passed unanimously.

In order to safely facilitate the repairs to the Tropics Exhibit Roof, the majority of the animal residents must be relocated to alternative housing. Currently the Sedgwick County Zoo has no additional alternative space that meets the husbandry needs of the residents of the Tropics. This proposed building will enable the Zoo to adequately house and care for the Tropics' residents during the roof replacement and provide a usable space for future need for alternative housing for multiple zoo species.

Questions and Answers

Linda Kizzire: What kind of animals are housed in the Tropics?

Scott Newland: Currently in the Tropics, the majority of our residents are primarily birds and we have a small bat colony. We also have a large resident population of tropical fish. The fish we have housing for but the birds and the bats we do not have another adequate facility. Which is why we have asked for this building.

BOARD OF BIDS AND CONTRACTS JULY 29, 2021

2. WEED CHEMICALS -- NOXIOUS WEEDS

FUNDING -- NOXIOUS WEEDS

(Request sent to 28 vendors)

RFB #21-0043 Contract

On behalf of Noxious Weeds, Anna Meyerhoff moved to **accept the low bid for items two (2) - five (5) from Van Diest Supply Company for a contract period of one (1) year at the costs listed above.** Linda Kizzire seconded the motion. The motion passed unanimously.

Chemicals (herbicides) are purchased for use by the department and sold to the public at a cost share price (-25% our cost) per KSA 2.1322(b) to control noxious weeds on county, state, and private properties.

Notes:

The 2020 spend was \$74,251.08.

Item 1 - Bid price was withdrawn due to global supply chain issues (base chemical extraction, transportation, and logistics).
