

Sedgwick County Health Department **AMBASSADOR PROGRAM**

WHAT IS AN AMBASSADOR?

Ambassadors are volunteers with a passion to engage their community about COVID-19. As a Sedgwick County Health Department (SCHD) Ambassador, you build vaccine confidence and knowledge, and correct misinformation and widespread myths in your community

Ambassadors will interact in neighborhoods, community centers, and religious institutions where you live, work, and play.

HOW DO I SIGN UP?

Email SCHDAmbassador@sedgwick.gov.

Thank you for helping end the COVID-19 pandemic by providing factual vaccine information, the knowledge needed to become vaccinated, and encouragement to others.

Our best path out of the COVID-19 pandemic is through COVID-19 vaccination and testing.

SEE BACK OF CARD FOR INFORMATION ON BENEFITS.

WHAT ARE THE BENEFITS OF THE SCHD AMBASSADOR PROGRAM?

- Relevant training that includes:
 - COVID-19 vaccine and testing information
 - Myths and facts
 - Conflict resolution skills
 - Practice conversations
- Hear how other Ambassadors are encouraging their friends, families, and community members
- Volunteer hours
- Public speaking experience
- Great resume builder for future jobs
- Become a trusted source in your community
- Padfolio with Sedgwick County seal, and an official Ambassador T-shirt!
