Subject:

Vehicle condition misrepresentation

Comment:

We purchased a vehicle from Mile Steven Volkswagon on 5/21/21, at less than 82,000 miles on the vehicle. On 11/15/21 we had total engine failure with no warning. Neither Mike Steven Volkswagon or Midwest Kia are willing to negotiate any coverage of this repair. This is complete negligence on the part of both dealerships. We, as consumers, need protection from predatory practices from car dealerships. Given that a vehicle is one of the most expensive assets most people will own in their lifetime. How can we seek recourse and help on this matter?

Subject:

Reform of Nuisance Code in regards to Proximity to Residential Area

Comment:

I am asking we reform the noise nuisance codes for an unincorporated zone in reference to Club Rodeo's "proximity" to a residential area, that will reference the decibel level they play their music, inside and out, in regards to how it affects the residential area surrounding them. The Sedgwick County Officers have been very helpful and responding as best they can, but Club Rodeo realizes the Officers can ask them to turn the music down but they don't have to! The Sedgwick County Sheriff's Department was instructed to start a "case" against Club Rodeo, but unfortunately this does not provide relief for the residents. What can Englewood Mobile Home Park and Sunview Improvement District residents do to help Sedgwick County make a change?
