**Comment:**

Commissioners, since 2019 you have chosen to blatantly ignore a growing problem within Sedgwick County EMS. Your paramedics came to you asking for help, you did all but spit in their faces. Now your citizens are paying the price. It is time to take action. Paid administration leave is not enough. Fire Gallagher and Stoltz and proceed with a competitive process to replace them with competent leaders. The leadership failures being faced today are directly the result of negligence on your parts. Dennis and Meitzner, you should be ashamed to call yourselves County Commissioners. You are failing the citizens who voted you in.

EMS Situation

**Comment:**

I am very concerned that someone with no integrity is running the county EMS. Gallagher makes unethical calls, puts the paramedics under him in compromising positions and lets them take the blame for it. Its time you listen to the residents of SG CO, who voted for you, and take action. Fire Gallagher. When its your loved one dying, you make sure and look into their eyes and tell them exactly why there is no ambulance there. You tell them that your inaction could have saved their lives. You have the evidence, you've heard from the people. Act.
