

## Businesses and Organizations: Employee Vaccination Options

### *What are the options?*

The Sedgwick County Health Department (SCHD) can plan a clinic with you or partner you with another Vaccine Provider.

- **[SCHD Mobile Clinic](#)**  
Clinic for your employees only or open to the public on a walk-in basis.
- **[SCHD Direct Deployment](#)**  
Employer identifies a specific number of doses needed, and SCHD administers those doses to the identified employees.
- **[SCHD Community Vaccine Clinic at 223 S. Main, Wichita](#)**  
Employees go to the clinic to receive vaccine during operating hours.  
[www.sedgwickcounty.org/covid-19/vaccine/clinic-locations/](http://www.sedgwickcounty.org/covid-19/vaccine/clinic-locations/)

For the clinics listed above, staffing and no-cost Comirnaty/Pfizer and Johnson & Johnson vaccine are provided during an identified period of time. Marketing and communications resources are provided.

### ***How do I get started?***

Complete this online form:

[www.sedgwickcounty.org/covid-19/vaccine/request-an-on-site-vaccine-clinic/](http://www.sedgwickcounty.org/covid-19/vaccine/request-an-on-site-vaccine-clinic/)

OR

Email: [meddistribution@sedgwick.gov](mailto:meddistribution@sedgwick.gov).

Staff will discuss all employee vaccination options with you and define next steps. If a SCHD mobile clinic is an option, a site visit will help determine if the location meets space and other requirements.

### ***Not interested in providing vaccine to your employees at this time?***

We understand. SCHD can provide educational materials and can provide staff for a Zoom or in-person vaccine discussion.

---

### **Vaccinations are an important component of a healthy, productive workforce.**

Employers can help ensure no-cost, convenient access to the COVID-19 vaccine.
