## Overview

At Sedgwick County, the Division of Human Resources (HR) continuously works to attract, retain, and engage employees by providing a competitive total compensation package and talent based programs. HR focuses on assisting departments to engage employees and resolve employment matters. HR strives to collaborate with departments to improve processes, incorporate relevant policy provisions, and educate employees for professional growth and development.

## Strategic Goals:

- Provide a competitive employment environment to attract and retain a diverse and high-performance workforce
- Create opportunities for talent development to enhance employee engagement and contributions to Sedgwick County's mission

## Highlights

- Administered The Families First Coronavirus Response Act (FFCRA) leave to over 1,000 employees
- Established procedures to guide supervisors and employees through the complex personnel issues created by the coronavirus disease (COVID-19)
- Partnered with the Division of Information & Technology to implement a new Human Resource Information System (HRIS), Success Factors, encompassing all areas of employment, benefits, and employee and position management

# Accomplishments and Strategic Results

## Accomplishments

During 2020, HR quickly adapted to support the organization as it addressed COVID-19. This included establishing infrastructure and processes to administer the FFCRA, Emergency Paid Sick Leave, and Expanded Family Medical Leave programs. HR also advised Management on how to implement remote work and establish a County-wide telework policy. In addition, HR implemented employee furloughs during the pandemic.

Sedgwick County was selected as one of three employers to participate in the first KansasWorks Statewide Virtual Career Fair in May of 2020. HR has since participated in ten of these virtual fairs and have had approximately 550 job seekers visit the booth. The virtual fair has been utilized to highlight and talk with potential applicants about in-demand positions all over the County, including COVID-19 support, Public Safety, and Maintenance positions to name a few. The fair also allowed HR to partner with departments such as COMCARE and Emergency Medical Services (EMS) to host a few of these events while putting a focus on recruitment efforts for their programs.

## Strategic Results

HR strives to create an environment where employees can reach their professional goals through growth and development. In addition to fostering a professional environment, HR strives to maintain a quality workforce through excellent compensation and benefits.

HR began the conversion of face-to-face training to an online delivery format, which included minimal equipment purchases, allowing the HR Training Room to serve as a host facility for online training and presentations.

HR converted the Professional Development Supervisor Training Series (PDSTS) program to an online format and licensed PowerPoint 365 and trained presenters to develop presentations for online delivery.

HR expanded access to the Kansas Leadership Center (KLC) for County departments that have not previously participated. This has been made somewhat easier as all KLC programs are being delivered virtually through 2021.

## Significant Budget Adjustments

Significant adjustments to Human Resources' 2022 budget include an increase in contractuels due to an anticipated increase in health insurance premiums (\$2,116,699), an increase in all other revenue to bring in-line with anticipated revenue (\$993,173), an increase in contractuels for the Cordico Wellness Application (\$60,000), and the addition of 1.0 full-time equivalent (FTE) HR Assistant position (\$57,407).

**• Employee Development**

The Employee Development program provides training and development for supervisory staff, new and existing employees, and leadership. The Employee Development program collaborated with other departments and the Division of Information & Technology to continue providing training and development for supervisory staff, new and existing employees, and leadership as the County transitioned to a remote work environment. Although moving to a more virtual environment was planned in the future, transitioning as a result of the pandemic has improved service delivery to employees working non-traditional shifts and schedules, and significantly reduced time lost traveling to and from physical training facilities.

**• Medical Insurance**

The County provides health insurance through a self-funded, Administrative Services Only (ASO) model. A self-funded health insurance plan gives the County better cash flow, greater flexibility over the plan's design and coverage, and reduced administrative costs. Self-funding potentially saves the County money as any savings remains with the plan to help pay future costs. This program is paid for by a contribution from the County and contributions from actual employees, retirees, and Consolidated Omnibus Budget Reconciliation Act (COBRA) participants. Revenue is determined by the number of participants enrolled and the type of benefit each participant selects based on projected claims costs. Employees have the ability to choose a benefit plan that meets their needs and flexibility.

**• Prescription Benefit**

The prescription benefit is provided in combination with the medical benefit for County employees. The County is using a self-funded, ASO model. A self-funded health insurance plan gives the County better cash flow, greater flexibility over the plan's design and coverage, and reduced administrative costs. Self-funding potentially saves the County money as any savings remains with the plan to help pay future costs.
