ADDENDUM 2
RFB #22-0001
MAIN COURTHOUSE CHILLER REBUILD

January 28, 2022

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the bid for Main Courthouse Chiller Rebuild for Project Services.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

1. How do we get the Gantry crane upstairs?

Answer: The freight elevator can be used or one of the main elevators can be reserved for your use.

2. Is there access to and from the roof?

Answer: Yes.

3. Why are you doing this rebuild?

Answer: It is preventive maintenance based on the hours of usage.

4. Has the chiller ever been repaired/rebuilt off-site?

Answer: No.

5. Is this a factory tear down and rebuild? Meaning that ALL bidders are bidding the York recommendations for a tear down and rebuild? Or, is this a basic rebuild without factory teardown? If basic, every bidder will be bidding on their own recommendations and bids will not be apples to apples. Please clarify the Scope of Work.

Answer: The Chiller is a York Chiller and the county is only interested in using York parts and equipment, no substitutions.

Firms interested in submitting a bid, must respond with complete information and **deliver on or before 1:45 pm CST, February 1, 2022**. Late bids will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE *BID* RESPONSE PAGE.”
