ADDENDUM 1
RFB #21-0079
Fuel

February 4, 2022

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the bid for Fuel.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

1. Please provide tabulations from your most current fuel bid.

Answer: See Attachment.

2. Please provide current gas and diesel invoices.

Answer: See Attachment.

3. Please provide current gas and diesel Bills of Lading

Answer: See Attachment.

4. Approximately how many gallons of the annual volume labeled 'Diesel Fuel' at each location is #1 Diesel?

Answer: Approximately 30% of all our diesel is #1 diesel. We start ordering #1 (straight and then blended) in October and continue through April.

5. On page 5 of the Request for Bid, paragraph 4 states that "the county will pay the preceding Friday OPIS published low price..." Can you clarify if this refers to the OPIS Newsletter weekly published price or the OPIS daily price for the previous Friday?

Answer: Samples from the current vendor are attached.

6. There is not an OPIS published price for #1 Diesel for Wichita. How would the county like to be priced for #1 Diesel and #1 Dyed Diesel?

Answer: Samples from the current vendor are attached.

7. What additive is currently being used in the delivered E-10 unleaded gasoline?

Answer: Injector Mate.

8. Will winter diesel additive be required?

Answer: Yes, we currently are not charged for a winter diesel additive.

9. Are all tanks accessible by full transport truck?

Answer: The current vendor has a smaller tanker, probably 8,000 to 10,000 gallons. A full-sized semi and tanker would not fit at all of the locations.

10. Does the county ever order split loads of gasoline and diesel?

Answer: Yes, see attached example of an order form.

11. Will the county accept an electronic signature?

Answer: No. Should you elect to participate, submit one (1) original AND one (1) electronic copy (PDF/Word supplied on a flash drive) of the entire document with any supplementary materials to:

*Tammy Culley
Sedgwick County Purchasing Department 525 N. Main, Suite 823
Wichita, KS 67203*

12. Do bidders need to submit a response for all fuel items to be considered responsive?

Answer: Yes.

13. Does the county intend to award one vendor for all fuel items?

Answer: Yes.

14. Does the county ever order fuel to be split between multiple locations?

Answer: Fuel is ordered by location and tank. The main yard on Stillwell has two (2) Unleaded and two (2) Diesel tanks. Each of the other yards has one (1) of each. Fuel is ordered by location and tank. Example: 5000 gallons unleaded, tank 3, Stillwell yard.

15. What are your office hours for bid delivery via FedEx or UPS?

Answer: Office hours are 8:00am-5:00pm Monday-Friday. There will be staff available.

16. Please verify the anticipated start date for the initial one (1) year contract term.

Answer: We anticipate approximately 30 days after award of bid.

17. Are the contract extensions beyond the initial term mutually agreed upon?

Answer: The contract period is for one (1) year with four (4) one (1) year options to renew. Chosen vendor will be contacted before each contract renewal.

18. In the past, the bid has allowed price submissions for loads of less than 5000 gallons, and for loads of 5000 or more gallons. Can this be done again? Or will you require a single price to cover all load sizes?

Answer: It is up to you if you want to give a discount for larger loads.

19. Will you split the award by load sizes (+/- 5000 gallons)?

Answer: No. One (1) vendor will be awarded the entire contract.

20. Are all tanks accessible by a full sized transport truck (18 wheeler) or will any of the tanks require a smaller tank wagon delivery? If so, which tanks will require the smaller vehicle?

Answer: The current vendor uses a smaller tank, around 8,000-10,000 gallons. The Stillwell location does not have room for a full sized semi-truck and tanker.

21. Can or will deliveries be split between locations?

Answer: Yes. An example is attached of a completed order form to give you an idea of what to expect.

22. Can or will deliveries be gas and diesel split loads?

Answer: Yes.

23. What are the delivery hours? Will you accept deliveries after hours?

Answer: Deliveries need to be made between 7:30 am and 3:00 pm.

24. Will a metered bill of lading from the terminal be acceptable for the metered verification requirement?

Answer: Yes.

25. Will you accept up to 5% bio diesel in your diesel fuel?

Answer: No.

26. Which day of the week starts the weekly pricing based on the previous Friday OPIS posting? Example Sun – Sat? Mon – Sun?

Answer: The previous OPIS Friday price is good for the following Saturday-Sunday.

27. Regarding the weekly OPIS from the Wichita area. There are multiple OPIS cities in and around Wichita, including El Dorado, Hutchinson, McPherson, and Wichita. Should the pricing be tied to Wichita itself, or from the city where the fuel is pulled?

Answer: OPIS from where the fuel will be pulled.

28. Should applicable taxes/fees (Federal LUST [0.0010], Fed Oil Spill [0.00214], State Motor Fuel [0.2400 gas, 0.2600 on road diesel], State Inspection [0.0003], and State Environmental [0.0100]) be included in the mark-up, or should they be invoiced as separate line items?

Answer: Mandatory taxes should not be part of the bid because they may vary during the length of the contract.

29. Will an alternate firm fixed price be considered? If not, why?

Answer: No, not at this time.

30. If we were to insert any conditions into our alternate firm fixed bid, would they be taken into consideration or rejected? [Sample attached](#), please indicate which clauses would be acceptable and which clauses would be cause for rejection?

Answer: Item 3 is not acceptable. We have no way to calculate an exact amount of usage for a given period of time.

31. Do you want MSDS sheets submitted with the bid? Or will copies with first deliveries to the locations suffice?

Answer: MSDS sheets should be sent when the contract is signed and updated, copies sent upon any changes.

32. The Bid Conditions link listed on page 9 (<https://www.sedgwickcounty.org/media/31339/bid-terms-condition.pdf>) leads to a 'Page not Found'. Please provide this document for review (note, all other links on page 9 worked).

Answer: <https://www.sedgwickcounty.org/media/31339/bid-terms-conditions.pdf>

33. What is your current turnaround on payment of invoices?

Answer: Typically, it is 14 days but it could vary based on A/P workload.

34. Can you do better than 30 days for payment terms, i.e. Net 10 or Net 15?

Answer: See the answer above.

35. Will the bid opening be open to the public? Can the opening be attended remotely via an online meeting or conference call? If so, please provide instructions on how to attend.

Answer: Yes. The public may join in the conference call at (316)660-7271.

36. If we attend the bid opening, will we be able to review other submitted bids?

Answer: All bids will be read into the record at bid opening and a copy of the bid table will be available on the website.

37. If we do not attend the bid opening, how and when will we be notified of the low bidder and can we receive a copy of the bid tabulations?

Answer: All responding bidders will be notified of award prior to presentation to Bid Board. A copy of the bid tabulation will be posted on the website.

38. Can you provide a few invoices (~ two (2) per month per product) with any accompanying delivery tickets and Bills of Lading from the past six (6) months?

Answer: An invoice with BOL for each product is attached.

39. Your listed various delivery locations have a column for Estimated Load Size in Gallons. As example, for Andale Yard, the Estimated Load Size is listed as 1,000 gallons though the tank size is 5,000 gallons. To be more price competitive, it would be easier to deliver full loads and not smaller loads. Is it possible that instead of 1,000 gal load sizes, that we could deliver in 2,000 or 3,000 load sizes? Same question for the other sites.

Answer: The County Commission has requested that the tanks remain as full as possible at all times. When the order is placed on Monday mornings, if the tank is below 70% full on the 5,000 tanks or 80% full on the 10,000 gallon tanks 1,000 gallons are ordered. The tanks should never drop below 50%.

40. The OPIS price is an index price that requires a subscription. Does Sedgwick County subscribe to OPIS or is your proposal asking for the supplier to provide you with the data?

Answer: Yes. An example of what is received from the current vendor is attached.

41. Why do you want the Jan 25 OPIS price as a basis? It seems to me that you would only care about the adder, and making Jan 25th the basis for your decision is a moot point.

Answer: OPIS prices vary from location to location so where its pulled from may be higher or lower than another provider which will cause the total cost per gallon to be different.

42. Your last bid (I looked it up online) in 2018, had two (2) separate prices for Load sizes below 5,000 gal and for above 5,000 gal. Are we to provide the same here? Obviously this really only affects the large gasoline volume at the Stilwell address, which is the bulk of the total volume.

Answer: A quantity discount is optional.

Firms interested in submitting a bid, must respond with complete information and **send on or before Tuesday, February 15, 2022**. Late bids will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE *BID* RESPONSE PAGE.”

On the recommendation of Kristen McGovern, on behalf of Fleet Management, Ellen House moved to **accept the overall low bid from MJ Murphy, LLC at the fees listed above and establish contract pricing for one (1) year with four (4) one (1) year options to renew.** Richard Powell seconded the motion. The motion passed unanimously.

Contracted fuel price is based on the low Oil Price Information Service (OPIS) price market index from the preceding week for purchases incurred the following week plus the vendor fees. OPIS price will fluctuate on a weekly basis but the fees do not fluctuate.

Questions and Answers

Richard Powell: I have a question as to the term of the contract. We have a one (1) year with four (4) one (1) year renewals, which is a little bit different than a lot of the contracts we see sometimes where we have two (2) or three (3) year with additional single year renewals. Is there a particular reason?

Kristen McGovern: I created the terms that way so it would give the department some flexibility because there are delivery requirements with this contract. I just wanted to give them some flexibility if we ended up with a vendor who was late with deliveries or we had invoicing issues. We don't want to be stuck with something for 3 years if there were issues.

BOCC APPROVAL FEBRUARY 7, 2018
BOARD OF BIDS AND CONTRACTS FEBRUARY 1, 2018

Richard Powell: That makes sense, especially with an organization as large as Sedgwick County, having quite the mobile fleet that we do.

Tom Stolz: Penny, can you come talk about consumption levels because diesel fuel #1 for our chosen vendor is higher? How much gas do we use? How much diesel #1 and how much diesel #2 do we use?

Penny Poland: For 2017 we used 478,433 gallons unleaded and 149,141 gallons of diesel. We use the #1 during the winter months.

Tom Stolz: So we use way more unleaded than anything else so that price is really what drives this Murphy decision pretty much correct?

Kristen McGovern: Correct
