County's receipt or acceptance of Contractor's or any Subcontractor's evidence of insurance at any time without comment or objection, or County's failure to request certified copies of such insurance does not waive, alter, modify, or invalidate any of the insurance requirements set forth in this Section or, consequently, constitute County's acceptance of the adequacy of Contractor's or any Subcontractor's insurance or preclude or prevent any action by County against Contractor for breach of the requirements of this Section.

Each insurance policy shall be written on an "occurrence" form/basis; excepting that insurance for professional liability (errors and omissions), will be acceptable on a "claims made" form/basis.

If coverage is approved and purchased on a "claims made" form/basis, the coverage provided under that insurance policy shall be maintained either through policy renewals, or through the purchase of a tail/extended reporting period, if such renewals are unavailable, for not less than three (3) years from the date of completion of the Work which is the subject of this Contract. All insurance written on a "claims made" form/basis must have its policy inception or retroactive date be no later than the Effective Date of the Contract, unless otherwise in writing by the County's Risk Management Office.

County shall receive notice at least thirty (30) days prior to the effective date of any cancellation, lapse or material change in the policy.

By requiring such minimum insurance coverage, the County shall not be deemed or construed to have assessed the risks that may be applicable to the Contractor, or that of any Subcontractor, under this Contract or in any way limit County's potential recovery to insurance limits required hereunder. To the contrary, this Contract's insurance requirements may not in any way be construed as limiting any potential liability to County or County's recovery from Contractor. Contractor and its Subcontractor(s) shall assess their own risks and if they deem appropriate and/or prudent, maintain greater limits and/or broader coverage.

Nothing contained within these insurance requirements shall be deemed to limit the scope, application and/or limits of the coverage afforded, which coverage will apply to each insured to the full extent provided by the terms and conditions of the policy(s). Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.

A. Minimum Scope and Limits of Insurance

The Contractor shall maintain the following types of insurance and minimum insurance limits and requirements:

- i. Commercial General Liability: \$1,000,000.00 per occurrence and \$2,000,000.00 in the aggregate for bodily injury, personal and advertising injury, and property damage. Coverage shall be at least as broad as that afforded under ISO form number CG 00 01 current edition. Such insurance shall include coverage for, but not limited to, ongoing operations, products and completed operations, and contractual liability. Such limits may be satisfied by a single primary limit or by a combination of separate primary and umbrella or excess liability policies, provided that coverage under the latter shall be at least as broad as that afforded under the primary policy and satisfy all other requirements applicable to liability insurance including but not limited to additional insured status to the County.
- ii. Professional Liability (Errors and Omissions): \$1,000,000.00 per claim and in the aggregate.

Any insurance or self-insurance maintained by the County, its officials, employees or agents shall not contribute with the Contractor's or Subcontractor's insurance or benefit the Contractor or any Subcontractor, or their respective insurers in any way.

Insurance shall expressly state that it applies separately to each insured and additional insured against whom a claim is made and/or lawsuit is brought, except with respect to the limits of the insurer's liability.

C. Deductibles and Self-Insured Retentions.

Any deductibles or self-insured retentions of the policies shall not in any way limit County's right to coverage under the required insurance, or to Contractor's or any Subcontractor's liability to the County, and shall in all instances be the sole responsibility of Contractor or Subcontractor.

D. Acceptability of Insurers

Unless otherwise approved by the County:

Insurance coverage is to be placed with insurers with an A.M. Best rating of no less than A: VIII

Professional Liability (Errors and Omissions) insurance coverage may be placed with insurers with an A.M. Best rating of B+.

If at any time any of the foregoing policies fail to meet the above stated requirements, the Contractor shall, upon notice to that effect from the County, promptly obtain a new policy, and shall submit the same to the County, with the appropriate certificates and endorsements, for review.

E. Subcontractors

The Contractor shall include all Subcontractors as insureds under its policies or, alternatively, the Contractor must require each of its Subcontractors to procure and maintain appropriate and reasonable insurance coverage and insurance limits to cover each of the Subcontractor's liabilities given the Subcontractor's scope of work and the services being provided herein. To the extent reasonably commercially available, insurance maintained by any Subcontractor must comply with the specified requirements of sections 3.3 through 3.6 (inclusive) above, including the requirement that all liability insurance policies (except Professional Liability and Workers' Compensation) provided by the Subcontractor(s) must include County, its officials, agents, and employees as additional insured for full coverage and policy limits. Contractor is obligated to require and verify that each Subcontractor maintains the required insurance and ensure that County is included as additional insured. Upon request by County, and within five (5) business days, Contractor must provide evidence of each Subcontractor's insurance coverage, including endorsements.

F. Work Site Safety

The Contractor shall have the "right to control" and bear the sole responsibility for the job site conditions, and job site safety. The Contractor shall comply with all applicable federal, state and local safety regulations governing the job site, employees and Subcontractors. The Contractor shall be responsible for the Subcontractor's compliance with these provisions.

22. **Bonding Requirements.**

- (a) A bid guarantee from each bidder equivalent to five percent of the bid price. **The** “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- (b) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s requirements under such contract.

If assignment is approved, this Contract shall be binding upon and inure to the benefit of the successors of the assigning party upon the written agreement by assignee to assume and be responsible for the obligations and liabilities of the Contract, known and unknown, and applicable law.

If at any time during the Contract term the Contractor experiences a change in its name or federal tax status either through acquisition, novation, assignment, re-organization or some other change that affects its Taxpayer Identification Number (TIN) or Tax Reporting Name, it shall notify Sedgwick County immediately upon the information becoming publicly available. This notification shall be sent by the Contractor to the current Sedgwick County Contract Specialist via email along with:

- B. A new Sedgwick County W-9.
- C. A current statement, listing of unfilled orders and electronic versions of all outstanding invoices and credit memos at the time of the change shall be provided to the Contract Specialist as soon as possible.

Any delay on the part of the Contractor to provide these items to the Contract Specialist may result in the delay of payment and orders. The County may create a new contract number to replace the existing one. All future orders and Contracts Amendments will reference the new contract number.

24. **Subcontracting.**

- A. **Written Consent of the County:**  
The Contractor shall not subcontract any portion of this Contract or transfer or assign any claim arising pursuant to this Contract without the written consent of the County. The County’s consent must be sought in writing by the Contractor not less than 15 days prior to the date of any proposed subcontract.

The rejection or approval by the County of any subcontractor or the termination of a subcontractor will not relieve Contractor of any of its responsibilities under the Contract, nor be the basis for additional charges to the County.

In no event will the existence of the subcontract operate to release or reduce the liability of Contractor to the County for any breach in the performance of Contractor’s duties.

The County has no contractual obligations to any subcontractor or vendor under contract to the Contractor. Contractor is fully responsible for all contractual obligations, financial or otherwise, to its subcontractors.

B. “Subcontract” Defined:

47. **Subaward Language.**

Pursuant to 2 C.R.F. Part 200.320, an agency must make a determination whether the scope of work falls under a Subrecipient or Contractor relationship. The non-Federal entity may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities. Therefore, a pass-through entity must make case-by-case determinations whether each agreement it makes for the disbursement of Federal program funds casts the party receiving the funds in the role of a subrecipient or a contractor. The Federal awarding agency may supply and require recipients to comply with additional guidance to support these determinations provided such guidance does not conflict with this section.

- A. **Subrecipients.** A subaward is for the purpose of carrying out a portion of a Federal award and creates a Federal assistance relationship with the subrecipient. Characteristics which support the classification of the non-Federal entity as a subrecipient include when the non-Federal entity:
- i. Determines who is eligible to receive what Federal assistance;
  - ii. Has its performance measured in relation to whether objectives of a Federal program were met;
  - iii. Has responsibility for programmatic decision making;
  - iv. Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
  - v. In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.
- B. **Contractors.** A contract is for the purpose of obtaining goods and services for the non-Federal entity's own use and creates a procurement relationship with the contractor. Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the contractor:
- i. Provides the goods and services within normal business operations;
  - ii. Provides similar goods or services to many different purchasers;
  - iii. Normally operates in a competitive environment;
  - iv. Provides goods or services that are ancillary to the operation of the Federal program; and
  - v. Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

- C. Use of Judgment in Making Determination. In determining whether an agreement between a pass-through entity and another non-Federal entity casts the latter as a subrecipient or a contractor, the substance of the relationship is more important than the form of the agreement. All of the characteristics listed above may not be present in all cases, and the pass-through entity must use judgment in classifying each agreement as a subaward or a procurement contract.

If the agency determines that the scope of work falls under a subrecipient relationship, all of the information below must be included in any subaward agreement:

- (2) Appropriate terms and conditions concerning closeout of the subaward.
- (3) All requirements imposed by the pass-through entity on the subrecipient so that the Federal award is used in accordance with Federal statutes, regulations and the terms and conditions of the Federal award;
- (4) Any additional requirements that the pass-through entity imposes on the subrecipient in order for the pass-through entity to meet its own responsibility to the Federal awarding agency including identification of any required financial and performance reports;
- (5) Evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring described in paragraphs (d) and (e) of this section, which may include consideration of such factors as:
  - (a) The subrecipient's prior experience with the same or similar subawards;
  - (b) The results of previous audits including whether or not the subrecipient receives a Single Audit in accordance with Subpart F—Audit Requirements of this part, and the extent to which the same or similar subaward has been audited as a major program;

  - (d) The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).
- (6) Consider imposing specific subaward conditions upon a subrecipient if appropriate as described in § 200.207 Specific conditions.
- (7) Monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include:
  - (a) Reviewing financial and performance reports required by the pass-through entity.
  - (b) Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means.
  - (c) Issuing a management decision for audit findings pertaining to the Federal award provided to the subrecipient from the pass-through entity as required by § 200.521 Management decision.

- (8) Depending upon the pass-through entity's assessment of risk posed by the subrecipient (as described in paragraph (b) of this section), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:
- (a) Providing subrecipients with training and technical assistance on program-related matters; and
  - (b) Performing on-site reviews of the subrecipient's program operations;
  - (c) Arranging for agreed-upon-procedures engagements as described in § 200.425 Audit services.
- (9) Verify that every subrecipient is audited as required by Subpart F—Audit Requirements of this part when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in § 200.501 Audit requirements.
- (10) Consider whether the results of the subrecipient's audits, on-site reviews, or other monitoring indicate conditions that necessitate adjustments to the pass-through entity's own records.
- (11) Consider taking enforcement action against noncompliant subrecipients as described in § 200.338 Remedies for noncompliance of this part and in program regulations.
