**ADDENDUM #2
RFB #22-0034
DIESEL FUEL ADDITIVE**

May 6, 2022

The following is to ensure that vendors have complete information prior to submitting a proposal. Here are some clarifications regarding the proposal for *Diesel Fuel Additive* for the *Fleet Management*.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

- 1. Question: The requirements in the scope of work are related to diesel fuel evaluation and not gasoline. Base Cetane Rating & Treated Cetane Rating pertain to diesel fuels. Water Percentage, Bacteria can be evaluated in gasoline although it is difficult since gasoline can only be shipped as Hazardous Material. The best evaluation for gasoline is a visual test for water, bacteria, and stability. Would you prefer we submitted a bid while taking exception to the scope of work?**

Answer: Gasoline does not need additive or evaluation.

Firms interested in submitting a *bid* must respond with complete information and **deliver on or before 1:45 pm CDT, May 24, 2022**. Late **bids** will not be accepted and will not receive consideration for final award.

“PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE *BID* RESPONSE PAGE.”
