**Subject:**

Request of Proximity Regulation

**Comment:**

Property owners have the right to the quiet enjoyment of their property. That means we should be able to use our property without interference from others. Our right of quiet enjoyment, specifically sleep, is being impeded upon 3-4 nights a weeks. Club Rodeo continues to play low frequency bass volume as loud as they please with out regards to homeowners. This rumble of the low bass music invades our homes until 2am, making days mentally taxing with little rest. Police have told residents they CANNOT ask them to turn the music down because they are in an unincorporated area. This is unlawful and misuse of rights. Sunview and Englewood residents would like to see proximity regulation with regards to music and how it affects residents.
