The 2023 Sedgwick County Manager's Recommended Budget of \$521.0 million is the economy is entering an presented as unpredictable period, with inflation nearing historic levels, the Kansas unemployment rate at a historic low, and a heated job market making competition for qualified workforce incredibly challenging. While the Federal government is taking action to attempt to stabilize the economy, the Sedgwick County Board of County Commissioners identified some key priorities as part of the County's 2023 budget process: address workforce shortages compensation adjustments to preserve service levels while maintaining a level property tax rate.

The County's 2022 Budget included reclassifications to more than 1,600 positions to place them appropriately on the organization's compensation plan. This 2023 Recommended Budget includes a variety of compensation strategies, including the implementation of step plans for Fire District #1 and Emergency Medical Services (EMS), market adjustments for other departments experiencing

significant vacancies, a substantial pay adjustment for all other County employees, and a pay structure movement.

Due to County management's concerns that an increasingly tight labor market, limited pipelines for certain positions, and very high inflation will continue to create workforce challenges, the 2023 adjustments are just the next step in making sure the organization is able to recruit and retain employees.

The 2023 Recommended Budget was developed to ensure that the compensation adjustments could be implemented as well as adding resources for increases in the cost of doing business, as well as limited funding for strategic additions to departmental budgets. The table below provides a breakdown of the 2023 Recommended Budget by function and fund type.

The actions included in the 2023 Recommended Budget result in a projected operating deficit of \$2.0 million in the County's property-tax-supported

		Property Tax Supported				Non-Property Tax Supported

funds, which is the result of surpluses in some funds and intentional and strategic draw-downs of balances in other funds. This includes the use of fund balance in compliance with County policy and strategic uses of fund balances to reach targeted levels in the special revenue funds. The County's General Fund is projected to have a surplus of \$4.5 million; however, \$6.2 million in one-time revenues is included in this amount due to the transfer of the remaining fund balances and the final payment of administrative charges from the EMS, COMCARE, and Noxious Weeds tax funds after their consolidation into the General Fund in 2022. Additionally, almost \$3.4 million in one-time capital improvement spending is planned from the Fund in 2023.

The County's forecast is one of the primary tools used in budget development, as it outlines anticipated actual revenues and expenditures for the current year and five years in the future for County property-tax-supported funds. It outlines whether County leadership may expect revenues to exceed, meet, or fall short of anticipated expenses for each year, which allows appropriate actions to be taken. The forecast should be distinguished from the budget, which sets the maximum amount of spending for one year. An additional distinction is that the budget typically includes contingencies to provide additional budget authority for use in times unanticipated events. While budgeted. contingencies typically are not anticipated to be spent in the forecast, so the budget generally is greater than the forecast. For 2023, more than \$29.1 million is budgeted in contingencies.

The 2023 budget development process began in

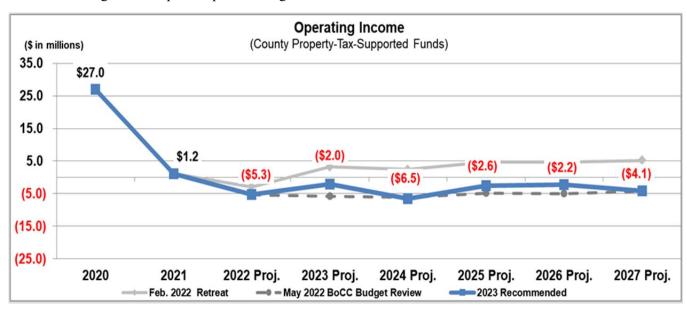

February 2022, when Commissioners held their annual financial workshop. At that meeting, staff presented a financial forecast for 2023 that included a projected surplus of \$3.2 million for the County's property-tax-supported funds.

Following the workshop, department managers and elected officials submitted budget requests that met prescribed budget targets, along with requests for additional funding needed to enhance services or sustain current service levels due to increased demand or higher costs for 2023. Across all divisions, 68 requests totaling \$21.7 million were submitted for consideration.

Based on the goals, challenges, and other priorities identified by the BOCC and departments early in the process, staff told Commissioners that the projected operating surplus in County property-tax-supported funds had become a \$5.8 million deficit for 2023 in May 2022.

The 2023 Recommended Budget is based on the evaluation of services and additional funding requests, along with the goals and priorities identified by the BOCC with a focus on continued implementation of the multi-year compensation strategy. Funding for increased costs of doing business were added, as well as strategic increases in funding for attorney fees, employee recruitment and hiring, and mental health initiatives.

Additional information on the County's financial forecast can be reviewed in the financial forecast section of this document.

As stated earlier, forecasted deficits in comparison to budgeted deficits will be different due to budgeted contingencies for unexpected events that generally are not forecasted to be expended.

The 2023 Recommended Budget includes significant changes from the 2022 budget as outlined in the "2023 Significant Budget Adjustments" table near the end of this section. Examples include:

- Addition of funding for contracted mental health services for juveniles in the Department of Corrections
- Addition of funding for one-year for operations of the Mental Health and Substance Abuse Coalition
- Addition of 0.25 FTE for a full-time employment position for the Division of Human Resources
- Addition of funding to increase Election Worker pay
- Addition of funding for District Court attorney fees

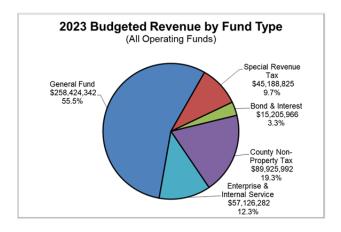

Allocating public resources impacts those living and doing business in and with the County. Sedgwick County government will continue to allocate public resources to fund essential services to assist citizens in need, provide cultural and recreational opportunities for families, maintain and improve transportation infra-structure, and provide for a safe community.

Examples of services delivered by departments in 2021 include:

- EMS responded to 69,822 requests for service
- Public Works maintained more than 600 miles of road and 600 bridges
- Household Hazardous Waste recycled or reused 1,581,838 pounds of material
- COMCARE Intake and Assessment Center completed 1.489 new patient intakes for adults
- Sedgwick County Park averaged 82,277 monthly visitors

The 2023 Recommended Budget of \$521.0 million represents a decrease from the 2022 revised budget of 4.6 percent. Property tax rates are estimated at 29.370 mills for Sedgwick County and 17.889 mills for Fire District 1.

# **■** Budgeted Revenue

The 2023 operating budget is comprised of five fund types. They include the General Fund, Debt Service Fund, Special Revenue Funds (both property-tax and non-property-tax-supported), Enterprise Funds, and Internal Service Funds. Revenues among all operating funds total \$465,871,408. Among the five fund types, the largest is the General Fund, with an estimated property-tax rate of 24.929 mills for the 2023 Recommended Budget. The General Fund is the primary funding source for the majority of services financed with local resources, including the BOCC, Sheriff, District Attorney, the Elections Office, the Health Department, and the Community Developmental Disability Organization. Beginning in 2022, the General Fund also became the primary source for EMS, Noxious Weeds, and some elements of COMCARE.

The second largest fund type is Special Revenue Funds, which includes both property-tax and non-property-tax-supported funds. These funds were established to account for revenue sources which can only be expended for specific purposes. Some County services funded with Special Revenue Funds include aging services and highway funding, as well as Federal COVID-19 response and stimulus funding. For 2023, revenue collections in Special Revenue Funds are budgeted at \$135.1 million, of which a portion is generated from an estimated aggregate property-tax levy of 2.581 mills for County funds and an estimated 17.889 mills for Fire District 1.

With an estimated property-tax mill levy rate of 1.860 mills, the Debt Service Fund, also known as the Bond & Interest Fund, provides for the retirement of all County general obligation, special

assessment, and Public Building Commission (PBC) bonds.

The final two fund types include Enterprise and Internal Service Funds. Enterprise Funds are used to budget for INTRUST Bank Arena. Internal Service Funds are used to budget for employee benefits, Fleet Management, and Risk Management.

### **Property Taxes**

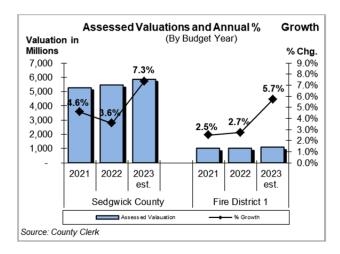

Property taxes comprise 40.6 percent of the total revenues included in the 2023 Recommended

Budget. Property tax revenues are primarily used to fund services county-wide in

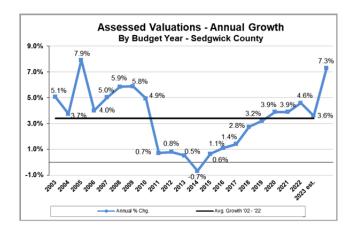

Property Tax Rates (in mills)				
	2022	2023*		
Jurisdiction	Budget	Budget		
<ul> <li>Sedgwick County</li> </ul>	29.370	29.370		
<ul> <li>Fire District 1</li> </ul>	17.817	17.889		
*Estimated				

the General Fund and various Special Revenue Funds that do not have the capacity to self-finance their services, in addition to retiring the County's long-term debt on capital projects for facilities and infrastructure. This reliable revenue source has no attached mandates, as many State and Federal revenues often do, and is one of few revenue sources for which the governing body has legislative authorization to adjust the tax rate based on budgetary needs and community priorities.

In the State of Kansas, local government budgets are built on and adopted prior to the finalization of that tax year's property-tax digest. Instead of building the budget on the known valuation of assessed property, it is built on an estimate. As a result, after adoption of a budget, property tax rates, expressed in mills, can change as a result of a change in the assessed valuation, though the amount of dollars actually levied remains unchanged.

Before the issues with the 737 Max production were identified in January 2020, affecting production work at Spirit Aerosystems, the largest employer in Sedgwick County, and the COVID-19 pandemic, the County was seeing a gradual return in property valuation growth closer to prior levels. Growth in assessed valuation to support the 2022 budget was 3.6 percent, while estimated growth for the 2023 budget is 7.3 percent due to a very strong residential home market in 2020 and 2021; it is estimated that this growth will level off to more typical levels as the economy is expected to cool in the near future. For Fire District 1, assessed valuation growth is estimated at 5.7 percent for 2023.

### **Local Retail Sales and Use Tax**

The second largest revenue source for Sedgwick County is local retail sales and use tax receipts, budgeted at \$37.5 million in 2023. Collections in 2021 saw a 12.0 percent increase over 2020 with continued growth anticipated in 2022 and 2023, before returning to more typical levels of growth.

Local retail sales tax is generated from a county-wide one-percent tax on retail sales approved in July 1985. Local use tax is paid on tangible personal property purchased in other states and used, stored, or consumed in Kansas where no sales tax was paid. State law requires that the County sales and use tax be shared with cities located in the county based on a formula considering population and the property-tax levy of all jurisdictions. This formula provides about 70 percent of the county-wide sales tax to cities and about 30 percent to fund the County budget.

Of the total retail sales and use tax receipts allocated to County government, the General Fund retains half, and half is transferred to other funds. The Bond and Interest Fund receives a set amount of \$1,597,566 to retire capital debt, and the Sales Tax

Road/Bridge Fund receives the remaining balance to finance highway construction and maintenance projects. These projects are outlined in the Capital Improvement Program (CIP) section of this document.

### **Motor Vehicle Taxes**

Motor vehicle taxes, which include motor vehicle, recreational, 16/20M truck, and rental excise taxes, are collected in accordance with K.S.A. 79-5111, which requires those taxes be allocated to each fund with a property-tax levy in proportion to the property tax levied during the previous year's budget. For 2023, motor vehicle tax collections are estimated at \$23.3 million.

# **Intergovernmental Revenue**

Intergovernmental revenue accounts for receipts from other governmental entities, such as the State of Kansas. Of the total \$49.3 million budgeted in 2023, about 87.8 percent is generated within Federal/State Assistance Funds, approximately 10.4 percent is received from the State's Special City/County Highway Fund and deposited in the property-tax-supported Highway Fund, and the majority of the remaining portion is deposited in the General Fund. The majority of General Fund intergovernmental revenue is generated through State revenues related to the operation of the Juvenile Detention and Residential Facilities.

The County received the first half of its allocation of \$100.2 million in Federal American Rescue Plan Act (ARPA) Funds in 2021. The current spending plan, approved in 2022, is not included in the 2023 Recommended Budget.

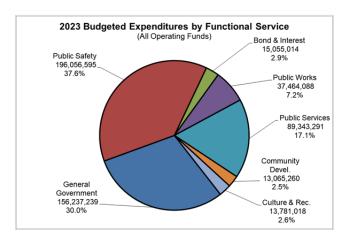

### **Charges for Service**

Charges for service account for receipts individuals and businesses pay for County services received, as well as cost allocations among various internal funds. In 2023, charges for service are budgeted to generate \$125.4 million, of which 41 percent is generated from Internal Service and Enterprise Funds, 26 percent from services supported in property-tax-supported funds, and 33 percent from program income generated by grant programs assigned to Federal/State Assistance Funds.

# **■** Budgeted Expenditures

The 2023 Recommended Budget of \$521.0 million for all operating funds represents a 4.6 percent decrease from the 2022 revised budget. The 2023 operating budget is divided into seven functional service sections based on the type of public service delivered. These functional services include: General Government, Bond & Interest-Debt Service, Public Safety, Public Works, Public Services, Culture & Recreation, and Community Development.

The table illustrates the funding amounts dedicated to each functional area in all operating funds.

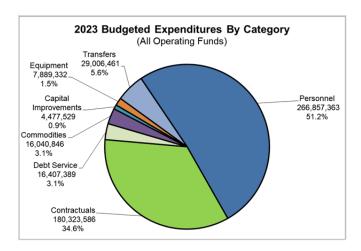

Of the seven functional areas, the largest percentage increase from the 2022 revised budget, 11.7 percent, occurs in Public Works, which results from increasing budget authority in budget transfers to the local sales tax fund due to an anticipated increase in local sales tax revenue collections in 2023.

The largest percentage decrease, 50.0 percent, occurs in Culture and Recreation, due to the Shuttered Venue Operators Grant (SVOG) received in 2022 to provide INTRUST Bank Arena a grant to reopen and continue operations in light of the significant economic impacts of the pandemic. The County received \$10.0 million to help with eligible expenses between March 1, 2020 and June 30, 2022.

The remaining five governmental functions experienced a range of increases and decreases, from an increase of 4.9 percent in Public Safety to a decrease of 19.1 percent in General Government.

The budget can also be presented based on types of expenses. The seven main expenditure categories are

shown in the table on the next page and total \$521,002,506.

### Personnel

Of all the budgetary expenditure categories, the largest is personnel with a 2023 Recommended Budget of \$266.9 million, a 5.1 percent increase from the 2022 revised budget. The increase is largely due to the second year of the multi-year compensation strategy. The budget includes a net decrease of 27.8 FTE positions from the 2022 revised budget for all operating funds mostly related to reduced COVID-19 response. In addition, the budget also includes:

- Strategic pay adjustments for high-vacancy areas, like COMCARE, Corrections, Facilities, and Emergency Communications
- Implementation of step plans for EMS and Fire District #1 and the addition of new COMCARE and Corrections pay plans
- An eight percent general pay adjustment (GPA) for other County employees, as well as a pay structure adjustment of seven percent
- Flat employee and employer contributions for employee health insurance premiums
- Decreases in retirement contribution rates through the Kansas Police and Firemen's Retirement System (KP&F) and the Kansas Public Employees Retirement System (KPERS)

Traditionally, Sedgwick County has viewed personnel costs in terms of two primary areas: salary and wages and employee benefits. In 2013, the County elected to evaluate and make decisions on personnel costs in terms of total compensation – the total package of wages and salary along with all County-paid benefits. This approach attempts to

ensure Sedgwick County's competitiveness with other employers in the marketplace. It also aligns with the County's goals to reward desired work performance and encourage healthy employee behaviors, which influence operating costs. Considering wages and salaries along with employee benefits allows for greater flexibility in determining employee total compensation.

# Compensation Plan

Because Sedgwick County recognizes the contributions of its employees in delivering high-quality public services, this budget presents personnel costs in terms of total compensation – the total package of wages, along with all County-paid benefits.

## **Employee Compensation - Sedgwick County**

#### 2020

- 2.25% pay adjustment allocated for Sedgwick County employees within departmental budgets
- 1.25% to adjust the full pay structure to assist with recruitment and
- 1.25% pool to accommodate targeted pay adjustments to assist with recruiting and retaining employees in areas with high turnover; suspended in 2020 due to economic challenges

#### 2021

• No compensation pool funding included in the 2021 budget

#### 2022

- Reclassification of 1,637 positions County-wide based on internal equity and organizational market placement
- 2.0% pay adjustment for all positions not receiving a reclassification
- 2.0% mid-year pay adjustment for most employees hired 12/31/2021 or earlier and 1.0% for most employees hired 1/1/2022 or later

#### 2023

- Strategic pay adjustments for DA, Corrections, COMCARE, Facilities, and 911; movement of Corrections and COMCARE positions to new pay plans; Fire and EMS move to step plans
- 8.0% pay adjustment for all positions not moving to a step plan or receiving a targeted adjustment
- Addition of 3.0% Compensation Contingency to reserve funding for potential targeted or general compensation adjustments if economic conditions support additional adjustments

### Employee Benefit Costs

Employee benefit costs also influence personnel expenditures. The two most significant benefit costs – retirement and health benefits – continue to be driven by factors that are beyond the County's exclusive control though the health benefit plan was significantly changed for the 2020 budget.

In 2023, decreases are anticipated in KPERS rates and KP&F rates. The table below shows historical employer contribution rates to the retirement systems.

	2018	2019	2020	2021	2022	2023		
KPERS - Retirement Rates								
	9.39%	9.89%	9.89%	9.87%	9.90%	9.43%		
KP&F - Retirement Rates								
Sheriff	20.22%	22.13%	21.93%	22.80%	22.99%	22.86%		
Fire	20.09%	22.13%	21.93%	22.80%	22.99%	22.86%		
<b>EMS</b>	20.09%	22.13%	21.93%	22.80%	22.99%	22.86%		

The 2023 Recommended Budget also includes employer contributions to employee insurance, which is provided through a self-funded health plan. Rather than using a fully insured model, where defined premiums are paid to an insurance provider who manages the plan and pays all claims, the County moved to a self-insured model in 2015, where the County itself is responsible for claims payment through a third-party administrator. Over time, the expectation is that the County achieves cost savings by not paying an increased amount in premiums to cover profits for the provider of the fully insured plan. While other entities report premium increases of 10 percent or more, the 2023 Recommended Budget maintains level premium costs with 2022 rates. The health plan continues to be structured so that it aligns with the County's goal to encourage employees to take responsibility for their health to help reduce future increases in benefits costs. In 2020, Sedgwick County shifted to three health plan options, instead of the single option offered in 2019.

### **Contractual Services**

Contractual expenditures are the second largest expenditure category. They include services purchased from and delivered by an external entity, along with internal service costs, like departmental charges for fleet maintenance and administrative charges based on the cost allocation plan. In 2023, budgeted contractual expenditures of \$180.0 million represent a 14.2 percent decrease from the 2022 revised budget, mainly due to an anticipated reduction in COVID-19 response paid by Federal American Rescue Plan Act (ARPA) funds received by the County in 2021 and 2022.

#### **Debt Service**

Sedgwick County continues to maintain a record of

strong financial performance, as demonstrated by high bond ratings with the three major

Bond Ratin	gs
Rating Agency	Rating
Standard & Poor's	AAA
Moody's	Aaa
Fitch	AA+

bond rating agencies. In 2023, budgeted debt service expenditures in all operating funds are \$16.4 million. This includes \$15.0 million in the County's Bond & Interest Fund, along with \$1.4 million in the Fire District's General Fund to repay vehicle leases. Because the County and Fire District are separate legal budgets under State law, debt service payments are budgeted in the appropriate fund for each unique entity.

In April 2017, the County Commission revised the debt policy to provide guidance to the governing body when making decisions on the issuance of capital debt. Targeted bonding is planned in the 2023-2027 Capital Improvement Plan.

# **■** Budgeted Fund Balances

The 2023 Recommended Budget includes the use of budgeted fund balances within each fund type to develop a balanced budget. However, actual deficits projected through the financial forecast in comparison to budgeted deficits will be different, largely due to budgeted contingencies not expected to be expended.

2023 Recommended - Budgeted Fund Balances				
l	Amount			
<ul> <li>All Property Tax Supported Funds</li> </ul>	35,628,382			
Non-Property Tax Supported Funds	19,502,716			
Total	55,131,098			

For major governmental funds, the largest budgeted use of fund balances in 2023 occurs in the General Fund at \$26.2 million. This budgeted draw on the fund balance is primarily related to budgeted contingency reserves of \$29.1 million within the General Fund. These reserves are intended to fund unexpected events and are largely not expected to be used.

The budget also includes a decrease of budgeted fund balances of \$9.6 million within Special Revenue Funds supported by property taxes and a cumulative use of fund balances of \$19.9 million in

Special Revenue Funds that are not property-tax-supported. Of these budgeted fund balance reductions, some of the largest are within the Stimulus Grants Fund (\$12.0 million) due to the receipt of ARPA funds in 2021 and 2022 and the transfer of the remaining fund balances and payment of the final administrative charges (\$6.2 million) from the three County property-tax-funds that were consolidated in the General Fund in 2022 (EMS, COMCARE, and Noxious Weeds).

In addition, an increase in fund balance of \$0.4 million in the Enterprise/Internal Service Funds is budgeted largely due to the Fleet Management Fund with its \$1.5 million contingency, which is offset by a projected increase in the Health/Life Fund of \$3.9 million largely due to prescription rebates for specialty and name brand prescriptions as a result of rebate agreements that began in 2020.

# ■ Capital Planning and Budgeting

Sedgwick County's five-year Capital Improvement Program (CIP) includes the building, remodeling, and repairing of public facilities and infrastructure systems. This long-range CIP planning process began in 1982 with the goal of facilitating area-wide economic development by updating the County's roads, bridges, and drainage systems, as well as maintaining facilities.

County planned 2023 capital spending totals \$32.1 million. This spending is funded with \$19.3 million of cash (of which \$15.8 million is derived from local retail sales and use taxes anticipated to be collected in 2023), \$11.5 million to be funded with bond proceeds, and the remainder to be supported with funding from external partners. A portion of the funding for the CIP related to cash-funded capital projects is transferred to multi-year capital improvement funds from operating funds as summarized in the table in the next column.

2023 - Cash Funded Capital Projects From Operating Funds					
Project		Amount			
Road & bridge projects from local sales tax     revenues	\$	15,849,250			
Courthouse Police access control replacement	\$	178,210			
Juvenile Detention Facility camera system improvements	\$	247,776			
Outdoor Warning Device replacements and new installations	\$	328,417			
Public Safety parallelling switchgear modernization	\$	356,478			
Red brick west restroom replacement at Lake Afton     Park	\$	386,903			
Renovate pavilion at Lake Afton Park	\$	304,364			
Replace Parking Lots on County Property	\$	217,849			
Replace Roofs - County-Owned Buildings	\$	66,345			
D21 - Drainage Southwest of Haysville	\$	600,000			
D25 - Flood control system major maintenance and repair	\$	760,187			
Total	\$	19,295,779			

The 2023 CIP continues to support the County's commitment to maintain and improve its facilities and infrastructure, including roads, bridges, and drainage. A few of these projects include:

- Northwest Bypass Right of Way Acquisition (K-254)
- Replacement of a bridge on 151<sup>st</sup> St. West between over Ninnescah
- Preventive maintenance on more than 100 miles of roads, 17 percent of the total County road system

# ■ Understanding the Budget Book Layout

The following pages outline how the departmental sections of the budget book are organized and the type of information included within those sections. These sections primarily include:

- A section for each functional service delivered by Sedgwick County, such as Public Safety
- Department narrative sections
- Summary budget for the entire department
- Fund center pages detailing the budget of the lowest level function(s) within the department for which a budget is adopted

### **Functional Areas**

Functional areas are utilized to define a group of departments and programs within the County by the business activities they conduct or the services they provide. Classifying departments and programs according to these groups better summarizes what resources are being provided on these distinct sections for accounting purposes, grant applications, and for understanding by the public in the most transparent means possible. The eight functional areas used in this budget include General Government, Bond and Interest, Public Safety, Public Works, Public Services, Culture and Recreation, Community Development, and the Capital Improvement Plan. These functional areas may cross over the lines of the County organizational chart, with some organization leaders responsible for departments within different functional areas.

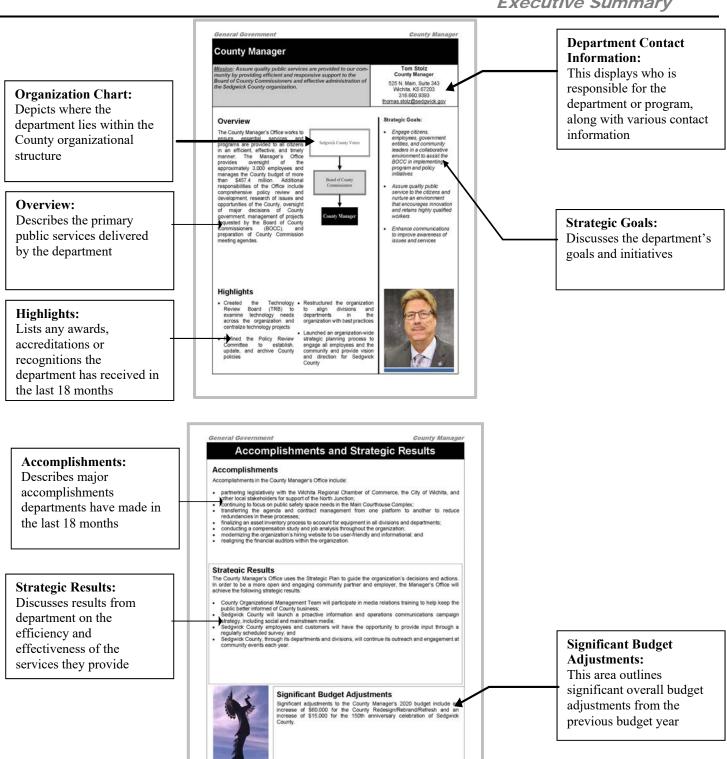

### **Department Narrative**

Department narratives contain department contact information, an organizational chart to demonstrate how the department fits into the organizational structure of the County, and additional narrative outlining department responsibilities, goals, highlights, accomplishments, strategic results, and significant budget adjustments.

# **Summary and Program Budgets**

Each departmental section includes a summary of its budget and, when appropriate, copies of the individual programs comprised within the department, often referred to as fund centers. Both the budget summary and fund center pages contain tables that outline actual and budgeted expenditures and revenues for two previous years, along with the current and budgeted year, as well as Full-Time Equivalent (FTEs) employee counts. The summary budget page contains narrative concerning any significant overall budget adjustments for the department over the previous year, while the fund center pages provide the most specific level of budget detail.

2023 Recommended Budget

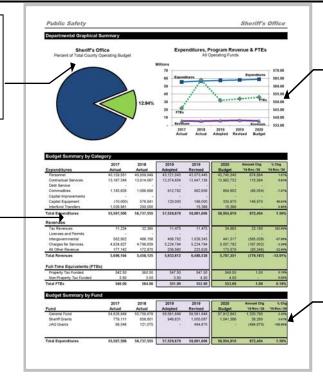

# Percent of Total County Operating Budget Chart:

Gives each department's percentage of the total operating budget for the County

# Budget Summary by Revenue and Expenditure Category:

Gives actual amounts for the previous two years, adopted and revised amounts for the current year and the budget for next year

# Expenditures, Revenues and FTEs for All Operating Funds:

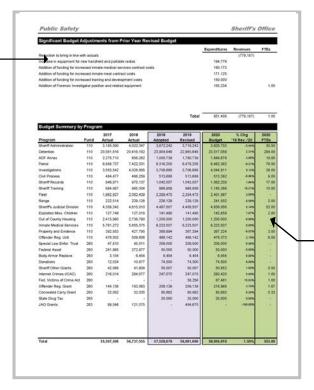

Shows two years of actual figures, the current year adopted and revised budgets, and the budget for next year

# **Budget Summary by Fund:**

Provides two years of actual figures, adopted and revised figures for the current year and the budget for next year by fund

# Significant Budget Adjustments:

This area outlines significant overall budget adjustments from the previous budget year

# Budget Summary by Program:

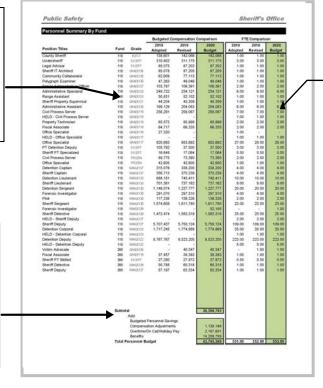

Identifies two years of actual amounts, the adopted and revised amounts for the current year and the budget for next year grouped by program, along with the budgeted FTE count

# Personnel Summary by Fund:

Outlines the positions assigned to each fund; there is a Personnel Summary by Fund for each department and program

## **Subtotals:**

Lists the department/program total for budgeted personnel savings (turnover), any compensation adjustments overtime/on call/holiday pay and benefits

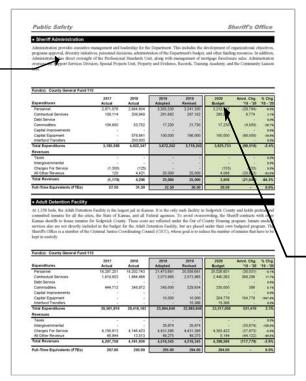

# FTE Comparison Summary:

Provides FTE count by position in each fund for the department for current year adopted and revised and the budget for next year

# **Fund Center Narrative:**

Provides a brief description of the program

# Budget Summary by Revenue and Expenditure Category for Fund Center:

Gives actual results for the previous two years, adopted and revised for the current year and the budget for next year at the most detailed level by program/fund center
