Overview

Contingency Reserves are used to set aside funds for unexpected events or events not anticipated at the time of budget adoption. These events include unforeseen increases in expenditures or reductions in revenues, public emergencies, mandates, and disasters.

The Contingency Reserves are comprised of allocated funding assigned to seven contingencies based generally on the organizational unit it is intended to support:

- Operating Reserve
- Board of County Commissioners (BOCC) Contingency
- Public Safety Contingency
- Rainy Day Reserve
- Technology Contingency
- Compensation Contingency
- Mental Health Contingency

Significant Budget Adjustments

Significant adjustments to the Contingency Reserves' 2023 Recommended Budget include an increase in the Operating Reserve to restore it to historic levels (\$2,325,660), an increase in the Employee Compensation Contingency for 2023 (\$2,250,041), the addition of a Mental Health Contingency in 2023 (\$1.0 million), an increase in the Technology Contingency restore it to historic levels (\$475,632), and an increase in the BOCC Contingency to restore it to historic levels (\$30,000).

• Operating Reserve

The Operating Reserve sets aside funding to address potential changes in service delivery or emergency situations and establishes a funding source for services whose scope or full cost is undefined at the time the budget is adopted. It is allocated as a general contingency reserve to support County operations.

Traditionally, when budget authority allocated to the Operating Reserve is needed, funding is transferred to the appropriate department and then expended.

• BOCC Contingency

The Board of County Commissioners (BOCC) Contingency represents funding reserved to address unanticipated costs due to public emergency, service expansion, or State mandates.

Traditionally, when budget authority allocated to the BOCC Contingency is needed, funding is transferred to the appropriate department and then expended.

• Public Safety Contingency

The Public Safety Contingency reserves funding for both unanticipated operating costs resulting from a public emergency or State mandates and funding for public safety services whose full cost cannot be precisely estimated due to uncontrollable variables or changes in service composition.

Traditionally, when budget authority allocated to the Public Safety Contingency is needed, funding is transferred to the appropriate department and then expended.

• Rainy Day Reserve

Sedgwick County has a minimum fund balance requirement set by County policy. The minimum unrestricted fund balance in the General Fund is set at 20.0 percent of budgeted expenditures. Unrestricted fund balance above the minimum requirement is considered the County's Rainy Day Reserve. County policy allows this excess to be budgeted, but only for the following specific purposes: cash-funded capital projects or equipment replacement originally intended to be funded with debt; expected claims associated with risk management or workers' compensation; one-time expenditures that reduce future operating costs; and start-up expenditures for new programs approved by the BOCC. The amount included in this budget is not related to any specific purpose. These funds will only be expended if consensus on a purpose is reached by the BOCC.

• Technology Contingency

The Technology Contingency is intended to provide a funding source for unanticipated technology costs. This may include costs to purchase replacements of failing hardware, software licensing to replace or upgrade necessary County systems, or to respond to other critical needs that cannot be delayed until a future budget cycle.

As with other contingencies, funding will be transferred from the Technology Contingency to the appropriate department and then expended.

• Mental Health Contingency

The Mental Health Contingency is new for the 2023 budget. As the Commission seeks solutions for increased demand for mental health services in the community, this will provide a pool of funding to support such initiatives if other funding is not available. As with other contingencies, funding will be transferred from the Mental Health Contingency to the appropriate department and then expended.

• Compensation Contingency

The Compensation Contingency was created to reserve funding for potential targeted or general compensation adjustments, should economic conditions support the additional cost beyond what was included in departmental operating budgets. Budget authority is allocated to various County funds based on the budgeted earnings in those funds. Use of these funds may only be authorized by action of the BOCC; upon approval, appropriate budget authority would be transferred to the appropriate department budget for actual use.
