Subject:

Ballot Boxes

Comment:

How are the boxes paid for?

Can that funding be verified via public record?

Are all the boxes throughout the state the same?

If so, are the keys universal?

How many sets of keys are there for the Sedgwick Co. boxes?

Where are those kept?

Who has access?

On the day the boxes are unlocked who unlocks the box?

Who decided the placement throughout the county of the boxes?

How was that decision made?

They say they are "subject" to video...

Are they in view of cameras at all times?

So the public can have access to view the video from

July 18th - until August 2nd at 7 p.m., correct?

Respectfully,
Amy Siple

Ballot Boxes

Comment:

Dear Public Servants of Sedgwick County,

Sedgwick County now has 14 dropboxes for voters' ballots.

Please be sure to answer ALL of the questions below at your next public meeting:

How are the boxes paid for?

Can that funding be verified via public record?

Are all the boxes throughout the state the same?

If so, are the keys universal?

How many sets of keys are there for the Sedgwick Co. boxes?

Where are those kept?

Who has access ?

On the day the boxes are unlocked who unlocks the box?

Who decided the placement throughout the county of the boxes?

How was that decision made?

They say they are "subject" to video...
Are they in view of cameras at all times ?
So the public can have access to view the video from
July 18th - until August 2nd at 7 p.m., correct?

Thank you and God bless you!

Ballot Boxes

Comment:

I have just learned that we have 14 unmonitored drop boxes in Sedgwick county and would like to express my deep concern. This is inviting voter fraud and ballot box stuffing. There is no longer any need for them. We have early voting in many places that are monitored. Please address this problem before the midterm elections.

Ballot Boxes

Comment:

The ballot drop boxes in Sedgwick county are unacceptable. After what happen in 2020 this cannot continue. As a former resident of Sedgwick county and still resident of Sumner I cannot stand by and allow this blatant disregard of election integrity to continue unchallenged. Remove these boxes immediately. This form of voting is both irresponsible and leaves our elections wide open to fraud, as we've witnessed in the past. As commissioners you cannot continue hiding from the harsh reality that these drop boxes create. Take responsibility. Do your job. And get these abominations of fair elections removed.

Ballot Boxes

Comment:

We must not allow voter drop boxes which encourage voter fraud and ballot box stuffing. Americans want our Sacred Vote to return to the people WHO are qualified to vote. Please watch the video on ballot box fraud by Dinesh D'Souza. It's called "2,000 Mules". Many Americans are aware that the 2020 Presidential election was stolen using this method and others means of fraud as well. Look at the mess our country is in. The will of the people is expressed by their vote. However, many elected servants of the people are now tyrants that rule us with an iron fist. Please, we only ask for fair and honest elections. We must also get rid of Dominion voting machines that we put on-line on the internet, furthering the altering of votes.

Sedgwick county needs to protect our votes. We do not need 14 voter drop boxes around the county with some being in remote and unmonitored locations. I thought our county commission would do better than this. We need to be sure elections are fair and true. Let's not make Sedgwick county a circus or a place for voter fraud to happen so easily. Kansans in Sedgwick deserve better than this. Thank you.

Ballot Boxes

Comment:

Dear commissioners, I am very concerned about the decision to place ballot drop boxes in Sedgwick County. This seems like an ideal way to encourage ballot fraud. Currently, absentee ballots can be mailed. Telling criminals where to look for ballots seems idiotic and a needless use of tax dollars. Please reconsider this hazard. Thank you.

How could you possibly use voter drop boxes after all the fraud of 2020? Voter fraud is the only possible reason for the boxes. There are multitudes of people who would deliver a stamp if that is your excuse. As Biden so aptly stated before the last election “ the democrats have the greatest fraud plan ever.”

Why do we need 14 drop boxes in Sedgwick Co.??? I want an honest and legitimate response to this question. I want my vote to count once, the way it is supposed to be and I want every one else's to count only once too! Why is this allowed to happen given the Wisconsin Supreme Court and other states have said they are illegal? Is there any accountability? Is there a camera at each box that are being posted to make sure people aren't cheating? Do your job and secure our elections!

Ballot Boxes

Comment:

This overreach is unnecessary. The election needs to be safe and secure. This is not. Five of the locations are totally unsafe and unprotected. Shawnee County is reasonable by having two drop boxes, available for a few hours, manned by two people at all times. Precautions are being taken in Johnson County. This plan is an open invitation for fraud not to mention breaking the statute 25-1128 and 25-2437. We will hold you accountable as well as each citizen who violates. No person shall knowingly transmit or deliver and advance voting ballot to the county election officer on behalf of a voter who is not such person without written statement signed by both. Ballot harvesting is easy with a drop box...it's illegal.

Subject:

Ballot Boxes

Comment:

Why are drop boxes being used? There is no good reason to continue using them since people are going about their normal lives now. People are given many days to vote by mail and at multiple locations. Are these boxes being filmed 24/7? If so where can the public view this footage? Who holds the keys to the boxes? How often are they emptied? The community deserves complete transparency about this. Other communities have proven that drop boxes were stuffed with ballots that ultimately had no chain of command and most likely changed the outcome of election results in important races. This scheme is rife for fraud and should be discontinued NOW.

Comment:

I am very upset to learn that there are drop boxes being set up for voting in Kansas in Johnson County and Wyandot County. This is a horrible mistake. Drop boxes have been shown in past elections to invite huge amounts of illegal votes. People don't need a drop box to vote. There is mail in ballots, early voting, and regular voting.....NO NEED for drop boxes unless someone is trying to encourage illegal voting.

Who made the decision to have these drop boxes? Are you aware of the ballot harvesting that has been happening across this country using these drop boxes? See 2000 Mules. I hope there are cameras on these boxes so when the fraud occurs we can catch these criminals. We are watching closer than ever and any crimes that occur will be found. Take the drop boxes out! No good can come from them. I am tired of my vote being diluted. I can no longer trust our elections especially with these evil drop boxes.

Ballot Boxes

Comment:

How are the boxes paid for and by whom? Can the funding be publicly verified? How many keys are there for each box and how many people will have access to these boxes ? Who will be selected to retrieve the contents of these boxes, how often and will cameras be on each box 24/7? Who decided the box placements? This ALL makes Sedgwick CTY looks VERY suspicious and open to legal action should ANYTHING SHADY be determined. Is the commission ready to accept responsibility for everyone one of those ballots placed in those boxes or be charged with election fraud and crimes against humanity. This election office has already been red flagged from the last stolen election ...wNna go down that rabbit hole again? Think before you act. God's watching

Ballot Boxes

Comment:

Why is Sedgwick Co encouraging voter fraud by using drop boxes? Who decided this? May I have their names? Who paid for them, and is this on public record? If not, why not? Who has the keys to the drop boxes? Who all has sets of keys? Are they universal? Who will open these boxes, and will there be chain of custody with the ballots? Who decided the placement of these boxes? Are they monitored with video surveillance? Are they in view of cameras at all times? Will the public have access to the video? Who has access to this information, and who decided all this? The citizens deserve explanation for all this and a guarantee to secure elections. The boxes must be removed, and elections must be held at the polls.

Hello, I'm writing to ask some questions about the drop boxes in Sedgwick co. Will there be video footage that any citizen can watch during the time when ballots can be dropped? Who is funding these drop boxes? What measures are being taken to ensure that mules don't drop fake ballots into them? In my opinion these drop boxes open the door for election integrity to be severely compromised. I don't think they are a good idea especially since covid is more or less manageable at this point.

Ballot Boxes

Comment:

It has come to my attention that we have 14 drop boxes in unmonitored, and strangely remote areas. What is the logic in this? This appears to be an attempt to encourage illegal voting which undermines our trust in the county, and by extension, it's elected officials. Please lower the amount of drop boxes (recommend just a handful) and put them in monitored locations, near the courthouse. Also, please make these drop boxes only available during certain times of day (recommend 8am-8pm). It is the right of the public to have fair election. As our elected officials, please help us have a fair vote. Thanks!

Subject:

Ballot Boxes

Comment:

Why have 14 drop boxes been positioned around the city when there are registered voting locations all over the city? How were the boxes paid for? Who has access? Who decided the placement throughout the county of the boxes?

How was that decision made? Will there be video cameras recording them at all times? So the public can have access to view the video from July 18th - until August 2nd at 7 p.m. These ballot drop boxes are inviting fraud into our legislative process and there is no excuse for this. These need to be removed immediately.

Thank you,

A concerned law abiding voter

Please answer the following

How are the boxes paid for? Can that funding be verified via public record?

Are all the boxes throughout the state the same?

If so, are the keys universal?

How many sets of keys are there for the Sedgwick Co. boxes?

Where are those kept?

Who has access ?

On the day the boxes are unlocked who unlocks the box?

Who decided the placement throughout the county of the boxes?

How was that decision made?

They say they are "subject" to video...

Are they in view of cameras at all times ?

So the public can have access to view the video from July 18th - until August 2nd at 7 p.m., correct?

Comment:

Commissioners:

It recently came to my attention that Sedgwick County KS has voter drop boxes. Why? Where? When Installed? Approved by Whom? As a registered voter I have some questions I would like answered.

How are these boxes being paid for?

What legislative body approved the installation?

Were Sedgwick County residents aware of this installation?

When were they installed?

Was this Voted on by the general public?

Who has the authority to make these decisions?

Can funding be verified via public records?

Are all boxes throughout the state the same?

If so, are the keys universal?

How many sets of keys are there?

Who has access to the keys?

Where are the keys kept?

Who unlocks the boxes, to remove ballots?

How many people are present when said boxes are opened?

What is the chain of command?

Who has chain of command?

Who determined placement of these boxes?

Where are all boxes located?

Are they under 24 hour video surveillance, that is being monitored?

Whom is the monitoring entity?

Well lite areas?

In constant video view at all times?

Where are all of these boxes located?

We want fair, transparent elections that represent everyone equally! You say we don't have fraud? Prove it! We demand an audit! If you have nothing to hide there is no cause for concern.

Regards,
Cheryl Burke

Comment:

Sedgwick County's use of ballot drop boxes puts all Kansas' County Residents at risk of being disenfranchised of our vote by corrupt unions, corrupt democrats, and corrupt establishment political hacks who stuff such ballot boxes with bogus votes and bogus ballots. Please DO NOT USE THE BALLOT DROP BOXES.

The Public wants to know:

1. How are the boxes paid for?
2. Can that funding be verified via public record?
3. Are all the boxes throughout the state the same?
4. If so, are the keys universal?
5. How many sets of keys are there for the Sedgwick Co. boxes?
6. Where are those kept?
7. Who has access ?
8. On the day the boxes are unlocked who unlocks the box?

9. Who decided the placement throughout the county of the boxes?
10. How was that decision made?
11. Are the ballot drop boxes in view of high-quality video cameras at all times ?
12. Can the public can have real-time access to view the video from July 18th - until August 2nd at 7 p.m.?
