Subject:

Misinformation Regarding Elections and Ethics

Comment:

There was a text message being sent by an unknown organization to voters in the state blatantly spreading false information regarding the amendment vote. The text stated, "Women in KS are losing their choice on reproductive rights. Voting YES on the amendment will give women a choice. Vote YES to protect women's health". I believe this needs to be addressed as thoroughly as the complaints against Commissioner Cruse were discussed publicly as this was an ethics violation as well as an FCC violation with voters not opting in for texts from this unknown organization.
