**ATTENTION:** Captain Smith D1338 (Through Channels)

**SUBJECT:** PREA Committee Review for July

On September 12, 2022, the PREA Committee conducted a review of 15 PREA complaints.

This review consisted of 1 substantiated cases. Those cases were: 22S007386

This review consisted of 1 unfounded cases. Those cases were: 22S007164

This review consisted of 9 unsubstantiated cases. The unsubstantiated cases were: 22S006704, 22S000053, 22S005581, 22S006970, 22S007367, 22S006188, 22S004354, 22S002625, 22S006537.

This review consisted of 4 incident not arising to PREA standards. Those incidents were documented with reports and scanned to the stats:

In reviewing each of the cases, the committee determined policy was followed; nothing occurred that could have prevented the incidents from happening. There were no signs to make an indication, in either circumstance, a sexual abuse would occur.

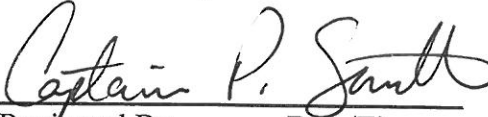

In each case review, the committee potentially found no indication either incident was motivated by race, ethnicity, gender identity, lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status.

The committee also determined there was no indication of gang affiliation, nor was any of the incidents motivated by or otherwise caused by other group dynamics within the facility.

The committee also determined the area in which the incidents occurred. The physical barriers in the place had no effect on the abuse, the staffing level was adequate.

I have nothing else to report at this time.
