## Overview

COMCARE provides a wide array of behavioral health services to adults and children in Sedgwick County. Target populations include children with serious emotional disorders (SED) and adults with a severe and persistent mental illness (SPMI). These populations are eligible for rehabilitative services that occur primarily in the community.

Crisis services, including mobile services, are available to assist individuals with urgent behavioral health needs and are provided 24/7.

COMCARE works closely with the City of Wichita on the Municipal Drug Court and Mental Health Court and with the Department of Corrections through a partnership on the District Drug Court. COMCARE also works closely with other County departments and the City of Wichita with Integrated Care Team (ICT-1), a co-responder program.

## Strategic Goals:

- *Develop new models of service delivery*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Strengthen focus on physical environment and staff safety*
- *Enhance a culture of innovation*
- *Focus on developing metrics and messages on the value of services*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- COMCARE continued all services into the second year of the pandemic with in-person visits and telehealth to ensure patients had access to the care necessary to meet their needs and continued to demonstrate flexibility as some needed to resume inpatient visits based on need
- COMCARE enhanced the Mobile Crisis Response team, achieving a 17.0 percent increase over 2021
- COMCARE engaged in routine planning meetings to ensure safe working environments were being provided for employees and guests in the facilities

# Accomplishments and Strategic Results

## Accomplishments

COMCARE launched #ZeroReasonsWhy, a teen suicide prevention campaign, across eight school districts in the region. The teen-led storytelling and community mobilization campaign is focused on teen suicide prevention and mental health. It seeks to engage peer-to-peer conversations among key audiences of teens, parents, educators, and health professionals to reduce the stigma of mental health, build community support, and commit to education.

COMCARE entered the third year of the ICT-1 partnership with other County departments and the City of Wichita with a 64.0 percent treat-in-place outcome.

COMCARE received a Certified Community Behavioral Health Clinic (CCBHC) expansion grant from Substance Abuse and Mental Health Services Administration (SAMHSA) for planning and implementation of CCBHC required services and participated in State planning workgroups to define Kansas criteria around implementation.

## Strategic Results

COMCARE will provide in-person and virtual Mental Health First Aid Training to residents of Sedgwick County.

- Between January 1, 2021 and December 31, 2021, COMCARE delivered eight adult and five youth Mental Health First Aid Trainings for a total of 162 participants. One training was delivered live and in-person. The remaining 12 were delivered virtually following staff certification on the new training model.

COMCARE will see growth in the number of new youth serviced.

- Between January 1, 2021 and December 31, 2021, COMCARE served 1,135 new youth, a 27.0 percent increase over the previous year.

COMCARE will be responsive to law enforcement requests for assistance and/or screening of persons brought in by law enforcement.

- Between January 1, 2021 and December 31, 2021, COMCARE provided assistance and screening to 1,214 referrals from the detention center and law enforcement and participated in 578 ICT-1 calls with greater than 64.0 percent treated in place. ICT-1 is a partnership created with law enforcement, Emergency Medical Services (EMS), fire departments, and COMCARE to address the access of needs of vulnerable populations and efficiently align appropriate resources.

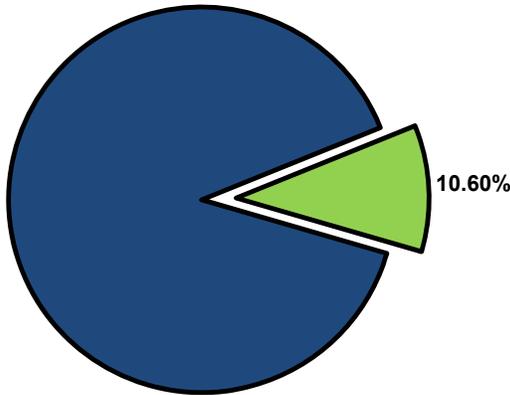

## Significant Budget Adjustments

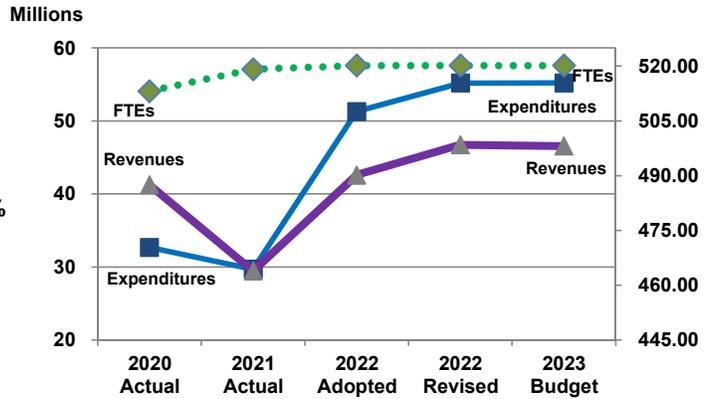

Significant adjustments to COMCARE's 2023 budget include a decrease in expenditures (\$2,046,865) and revenues (\$1,454,873) due to one-time funding for the CCBHC grant, a \$1,393,433 increase in charges for services due to moving to the CCBHC payment model, a \$772,623 increase in contractals due to the final payment of administrative fees from the COMCARE Tax Fund, a \$700,800 increase in contractals for security services, a \$256,840 increase in interfund transfers due to moving the COMCARE Tax Fund balance to the General Fund, and a \$10,000 increase in commodities due to a one-time expense for wearable security devices.

# COMCARE - Administration & Operations

**Mission:** COMCARE of Sedgwick County helps people with mental health and substance abuse needs to improve the quality of their lives.

**Joan Tammany, LMLP**  
Executive Director

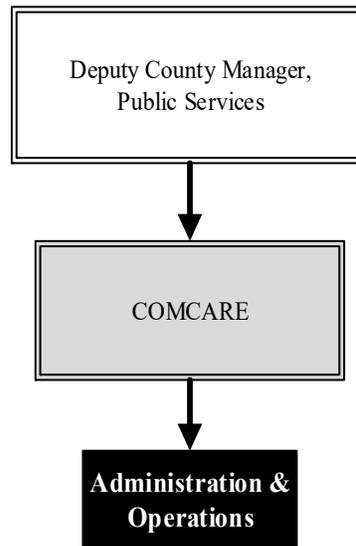

271 W. 3rd St. N., Suite 600  
Wichita, KS 67202  
316.660.7600

[joan.tammany@sedgwick.gov](mailto:joan.tammany@sedgwick.gov)

## Overview

COMCARE's Administration and Operations program delivers business services for the entire COMCARE organization, allowing other programs to focus on their core business functions and customer populations. Included in these services are eight groups of activities to support other operations within COMCARE. They include Administration, Finance, Human Resources, Information Technology (IT), Quality Improvement, Contract Administration, Compliance, and Facility Management.

COMCARE continues to centralize several processes to provide quality support to employees, and customers and staff have broadened the scope of their roles in department consolidation activities. One of the outcomes the Program is striving for is continued improvements in staff meeting annual performance expectations.

## Strategic Goals:

- *Develop new models of service delivery*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance professional pride through effective recruitment and retention strategies*
- *Focus on developing metrics and messages on the value of services*

## Highlights

- Medical Records staff processed 5,956 record requests from external entities in 2021 with an average turnaround time of two days
- COMCARE Billing staff processed 151,055 electronic claims that totaled \$17.9 million in charges in 2021
- COMCARE Operations staff monitored 350 contracts and agreements in 2021
- In 2021, the coronavirus disease (COVID-19) brought a variety of challenges including remote work, telehealth services, and oversight of new funding

# Accomplishments and Strategic Results

## Accomplishments

Recruitment of new employees and retention of current employees is critical to organizational viability. With the primary funding source for the Program being fee-for-service revenues, accurate and timely billing for third-party payers is essential. Robust orientation, training, risk management, and compliance programs are also essential components for retention efforts.

COMCARE's Administration and Operations staff are deeply committed to organizational sustainability efforts. IT plays a key role in environmental protection by making it possible for field-based employees to work from any number of County locations, which reduces travel and associated costs.

COVID-19 resulted in a need for staff to work hybrid schedules of working from home and from the office. COMCARE IT and Operations played a significant role in making the change possible by providing technology and support to the workforce.

## Strategic Results

By May 1, 2022, COMCARE had a goal to become a provisionally Certified Community Behavioral Health Clinic (CCBHC) and moved towards a prospective payment system (PPS) rate of Medicaid reimbursement. This goal was achieved and has been implemented.

For 2021, COMCARE's goal was to provide two trainings annually. COMCARE Administration presented to 30 agencies on the value of behavioral health services, including the National Alliance of Mental Illness (NAMI), the Sedgwick County Early Childhood Coordinating Council, the Suicide Prevention Coalition, local universities, and the United States Army National Guard and Reserves. Additionally, 14 in-person trainings were provided to staff focusing on resiliency, motivational interviewing, and CCBHC models of care.

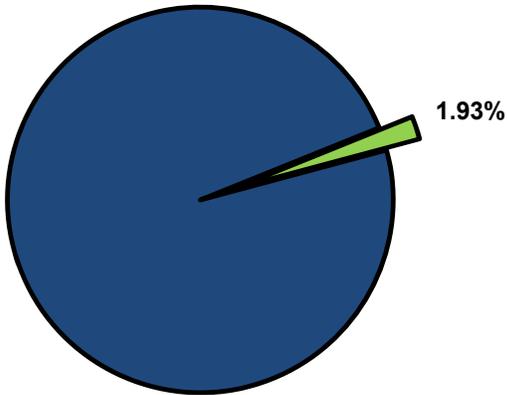

## Significant Budget Adjustments

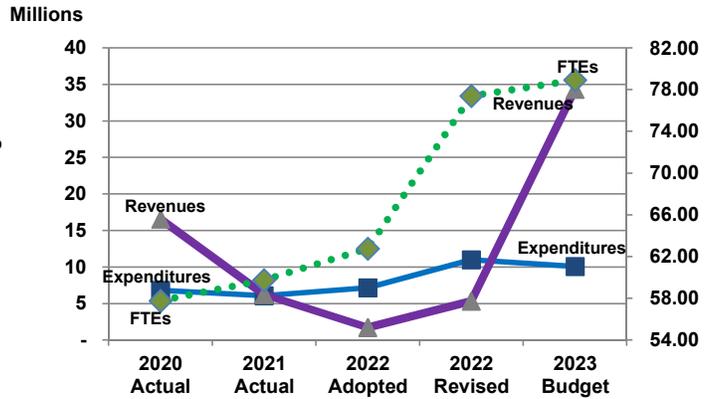

Significant adjustments to the COMCARE - Administration and Operations 2023 budget include a \$29,286,271 increase in revenues due to the consolidation of programs, a decrease in expenditures (\$2,046,865) and revenues (\$1,454,873) due to one-time funding for the CCBHC grant, a \$1,393,433 increase in charges for services due to moving to the CCBHC payment model, a \$772,623 increase in contractuals due to the final payment of administrative fees from the COMCARE Tax Fund, a \$256,840 increase in interfund transfers due to moving the COMCARE Tax Fund balance to the General Fund, and a \$50,538 increase in personnel due to the transfer of 1.50 full-time equivalent (FTE) positions from Adult Services.

### • COMCARE Administration

Administration provides program coordination and review, monitoring and evaluation, and organizational development and direction. This function is also responsible for administering and reviewing contractual agreements with affiliated service providers to ensure accountability and the delivery of contracted services. Approximately 350 contracts, including leases, grants, employment agreements, and provision of service contracts are monitored and administered each year for the Division of Public Services.

### • Housing First

The Housing First program provides chronically homeless individuals immediate access to a permanent residence (studio or one bedroom apartment). Rent and utilities are paid on behalf of the individual as they access wraparound services and are visited by case managers on a weekly basis. In 2022, Housing First funds were reallocated in order to hire a Housing First Program Eligibility Specialist to provide ongoing case management to program participants, coordinate housing, resources, and services that would follow a participant's housing placement.

### • COMCARE Quality Improvement

Quality Improvement staff are responsible for assuring organizational compliance with State and Federal regulations governing mental health and substance use services, creating an environment of continuous improvement, investigating, trending and mitigating incidents, developing and promoting risk management and safety practices within the agency, coordinating utilization review functions, managing complaints and grievances, obtaining and trending client satisfaction data, and managing COMCARE medical records. Quality Improvement staff also provide consultation within the agency and promote and manage quality improvement initiatives, assure affiliate agencies are compliant with State and Federal regulations, and manage the imaging of patient documents.

### • COMCARE Information Technology

Information Technology (IT) provides technical support and assistance with technology maintenance and upgrades for the Division of Public Services. The program supports both hardware and software for the department. In 2021, remote work and telehealth appointments were at the forefront of healthcare and the program worked diligently to research and purchase the software and hardware for staff to utilize to provide services. IT staff assists employees in the troubleshooting and repair of all computer hardware, maintains security cameras, and building badge readers. IT staff also supports the electronic health record (EHR) used by all COMCARE staff. This includes training staff on how to use the EHR, maintaining/upgrading the software, and providing data requests as needed. Annually, the program provides support to more than 500 computer users and over a thousand information technology devices.

### • Integrated Care

Health Links provides care management and care coordination activities to Medicaid eligible patients who are living with Asthma, Paranoid Schizophrenia, or Severe Bipolar Disorder. Through screening, health goal setting, coordination of services between physical and behavioral health care providers, delivery of health promotion and health coaching, the goal of Health Links is to increase patient involvement in his/her own care, increase access to preventive screening, and routing physical and behavioral health care.

### • CCBHC

The Certified Community Behavioral Health Clinic (CCBHC) is a program model, currently funded by a Federal grant through the Substance Abuse and Mental Health Services Administration (SAMHSA), that works to increase and improve the quality of community mental and substance use disorder treatment services. CCBHCs provide person and family centered integrated services. The program must provide access to services including 24/7 crisis intervention services for individuals with serious mental illness (SMI) or substance use disorders (SUD), including opioid use disorders; children and adolescents with serious emotional disturbance (SED); and individuals with co-occurring mental and substance disorders (COD). SAMHSA expects this program to provide comprehensive 24/7 access to community-based mental and substance use disorder services; treatment of co-occurring disorders; and physical healthcare in one single location.

### • Operational Revenues

COMCARE revenues that support the department globally are reflected in this program. This includes revenues collected from CCBHC Medicaid Services, which is a reimbursement model that covers services on a per day basis so the revenues are operational rather than specific program revenue; participating community mental health center (CMHC) contract dollars from the State, which helps cover services for the uninsured and underinsured; and any cash that is budgeted as a revenue source.

### • Shelter Plus

Shelter-Plus-Care (SPC) makes available permanent housing in connection with supportive services to homeless individuals with disabilities and their families. The program provides rental assistance for up to 120 households. The program works to rapidly place households into permanent housing without pre-conditions such as sobriety, treatment, criminal background, or a minimum income threshold.

### • COMCARE KDADS CARES

The Kansas Department for Aging and Disability Services (KDADS) Coronavirus Aid, Relief, and Economic Security (CARES) Act fund made available funding from Federal funds that were established by the CARES Act. The funds were utilized on eligible expenses that are necessary due to the public health emergency with respect to the coronavirus disease (COVID-19) that were not previously budgeted for and were incurred during the period of March 1, 2020 through December 30, 2020. COMCARE utilized these funds mainly to improve facilities, enhance abilities to provide more services via telehealth, and offering various assistance to patients.

# COMCARE - Adult Services

**Mission:** COMCARE of Sedgwick County helps people with mental health and substance abuse needs to improve the quality of their lives.

**Shantel Westbrook**  
 Director of Rehab Services

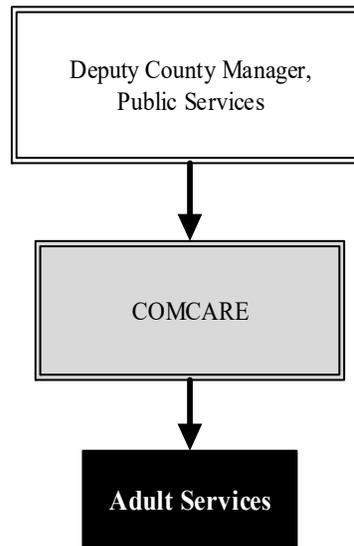

402 E. 2nd St., Suite B  
 Wichita, KS 67202  
 316.660.9657

[shantel.westbrook@sedgwick.gov](mailto:shantel.westbrook@sedgwick.gov)

## Overview

COMCARE’s Adult Services serves Sedgwick County residents ages 18 or older who suffer from a range of mental health and addiction issues and illnesses, from less severe to chronically mental ill, including those who are homeless.

Adult Services provides comprehensive mental health services including assessments, psychiatric care, intensive case management, and individual and group therapy. Addictions treatment offers assessment and evaluation, co-occurring mental health and substance use treatment, primary addiction treatment, problem gambling assessment and treatment, and alcohol and drug education programs. Other specialized mental health and addictions treatment services are available such as Drug Court and assertive outreach to homeless individuals.

## Strategic Goals:

- *Develop new models of service delivery*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance a culture of innovation*
- *Focus on developing metrics and messages on the values of services*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- COMCARE Intake and Assessment Center completed 1,489 new patient intakes in 2021 for adults
- In 2021, Addiction Treatment Services completed 543 new patient assessments, and 1,063 patient screenings to determine suitability for substance use and disorder services
- Center City continued to assertively outreach those in need despite the coronavirus disease (COVID-19) pandemic. Contact was made with 296 people and a high number later became actively enrolled in needed services

# Accomplishments and Strategic Results

## Accomplishments

COMCARE Adult Services has expanded to include an Assertive Community Treatment (ACT) team. ACT is an evidence-based practice that improves outcomes for people with severe mental illness. Those who are referred to ACT are most likely to be severely impaired and at-risk of hospitalization and/or involved in the criminal justice system. The goal of the ACT Team is to be accessible and responsive to those receiving services in the program. Services are provided frequently and in vivo to assist with needs. The ACT caseload is shared, therefore, any of the members on the team can assist anyone in the program with their needs. The shared caseload also allows for members of the team with a specific skill set to use their knowledge to guide those in need.

COMCARE Outpatient Services began offering intake appointments via televideo in February 2021 in order to reduce any barriers to access and to provide an additional safety measure for individuals continuing to be impacted by the COVID-19 pandemic. In-person intake appointments were offered at an additional COMCARE location, further increasing accessibility and availability for adults. This helped increase accessibility of mental health services.

## Strategic Results

In February 2021, the Department added three Patient Navigator positions to Adult Services, which have a focus on evaluating patient information to gather data points to determine level of need, progression of change, and level of satisfaction of services. From February 2021 through January 2022, 511 patients were evaluated.

By February 14, 2023, COMCARE set a goal to begin using the Columbia Suicide Severity Rating Scale, Patient Health Questionnaire (PHQ-9) and Social Determinants of Health Screens. Between February 2021 through January 2022, COMCARE screened 4,165 patients, (of those 1,237 were youth), for mental health services through the use of the Columbia Suicide Severity Rating Scale, PHQ-9, and Social Determinants of Health Screens.

In 2021, COMCARE had a goal to provide 90.0 percent of staff standing workstations. Adult Services purchased 19 standing workstations to build staff health, engagement, and comfort while providing services. Additionally, competitive hiring bonuses were implemented for provider staff to fill critical provider positions.

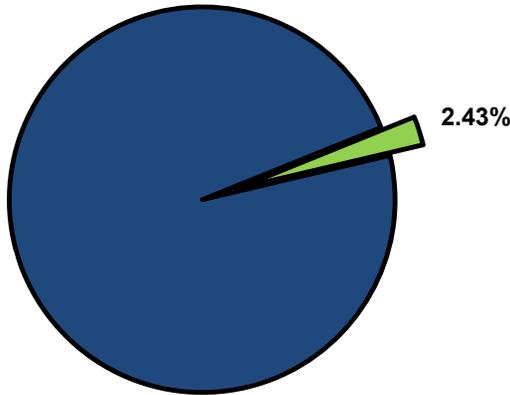

## Significant Budget Adjustments

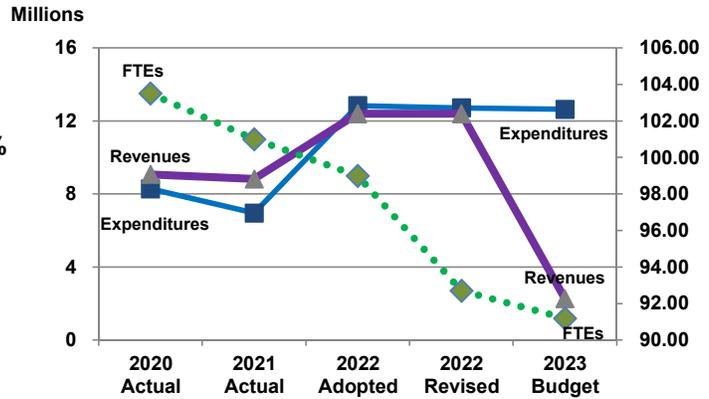

Significant adjustments to the COMCARE - Adult Services 2023 budget include a decrease in revenues (\$10,219,542) due to the consolidation of programs and a decrease in personnel (\$50,538) due to the transfer of 1.50 full-time equivalent (FTE) positions to Administration & Operations.

### • Sedgwick County Drug Court Program

The Sedgwick County Drug Court Program is a collaboration between COMCARE, the Department of Corrections, the 18th Judicial District Court, and the Office of the District Attorney. In this Program, non-violent, felony offenders who have a moderate/severe substance use disorder are offered the opportunity to voluntarily participate in 18 months of probation with intensive drug and alcohol treatment, and community supervision. The Program began accepting referrals on November 10, 2008.

### • Special Alcohol & Drug Program

In 1979, the Kansas Legislature established a 10.0 percent gross receipts tax on the sale of alcoholic liquor in private clubs. The legislation required a portion of the revenue be credited to each county's Special Alcohol and Drug Programs Fund "for the purchase, establishment, maintenance, or expansion of services or programs of alcoholism and drug abuse prevention and education, alcohol and drug detoxification, intervention in alcohol and drug abuse, or treatment of persons who are alcoholics or drug abusers."

### • Substance Abuse Counseling

This program is designed for adults, ages 18 and older. There are more men enrolled in services, but there are a growing number of women seeking or being referred to services. A significant number of these patients not only have a Substance Use Disorder, but also a Co-Occurring Mental Health Disorder. Individuals are referred to Substance Use Disorder treatment by either COMCARE's Intake and Assessment Center or from other assessment or referral agencies. The average length of stay in primary treatment is based upon the individual's needs and progress. The treatment process focuses on providing individuals with the skills necessary to remain abstinent from alcohol and drugs or move toward risk reduction by decreasing usage patterns. Group therapy, motivational techniques, cognitive-behavioral strategies, and relapse prevention are included in this process.

### Center City Case Management

Each January, Center City and Impact ICT – CoC (formerly Wichita-Sedgwick County Continuum of Care) conduct a one-day point-in-time survey to count the number of people experiencing homelessness. The count is used for local planning and HUD grant applications. The survey is of persons who were homeless during one 24-hour overnight period on January 29, 2020. In Wichita-Sedgwick County, 619 literally homeless persons (those living in emergency shelter, transitional housing, safe haven, or in places not meant for human habitation such as in cars or on the streets) were identified. This number is up from 593 in 2019. While this number only provides a snapshot of persons encountered during the one-day count, these findings constitute a valuable planning tool to improve the response to homelessness in the Wichita-Sedgwick County area.

### Center City Supported Housing

The Center City Homeless Program provides supported housing services to recipients of Shelter-Plus-Care (SPC). Supported housing services operate with the goal of assisting those with severe mental illness in maintaining housing. By developing skills necessary to live independently and managing mental health symptoms, patients can achieve housing goals.

### • Adult Services Case Management

Case management services are provided to individuals experiencing a severe and persistent mental illness to help them obtain and learn to use community resources in the areas of housing, medical services, financial support, social interaction, education, and employment. Examples of assistance include support in managing disruptive effects of their mental illness, access to other treatment services, how to re-enter school, how to obtain financial benefits or food stamps or use community resources such as the food bank. In addition, a specialized discharge team works directly with Osawatomi State Hospital to return capable consumers to their community. Upon discharge, case managers then assist the consumer with local treatment and housing options, life skills, and community integration. Approximately half of the case management services are provided by County staff with the other half provided by other business partners.

### • Adult Services Community Integration

Community Integration improves the individual's ability to function successfully in the community by offering services in a natural community setting in which consumers practice social and practical skills that will assist in their community reintegration. Community Integration is structured to help consumers gain more knowledge of the community, practice more difficult daily living skills, expand pre-vocational and educational experiences, and participate in non-mental health settings.

### • Adult Services - CIAC

COMCARE's Intake and Assessment Center (CIAC) is primarily responsible for completing initial adult intake assessments and determining the appropriate services necessary. CIAC provides walk-in intake services Monday-Friday 8am-3:30pm. Community members are able to walk in and be seen on the same day. During that initial assessment, the CIAC staff person can provide information about the services offered with COMCARE as well as other community resources. The focus of the initial appointment is to match the need with the services desired and identify goals for treatment. In 2021, CIAC clinicians completed 1,489 adult intakes.

### • Adult Services Therapy

Therapy Services utilizes evidence-based practices to provide individual and group therapy to treat adult mental illness and improve a patient's quality of life. Therapists operate from a strengths-based, person-centered approach and work collaboratively towards treatment goals identified for each individual. Adult Services partners with area colleges to have a student therapy clinic that allows college students to gain practicum experience under the supervision of licensed individuals while providing individual and group therapy to uninsured adult community members.

# COMCARE - Community Crisis Center

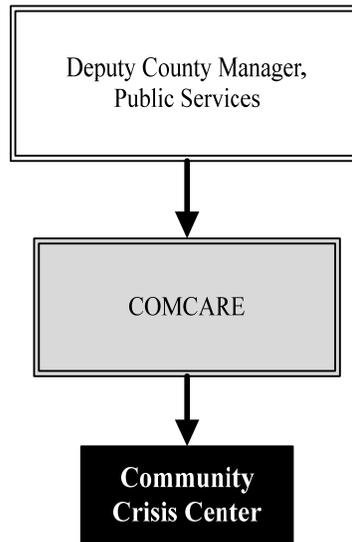

**Mission:** COMCARE of Sedgwick County helps people with mental health and substance abuse needs to improve the quality of their lives.

**Jennifer Wilson, LMSW**  
 Director of Crisis Services

635 N. Main St.  
 Wichita, KS 67203  
 316.660.7816  
[jennifer.wilson@sedgwick.gov](mailto:jennifer.wilson@sedgwick.gov)

## Overview

COMCARE Community Crisis Center (CCC) provides mental health emergency services 24/7 to all residents of Sedgwick County. Additionally, the CCC provides after-hours coverage to residents of Butler County and Sumner County. CCC provides face-to-face and televideo crisis intervention services, including services by a mobile crisis unit. Services include assessment, hospital screening, brief therapy, case management, and attendant care. At CCC, priority is given to assessment and intervention with those who are at risk of suicide. The Sedgwick County Offender Assessment Program (SCOAP) is designed to better address the needs of individuals whose mental illness is at the core of their arresting behaviors. Most of the crimes involved are misdemeanor offenses. Services provided include assessment and case management.

## Strategic Goals:

- *Develop new models of service delivery*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance a culture of innovation*
- *Focus on developing metrics and messages on the value of services*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- The Community Outreach Team, a partnership between CCC and the Wichita Police Department, was created. The team consists of one clinician and one police officer, with the goal of providing outreach services to high utilizers of care as a way to reduce 911 contacts and prevent further entanglement in the legal system
- In 2021, CCC continued to have limitations caused by the coronavirus disease (COVID-19) pandemic; however, ways were found to safely deliver care to those in mental health crisis. The CCC provided in-person assessments and stabilization services. The Crisis Stabilization unit increased capacity to 60.0 percent

# Accomplishments and Strategic Results

## Accomplishments

Due to social distancing requirements that were in place caused by COVID-19, the CCC maintained a reduced census in the mental health observation and stabilization units. The stabilization unit, however, was able to increase census to 60.0 percent capacity and sobering and detox services returned to full capacity. CCC services continued in order to prevent suicide and provide alternatives to emergency and inpatient medical care. Justice alternatives resumed operations, with Assisted Outpatient Treatment (AOT) and Mental Health Court resuming in-person hearings, and AOT, SCOAP, Kansas Supportive Housing for Offenders (KSHOP), and Integrated Care Team (ICT-1) programs all significantly increasing the number of individuals served.

In 2021, the CCC worked towards improving Mobile Crisis Unit (MCU) response. A full-time clinical supervisor was hired to provide oversight to the mobile team, and recruitment for an additional clinician position began. In 2021, the team saw a 17.0 percent increase in mobile responses, with a total of 530 patients being served; with about 70.0 percent of those patients not being known by the center. It is estimated that only 20.0 percent of responses resulted in an inpatient psychiatric admission.

## Strategic Results

The Community Crisis Center implemented competitive hiring bonuses for provider staff to fill critical provider positions.

In October 2021, the Department added a Community Policing Clinician to impact high utilizers of the behavioral health and law enforcement communities. Between October 2021 and December 2021, the team made 187 total contacts and 911 usage was decreased by 72.0 percent. The Community Crisis Center created programming to meet patients where they are at, specifically, providing mobile crisis intervention to community members. The program has more than doubled its interventions since its implementation, completing 530 mobile crisis interventions in 2021. The overall goal was to treat in the least restrictive setting, and in 2021, to reduce hospitalization.

The Integrated Care Team-1 (ICT-1) Co-Responder team responded to 675 calls, and 578 of those responses were in-person. For 2021, the goal was to treat 50.0 percent to 60.0 percent of all responses in place. Of the 578 responses, the team was able to treat 55.0 percent of them in place. As a result of the efforts made by ICT-1, Emergency Medical Services (EMS), the Fire Department, and law enforcement officers were disregarded a total of 632 times to respond to more urgent emergencies.

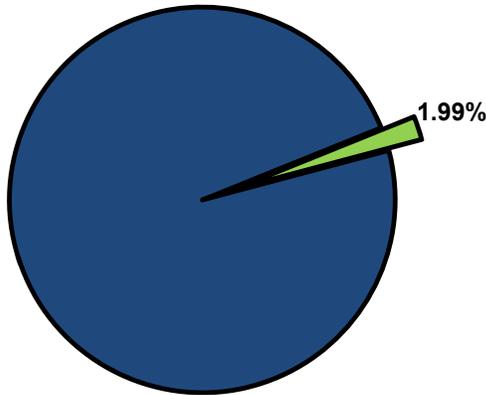

## Significant Budget Adjustments

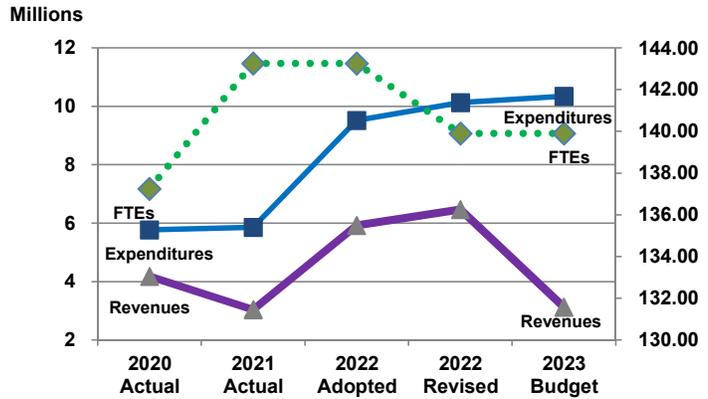

Significant adjustments to COMCARE - Community Crisis Center's 2023 budget include a decrease in revenues (\$3,335,314) due to the consolidation of programs, as well as a \$700,800 increase in contractuals for security services, and a one-time \$10,000 increase in commodities for wearable security devices.

### • Sedgwick County Offender Assessment Program

The Sedgwick County Offender Assessment Program is designed to better address the needs of non-violent individuals whose mental illness is at the core of the arresting behavior. In some circumstances, these individuals can be redirected away from incarceration and into community-based mental health treatment.

### • Community Crisis Center

The Community Crisis Center (CCC) collaboration offers a continuum of expanded crisis mental health and addiction treatment services housed at a single facility. The community vision is to create a center and system of integrated services that holistically address the unmet needs and conditions of individuals experiencing a behavioral health crisis. The CCC provides early detection, assessment, intervention, and referral services. This center is available for law enforcement, family members, and patients to access 24/7 in an effort to provide the support they need to prevent their mental health and substance use disorder crisis from escalating. The need for this type of center arose from a growing number of law enforcement officers being trained in the Crisis Intervention Team (CIT) model. National Alliance for Mental Illness (NAMI) volunteers are present 16 hours per month to provide support to families in crisis and offer additional resources.

### • Crisis Therapy

Crisis Therapy provided face-to-face and televideo short-term therapy, which may include psychiatric mental health counseling, treatment planning, pharmaceutical drug intervention when required, or referral to another community resource. Crisis Therapy also provided evaluation services for patients referred for or pursuing admission to services at the CCC facility, other COMCARE programs, or other community service providers. In addition, pre-admission assessments on all individuals from Sedgwick County who were being referred for admission to Osawatomie State Hospital were also completed by the clinicians in this program.

### • Suicide Prevention

In 2021, 89 Sedgwick County community members ended their life by suicide. Suicide is the tenth leading cause of death. The Suicide Prevention Coalition (SPC) is comprised of concerned community members and service providers representing numerous community and advocacy groups to address the issue of suicide. The coalition works to both increase awareness of suicidal symptoms and to address the underlying mental and social causes of suicide. In 2018, the SPC created a research partnership with the Sedgwick County Regional Forensic Science Center to explore each death by suicide in an effort to identify local predictors of self-directed violence.

### • 988 Transition Grant

The Federal Communication Commission (FCC) has adopted "988" as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline. The goal of this number is to help combat rising suicide rates by making it easier for Americans in crisis to obtain assistance from trained counselors. The number goes live July 16, 2022. As a Lifeline Center, COMCARE will take calls for the 316 area code, assuring residents in the community have their 988 calls answered locally and can result in referral to local services. COMCARE received a State grant from the Kansas Department for Aging and Disability Services (KDADS) to use for planning and implementation expenses.

### ● 988 Crisis Hotline

On July 16, 2022, the National 988 Suicide and Crisis Lifeline went live. The lifeline will provide 24/7, free, and confidential support to people in suicidal crisis or emotional distress. The lifeline helps thousands of people overcome crisis situations every day through telephone-based crisis intervention and refers to mobile intervention and follow-up services when necessary.

### ● ICT-1

The Integrated Care Team (ICT-1) is a collaborative effort between governmental agencies from Sedgwick County and the City of Wichita to address mental crises in real-time as they occur in the community. The team consists of a Qualified Mental Health Professional, a law enforcement officer, and a paramedic supported by transportation and equipment from the Wichita Fire Department. This multi-discipline approach allows for collaborative assessment, appropriate intervention to improve outcomes, and alleviates unnecessary or inappropriate emergency department, crisis facility, or jail admissions.

# COMCARE - Children's Services

**Mission:** COMCARE of Sedgwick County helps people with mental health and substance abuse needs to improve the quality of their lives.

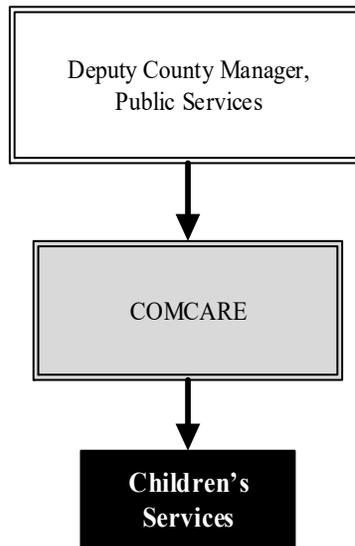

**Shantel Westbrook**  
 Director of Rehab Services

350 S. Broadway St.  
 Wichita, KS 67202

## Overview

Children's Services is a program dedicated to helping children with serious emotional disturbance (SED) live at home and remain involved in the community. Children who meet the criteria for SED can be referred by a family member, physician, therapist, psychologist, teacher, or any other concerned person. Medicaid and some health insurances are also accepted.

The Program has partnerships with local juvenile justice, child welfare, and local schools. These partnerships allow for collaborations aimed at improving outcomes for these populations. Children's Services is also involved in detention reduction initiatives focused on connecting youth to needed treatment instead of incarceration.

## Strategic Goals:

- *Develop new models of service delivery*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance a culture of innovation*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- Children's Services enhanced the use of groups for both therapy and skill building. One interesting aspect was the development of an art therapy group
- Youth hospitalizations increased by nearly 20.0 percent from 2020 to 2021. In response to the significant increase of youth in the community being hospitalized or needing a higher level of care, children services added a hospital discharge specialist

# Accomplishments and Strategic Results

## Accomplishments

COMCARE Children's Services continues to work on identifying and overcoming barriers for children and youth to access services and to increase options for treatment. COMCARE offers individual and family therapy via in-person sessions at the therapy clinic or the school setting, as well as the option for telehealth. COMCARE Children's Services also added group therapy as a treatment option with the addition of an art therapy group aimed toward teenagers experiencing depression and anxiety with a plan to expand group treatment in the coming year.

With the treatment model shifting toward care coordination, Children's Case Manager positions were renamed as Integrated Care Specialists to further highlight the importance of holistic health care. In response to community needs and increase in psychiatric hospitalizations of youth, community-based services expanded its reach by hiring additional hospital discharge specialist positions which allows these vulnerable youth to be wrapped with services more quickly following an inpatient hospital stay.

Children's Services has an overall goal of reaching more children and youth in the county that have SED. The goal is to continue to increase numbers served through outreach and community education.

## Strategic Results

With an increase of 225.0 percent of youth either presenting to hospitals or requesting a psychiatric residential treatment facility (PRTF), three additional staff focused on providing extensive services to those being released from the hospital and transitioning. This provided for three staff to focus on providing additional support services for those at high risk for hospitalization or similar higher level of care. This was in effect throughout 2021; one being added July 1, 2021, and one being added in early 2022.

In 2021, COMCARE had a goal to provide 90.0 percent of staff standing workstations. Children's Services purchased eight standing workstations to build staff health, engagement, and comfort while providing services. Additionally, hiring bonuses were implemented for provider staff to fill critical provider positions.

By February 14, 2023, COMCARE set a goal to begin using the Columbia Suicide Severity Rating Scale, Patient Health Questionnaire (PHQ-9) and Social Determinants of Health Screens. Between February 2021 through January 2022, COMCARE screened 4,165 patients, (of those 1,237 were youth), for mental health services through the use of the Columbia Suicide Severity Rating Scale, PHQ-9, and Social Determinants of Health Screens.

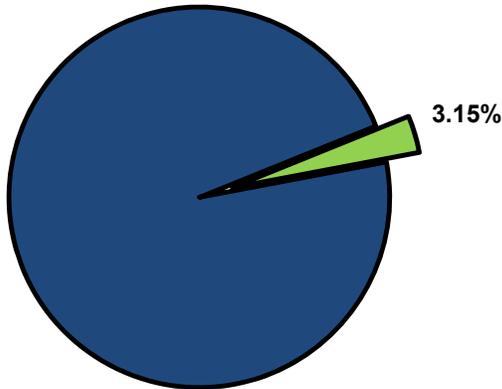

## Significant Budget Adjustments

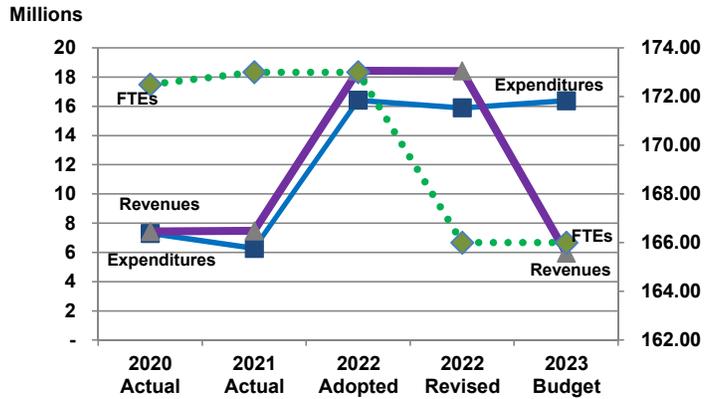

Significant adjustments to COMCARE - Children's Services' 2023 budget include a decrease in revenues (\$12,468,295) due to the consolidation of programs.

### • Children's Services Administration

COMCARE staff provide general administrative support and program oversight to ensure the efficient and effective delivery of mental health and case management services to family and children of this community. This fund center is also responsible for affiliate billing for community-based providers for Medicaid payments as COMCARE is the community mental health center for Sedgwick County and is the authorized recipient of such funds.

### • Children's Services Case Management

Case management services gives children and families the added support needed for successful daily management of symptoms related to the child's mental illness. Case Managers assist children in gaining communication, daily problem-solving, and coping skills. They also support guardians in gaining knowledge related to their child's diagnosis and gaining tools for parenting their child's special needs. Case Managers also help families discover community supports and resources to help them with on-going support.

### • Children's Services Therapy

Therapy Services utilizes evidence-based practices to provide individual, family, and play therapy to assist patients in addressing their emotional and social problems. Family therapy focuses on assisting families develop the skills necessary to help the child be successful in the home. Individual therapy focuses on assisting the youth to develop necessary skills to manage their mental health symptoms. Play therapy focuses on helping children express what is troubling them when they do not have the verbal language to express their thoughts and feelings. Services are provided in the Community Mental Health Center (CMHC) or in the school setting as appropriate.

# COMCARE - Medical Services

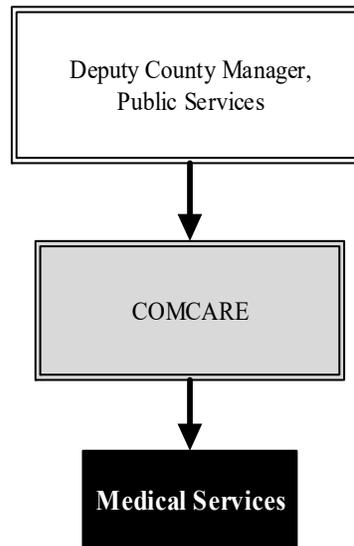

**Mission:** COMCARE of Sedgwick County helps people with mental health and substance abuse needs to improve the quality of their lives.

**Rex Lear, MD**  
Chief Psychiatrist

1919 N. Amidon Ave., Suite 130  
Wichita, KS 67203  
316.660.7675  
[rex.lear@sedgwick.gov](mailto:rex.lear@sedgwick.gov)

## Overview

COMCARE Medical Services provides medication services to COMCARE’s patients. Clinical programs include: COMCARE Intake and Assessment Center with same day access, Crisis Intervention Services (Community Crisis Center), Children’s Services, Adult Outpatient Services, Addiction Treatment Services, Community Support Services, Homeless Program, Sedgwick County Offender Assessment Program (SCOAP), and COMCARE patients hospitalized at Ascension Via Christi’s inpatient facility.

## Strategic Goals:

- *Develop new models of service delivery*
- *Strengthen focus on physical environment and staff safety*
- *Focus on developing strategies for high volume, high-risk utilizers of services*
- *Enhance a culture of innovation*
- *Focus on developing metrics and messages on the value of services*
- *Enhance professional pride through effective recruitment and retention strategies*

## Highlights

- Successful provision of continuity of care of psychiatric services using a variety of service methods including televideo, telephonic, and in-person appointments
- In 2021, COMCARE Medical Services provided 23,471 medication management and long-acting injection administration visits

# Accomplishments and Strategic Results

## Accomplishments

The COMCARE medical and nursing team has been able to safely and successfully provide medication management services to COMCARE patients using creative resources such as telepsychiatry despite the challenges of the coronavirus disease (COVID-19) pandemic.

## Strategic Results

In 2021, COMCARE had a goal to provide 90.0 percent of staff standing workstations. COMCARE Medical Services purchased 12 standing workstations to build staff health, engagement, and comfort while providing services.

Additionally in 2021, COMCARE - Medical Services set an overall goal to increase in-person visits from 2022. Medical Services were increased in 2021 over 2020 overall by 3.3 percent from 29,512 visits to 30,490 visits with almost 31.0 percent of the 2021 visits being provided in-person or via televideo.

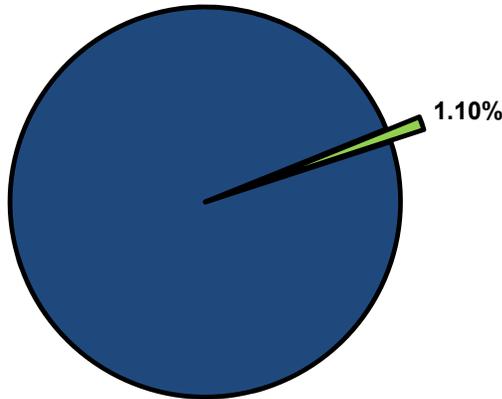

## Significant Budget Adjustments

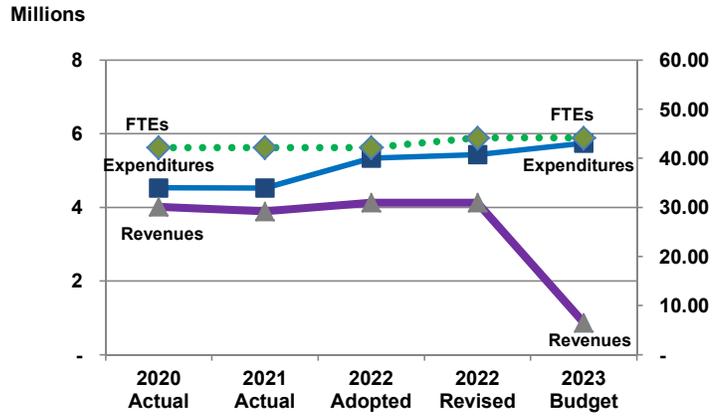

Significant adjustments to the COMCARE - Medical Services' 2023 budget include a decrease in revenues (\$3,263,120) due to the consolidation of programs.

### • Medication Outreach

The Adult Medication Outreach Program (CMO) is a service provided by the Adult Medical Clinic nursing staff for patients who are at high risk for psychiatric hospitalization or de-compensation due to medication non-compliance or inability to adequately self-administer their medication. Services include medication outreach (home delivery) aimed to develop skills to increase the patient's ability to administer their own medications in the future. In addition, medication planners completed by nursing staff are available for patient pick up at the Adult Medical Clinic. Delivery of medications is set on a schedule that ranges from daily to monthly depending upon patient need and acuity. The overarching goal of this service is to reduce destabilization of psychiatric symptoms, including suicide attempts and hospitalizations.

### • Inpatient Medical

This program represents the inpatient component of the system of care COMCARE utilizes to provide appropriate psychiatric services for COMCARE patients who are hospitalized at Via Christi Behavioral Health. A local hospital alternative to the State Hospitals at Osawatomic and Larned is important in addressing hospital bed shortages, reducing transportation costs, and is less disruptive to the lives of consumers and their families. COMCARE bills Medicaid and other third party payers for services provided.
