

Reserve funds account for funding previously allocated by the Board of County Commissioners for specific projects. For example, Sedgwick County maintains reserves to replace various types of equipment and finance large capital projects. Each reserve fund is specifically authorized by Kansas statutes.

While a formal budget for these funds is not required to be adopted at the same time as operational budgets, State budget law does require that taxing districts show actual fund revenues and expenditures for the previous year for each fund. The following tables outline actual revenue and expenditures, which includes interfund transfers to and from other funds, and fund balances on a budgetary basis.
