On the recommendation of Lee Barrier, on behalf of Emergency Communications, Tim Myers moved to **accept the low bid from Watson Furniture Group, Inc. dba Watson Consoles - Primary in the amount of \$746,198.71**. Jennifer Blasi seconded the motion. The motion passed unanimously.

This item is the second part of the CIP remodel of the Emergency Communications 911 Call Center, previously approved on November 16, 2022, which expands the call center floor. The furniture was advertised as a separate competitive bid for best pricing.

The new furniture consists of two (2) basic console models, one (1) for each supervisor and one (1) for each dispatcher. The consoles are designed for 24/7 use and allows for additional monitors, CPUs, and other 911 equipment to be ergonomically accessible. The new consoles will support Call Takers and Public Safety Dispatchers, and includes two (2) Kansas Department of Transportation (KDOT) consoles and additional stations. Consoles meet Americans with Disabilities Act (ADA) requirements.

## Questions and Answers

Brandi Baily: Because I don't remember what all of the remodel entails, is this furniture replacing old stations or is it coming in for new stations in a newer area?

Elora Forshee: All of the work stations we have now are going to be removed. They are falling apart; so it is going to replace everything.

Tim Myers: I noticed with this bid that they are a lot lower than the others that submitted bids. Were we satisfied with the product that they were going to provide to us?

Elora Forshee: Yes. I was honestly surprised that they were the lower. In August we went out to the APCO Conference and looked at all of the furniture vendors and looked at what they have to provide and Watson has a nice product.

Russell Leeds: I assume that they support repairs... parts and repairs?

Elora Forshee: Yes. There is a service plan that goes to it. I don't know if Sandy can speak to how long that is or not.

Sandy Anguelov: It is definitely for a year but I think they will service anything as long as it is their product.  
*(After the meeting Sandy Anguelov requested we clarify for the record that is a lifetime warranty on the furniture NOT one (1) year.)*

Russell Leeds: We're buying it with vendor's warranty and they have the capacity to work on and repair their own product?

Sandy Anguelov: They support their product.
