ADDENDUM #1 RFP #23-0063 SURPLUS PROPERTY AUCTION SERVICES

September 20, 2023

The following is to ensure that vendors have complete information prior to submitting a *proposal*. Here are some clarifications regarding the proposal for *Surplus Property Auction Services* for the *Finance Department*.

Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

1. Appendix A referenced on page 3 of Sedgwick County's RFP #23-0063 SURPLUS PROPERTY AUCTION SERVICES appears to be missing in the document. Will you kindly email us with the missing Appendix?

This was a clerical error. Appendix A shows the sales for years 2020-2022 and is available at the end of this document.

2. Also, regarding auction results, can you provide more recent results than those of 2017 of previously sold assets and their winning bid amounts? It is understand that this is not a guaranteed list of items to be provided, but would be helpful for understanding potential assets.

Yes, please refer to Appendix A at the end of this document.

3. Who is currently providing these services?

Purple Wave Inc. dba Purple Wave Auction.

4. What was the auction gross sales generated in 2022? What was the auction gross sales generated in 2021?

2022 = \$162,295.00 2021 = \$8,102.50

5. For clarification - the county will consider a solution where assets are hauled away to the vendor's location, stored, cataloged, imaged, and then auctioned online on the vendor's online platform?

Yes.

6. Would the county consider a hybrid approach solution where the county takes photos/provides basic information on the assets while the items remain on the county's property, the vendor creates/manages the auction listings & sales on the vendor's online platform, and the county & vendor coordinate for the winning bidder to pick up the asset from the county's location?

No.

7. Will evidence from the police departments or Sheriff's Offices be included?

Possibly. That is up to the department.

8. Are there multiple locations where assets may be kept? How many locations and where are they located?

Yes. Usually items are stored at four (4) main locations but for larger items (rolling shelves, 100s of chairs, big lots of furniture. Your firm will go to the department location to list from there. There are over 40 locations all over Sedgwick County.

9. Does the county want all vehicles to remain in place at county locations?

No. Sedgwick County would prefer the vehicles are moved are off site due to space but can accommodate if needed.

- 10. For vehicles:
 - a. What kind of sales documents will the assets have?

Titles.

b. Will they have clean titles?

Yes.

c. Who owns the assets?

Sedgwick County owns the assets.

d. Are they the county's assets?

Yes.

11. Page 3, Background – How often or what percent of auction items are estimated to be smaller personal property (computer accessories, office furniture, etc.) vs vehicles and heavy equipment?

That varies greatly. In 2022, \$147,850.00 out of the full \$162,295.00 of surplus sales was from vehicle alone. However, in 2021 no vehicles were sold.

12. Page 3, Background - On average, how many auctions does the county hold per year?

10-12.

13. Page 5, Section VII.B.6 – If items are sold from Sedgwick County sites instead of the Auctioneer's holding yard(s), would the county be willing to meet winning bidders if all other aspects of pick-up are coordinated by the awarded vendor?

No.

14. Page 8, Section VII.G – Would the county be willing to negotiate modifying the Indemnification section to better align with an auction service business relationship? For example, by adding the following sentences to the indemnification clause: Further, this indemnification obligation shall not extend to the extent that any claims result from; (I) the City's ownership and maintenance (or lack thereof) of auction items; (iii) the condition of the auction items at the time of auction; (iv) any title defects or delays in delivering free and clear title to the auction items, (v) any violations by the city parties of any applicable state and federal laws, including, without limitation, state and federal emissions laws and regulations.

The county is willing to add the following sentence:

"...Notwithstanding the foregoing, this indemnification obligation shall not extend to any claims arriving from county's maintenance (or lack thereof) of the auction items, any title defects or delays in delivering free and clear title to the auction items caused by county, or any violations by county of any applicable state and federal laws, including, without limitation, state and federal emissions laws and regulations."

15. Would the county consider splitting smaller personal property (computer accessories, office furniture, etc.) and vehicle/equipment stock into two (2) separate contract awards?

No.

16. Please provide clarification regarding Appendix B. More specifically, our questions are as follows: On Question #1 regarding the capability of an off-site storage area for county surplus items, is the county expecting the successful candidate to continuously have access to an off-site storage area that the county could deliver items to prior to an auction or is this more of a facility that would be available to move items once the county has sufficient property for an auction to prepare the items to have sold at auction?

This is referring to the auction company having their own space to take Sedgwick County items to for storage until they are picked up from the winning bidder.

17. Regarding Question #1 regarding the off-site storage area, what would be the estimated size and condition of an off-site storage area that would be envisioned or required for county surplus items? For example, is there a minimum number of square feet, would it need to be indoor or outdoor storage or a combination; any other restrictions or limitations that would be required regarding the off-site storage?

Ideally, an inside space that's 1000 sq. ft.

18. Regarding Question #2 regarding the capability of moving surplus items, is the county looking for full-time employees that the successful candidate would have available for moving county surplus items or would it only be when notice would be provided by the county that there are items to be moved? Also, can this be subcontracted out or is it a requirement of the company to have staff available?

This is regarding helping the winning bidder move items out of surplus storage using moving equipment (dollies) and moving the items around within the county's surplus space to put them in lots.

19. Regarding Question #2 would there be any examples of the types of county surplus items that have been moved in the past? Are the items less than 50 pounds or a different weight, smaller items, fragile items, items that require moving equipment, etc.?

Please see question 2 for a list of examples of the items we typically sell.

20. A general question regarding the sales of the gross surplus items at auction, what is the county expecting as far as frequency? Would the sales need to be one (1) per month, one (1) per quarter, etc. Alternatively, would the sales be once the estimated gross value exceeded a certain amount, etc., what have the estimated gross sales of each auction been in the past; how frequent have the auctions been in the past?

Frequency: 10-12 a year, as needed. We decide to have an auction once we are close to running out of space at our surplus location or once a department has a large amount of items to sell from their location. Please refer to question 2 and question 12.

21. What is the total amount of sales you anticipate selling in a given year? Or do you have the historical sales for the prior three (3) years?

Please see question 4 and question 12.

22. How many different auctions are expected to be conducted and what are the number of items are sold on average within a given year?

Please see question 20. The number of items varies greatly from year to year.

23. Do you prefer a hands-off approach to selling where the auction company will handle all aspects including picturing, collecting funds, and load out?

Yes – 100%

24. For picturing/inventorying – Do you prefer this process to be managed by city employees or staff of the auction company?

Auction company.

25. For load out of items – Do you prefer this process to be managed by city employees or staff of the auction company?

Auction company.

26. What has been your biggest challenge in conducting auctions in the past?

Not having enough space at Sedgwick County sites to store all of our surplus items.

27. Do you anticipate any assets needing to be moved to the auction company's property instead of being sold direct on city property?

It would be county property, not the city. That would be a nice option to have.

Firms interested in submitting a *proposal*, must respond with complete information and **deliver on or before** 1:45 pm *CDT*, *September 26*, *2023*. Late *proposals* will not be accepted and will not receive consideration for final award.

"PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM ON THE PROPOSAL RESPONSE PAGE."
