

## Wichita-Sedgwick - Opioid Settlement Consortium (WS-OSC): Strategic Plan for Utilization of Opioid Settlement Funds (2025-2039)

DRAFT REVISED 12/6/24

### Vision

A Sedgwick County where everyone has equitable access to coordinated and comprehensive substance use services for a healthier community.

### Mission

To unite a diverse and collaborative group of community partners in addressing substance use through treatment, prevention, intervention, and harm reduction with a focus on promoting overall health and well-being in Sedgwick County.

### Guiding Principles

- 1. Spend money to save lives:** Prioritize opioid settlement funds for programs and services that directly reduce overdose deaths and strengthen the continuum of care, ensuring resources supplement—not replace—existing efforts.
- 2. Use evidence to guide spending:** Commit to funding strategies rooted in proven evidence while embracing innovative, community-driven solutions tailored to the unique needs of the City of Wichita and Sedgwick County.
- 3. Focus on equity:** Direct resources to address disparities in access to care and outcomes, ensuring that communities historically underserved receive the support needed to achieve health equity.
- 4. Invest in cost-effective interventions along the substance use continuum:** Target investments toward effective prevention, treatment, and recovery initiatives that deliver meaningful impact across the entire spectrum of substance use care.
- 5. Ensure a fair and transparent funding decision-making process:** Establish a transparent and inclusive process actively involving public health leaders, community members, and individuals with lived experience in guiding funding decisions.
- 6. Sustainability:** Design long-term strategies that integrate settlement investments into existing infrastructure, ensuring programs remain effective and impactful well into the future.

In pursuit of this Vision, and to carry out the Mission in accordance with the Guiding Principles, we will focus on the following Strategies:

#### Strategy 1: [Stigma Reduction, Community Outreach and Education](#)

Invest in programs that increase awareness and reduce stigma through community outreach and education. These programs should include a multifaceted, culturally sensitive, inclusive, and evidence-based approach.

#### Strategy 2: [Integrated Care](#)

Establish a sustainable integrated care that fosters collaboration across the healthcare continuum to address individuals' complex needs.

#### Strategy 3: [Overdose Prevention Initiatives](#)

Invest in culturally responsive prevention and harm reduction services to diminish substance use risk and overdose incidence, and increase community and youth

#### Strategy 4: [Expansion of Treatment Capacity](#)

Establish financially sustainable comprehensive treatment services, ensuring all levels of care are accessible and equitable in our community.

**Strategy 1: Stigma Reduction, Community Outreach, and Education**

Invest in programs that increase awareness and reduce stigma through community outreach and education. These programs should include a multifaceted, culturally sensitive, inclusive, and evidence-based approach.

Goals*	Potential Goal Metrics	Potential Activities*	NOTES
<b>Community Stigma Reduction:</b> Allocate funding for stigma reduction efforts and awareness campaigns aimed at reducing misconceptions about substance use disorders and promoting empathy and understanding for the community at large.	Increase in public understanding that substance use disorder is a disease.	Pre and post intervention focus groups to gauge community stigma.	
<b>High Impact Stigma Reduction:</b> Prioritize culturally sensitive, inclusive, and evidence-based initiatives that target high-impact demographic groups (e.g., educators, healthcare providers, law enforcement, and policymakers) to increase awareness, destigmatize substance use, and advocate for evidence-based	Number of "reaches" to prioritized demographic.	Educational activities for these demographic groups.	
	Number of participants in engagement efforts.	Pre and post surveys of participants.	
<b>Community Outreach &amp; Education:</b> Develop comprehensive community outreach and education programs aimed at raising awareness about the risks of substance misuse and providing information on available resources for prevention, treatment, and recovery.	Number of "reaches" to prioritized demographic.	Provider (including justice system and law enforcement providers) and community education on MOUD to reduce stigma, especially around methadone.	Comprehensive includes: programs are accessible to all communities, including rural areas, and are culturally sensitive and linguistically appropriate. Possible guides for measurement include the use of person-centered language, incorporating solution messages, use of sympathetic language, and
	Number of participants in engagement efforts.		

*\*Goals and activities are prioritized based on impact, feasibility, chronology (order of business), as determined by the WS-OSC*

**Strategy 2: Integrated Care**

Goals*	Potential Goal Metrics	Potential Activities*	NOTES
<p><b>Enhanced Access to Behavioral Health Services and Recovery Housing for Underserved Populations:</b> Allocate funding to expand access to behavioral health services, including SUD treatment, mental health support, and recovery housing, mainly targeting underserved populations in Sedgwick County.</p>	<p>Number of funded beds in the community.</p> <p>Number of people served.</p> <p>Number of those that complete successfully.</p> <p>Number of new patients that qualify/enter care.</p> <p>Average wait times/number of people on waitlists for entry to services.</p>	<p>Wraparound services for unhoused populations, connections to care (i.e. State Opioid Response (SOR), employment opportunities).</p> <p>Embed peers/community health workers across continuum of care (i.e. emergency departments, justice system, treatment, recovery housing).</p>	
<p><b>Workforce Support:</b> Increase and better support the provider workforce along the behavioral health continuum of care (clinicians, healthcare workers, first responders, etc.) through evidence-based recruitment and retention strategies, training, and educational opportunities that expand knowledge and reduce burnout.</p>	<p>Retention: Review of wages relative to market competitiveness; quarterly turnover rate; annual retention rate</p> <p>Training: Percentage of behavioral health providers trained; post-training assessment scores</p> <p>Recruitment: Number of additional providers recruited to workforce. Increase total # by 2 per sector annually</p> <p>Burnout: Percent decrease in burnout among providers using validated burnout measurement tool</p>	<p>Establish educational stipend program with local universities to increase Certified Addiction Technician (CAT) and Certified Addiction Specialist (CAS) certifications.</p> <p>Develop evidence based OUD training program for law enforcement and first responders.</p> <p>Provide retention bonuses to existing providers supporting high risk populations.</p> <p>Establish mid-level providers to fill the gap</p>	<p>Wages can only increase if there are increases in payment rates to providers. Increasing payment rates and allowable services is needed to increase wages (Policy Issue)</p> <p>Policy issue, need more roles beyond Licensed Addiction Counselor (LAC).</p>
<p><b>Partnerships:</b> Develop transparent, collaborative partnerships between community organizations to improve communication and service delivery for those needing care.</p>	<p>Number of community partners that establish X number of agreements within other partners in the community.</p>	<p>Foster MOUs between organization to facilitate continuation of care. 42CFR part II considerations included. Including those with lived experience in the process.</p>	
<p><b>Sustainable Funding:</b> Develop a pathway for sustainable funding for integrated care in our community.</p>	<p>Develop a legislative platform via Sedgwick County government relations</p>	<p>Utilize existing mental health and substance use coalitions--with support from governing bodies--to advocate policy and legislative initiatives.</p> <p>Develop avenues for advocacy for billing structures that support integration of services that have traditionally been in silos.</p> <p>Address reimbursement rates (policy issue). Advocate and develop processes for uptake of value based care among providers in community.</p> <p>Develop potential sales tax initiative.</p>	

\*Goals and activities are prioritized based on impact, feasibility, chronology (order of business), as determined by the WS-OSC

**Strategy 3: Overdose Prevention Initiatives**

Goals*	Potential Goal Metrics	Potential Activities*	NOTES
<p><b>Improve Youth Resilience Programs:</b> Expand prevention programs focused on youth at higher risk for substance use to provide culturally responsive substance use education and resilience-building workshops, to increase knowledge about substance use risk and protective factors among youth in our community.</p>	<p>Number of youth participants who complete culturally responsive substance use education and resilience-building workshops.</p> <p>Percentage of participants showing increased knowledge about substance use risks and protective factors on post-program evaluations (target: 80%).</p> <p>Measurable changes in youth risky behaviors and self-reported substance use.</p>	<p>Identify more youth who are at higher risk for baseline data and future goal-setting.</p> <p>Collaborate with Wichita Unified School District 259 and other schools/school districts</p> <p>Collaborate with existing youth resilience programs currently in community and partner on program implementation.</p>	<p>Define "Youth at higher risk". This may include foster care youth, justice-involved youth, and drug-endangered children.</p>
<p><b>Reduce Number of Overdose Incidents:</b> Initiate a naloxone distribution program where participating first responders are equipped with overdose prevention kits for leave behind focus to prevent future overdose incidents.</p>	<p>Number and location of leave behind kits distributed.</p> <p>Percentage reduction in opioid overdose incidents in Sedgwick County (target: 20%).</p>	<p>Identify disparities and patterns in nonfatal and fatal overdoses.</p>	<p>Explore collaboration with DCCCA's Kansas Naloxone Program.</p>
<p><b>Screening, Brief Intervention, and Referral to Treatment (SBIRT):</b> Increase use of SBIRT in medical and community settings.</p>	<p>Number of SBIRT interventions delivered in both medical and community settings.</p>	<p>Identify a preferred screening tool to use and standardize.</p> <p>Explore opportunities for funding SBIRT outside of Medicaid.</p>	
<p><b>Re-entry Supports:</b> Support re-entry and recovery/treatment maintenance programming through the use of Community Health Workers, peer navigators, or other similar roles.</p>	<p>Reduced recidivism to jail</p> <p>Number of follow-up contacts and time-lengths</p> <p>Number of people engaged in treatment who are discharged and return later</p> <p>Number of people served</p>	<p>Identify models currently implemented (e.g., peer support at SACK and CrossRoads) to enhance with re-entry programming</p> <p>Meet with jail staff and outpatient treatment providers to clarify and create a consistent re-entry plan (including who is making sure people get to appointments, court advocate roles, etc.)</p>	

\*Goals and activities are prioritized based on impact, feasibility, chronology (order of business), as determined by the WS-OSC

**Strategy 4 Expansion of Treatment Capacity**

Establish financially sustainable comprehensive treatment services, ensuring all levels of care are accessible and equitable in our community.

Goals*	Potential Goal Metrics	Potential Activities*	NOTES
<b>Medical Detox:</b> Establish and maintain sufficient medical detox resources that are accessible to uninsured or underinsured individuals.	Number of unique individuals served through medical detox annually.	Establish a medical detox program within the new Crisis Center by 2026.  Identify a sustainable funding stream for ongoing operations.	There is no medical detox within the City/County for those without insurance or are uninsured.
<b>MAT/MOUD Resources:</b> Establish and sustain easily accessible MAT/MOUD resources.	Number of individuals provided MAT services annually.	Provide technical support or advocate for less restrictive barriers to increase provider network for all MAT medications by 2025.	Establishing Detox first, then expanding MAT/MOUD: order of operations is important here
<b>Diversion:</b> Expand diversion in jails and judicial processes (including non-substance-related charges) into treatment and recovery services through potential sentencing grid expansion.	Percent decrease in total jail population and recidivism.	Advocate for a revised sentencing grid to expand opportunities for diversion when the charge is non-substance related.  Advocate for DA hearings for individuals diverted to treatment in recovery programs as opposed to remaining in jail.	Senetencing grid expansion will require policy change
<b>MAT/MOUD in Jails:</b> Establish MAT/MOUD induction for people with OUD/SUD within county jails	Number of inmates incarcerated in jails who are able to access MAT/MOUD.	Work with and educate Sheriff Department on the role of MAT/MOUD induction in the jail.	
<b>Postvention Services:</b> Establish co-responder teams to provide postvention services for individuals who have experienced a non-fatal overdose and their family members or friends in the period immediately following the overdose event.	Percent of individuals who receive postvention services after an intervention.	Research evidenced based postvention programs and establish programing based off of these results and make changes as the program and evaluation of moves forward.	

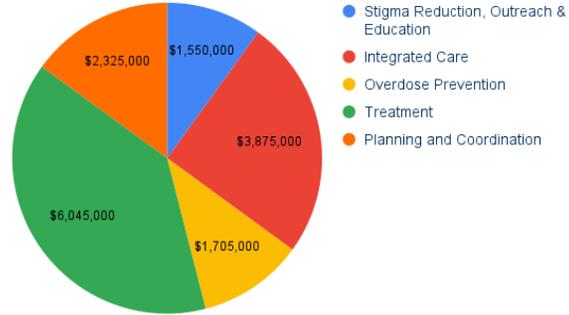

*\*Goals and activities are prioritized based on impact, feasibility, chronology (order of business), as determined by the WS-OSC*

### Strategic Plan Spending Allocation Recommendations

Notes:

Allocation Estimates		
Strategy	Cost	Percentage
Strategy 1: Stigma Reduction, Community Outreach, and Education	\$1,550,000	10%
Strategy 2: Integrated Care	\$3,875,000	25%
Strategy 3: Overdose Prevention	\$1,705,000	11%
Strategy 4: Expansion of Treatment Capacity	\$6,045,000	39%
Planning and Coordination of Strategic Plan	\$2,325,000	15%
<b>Total</b>	<b>\$15,500,000</b>	<b>100%</b>

### Allocation Estimates

Implementation Workplan		Suggested Timeline
<b>Phase 1: Standing up process and infrastructure for implementation of Strategic Plan</b>		
	P1 Task 1: Select Governance Structure from provided options	Q1 - Q2 2025
	P1 Task 2: Depending upon the governance structure selected, establish necessary City and County staffing and, if applicable,	
	Subtask: Identify City and County staffing responsibilities	
	Subtask: If applicable, identify advisory body stakeholders	
	Subtask: Establish roles and responsibilities for members and and determine group lead	
	Subtask: Set annual meeting schedule. Initiate meetings	
	P1 Task 3: Determine approach for evaluating strategic plan efforts	
	Subtask: Review of evaluation options, including an external evaluator	
	Subtask: Develop scope of work for strategic plan evaluation	
	Subtask: If necessary, solicit for external evaluation	
Subtask: Review and select evaluator	Q2 - Q3 2025	
<b>Phase 2: Implementing Goals - Round One</b>		
	P2 Task 1: Select which specific goals from each strategy to fund from the strategic plan in round one	Q2 2025
	P2 Task 2: Determine best mechanism for solicitation (RFP, RFA, grants, etc). Dependent on the governance structure selected, e	
	P2 Task 3: Develop scopes of work for selected goals based on strategy and goal statements provided. Establish suggested	
	P2 Task 4: Develop evaluation and selction process determining winning applicants	
	Subtask: Identify evaluators	
	Subtask: Identify baseline evaluation metrics for each goal to be included in scopes. Leverage "potential metrics"	
	P2 Task 5: Solicit finalized scopes of work, evaluate and select winners	
	P2 Task 6: Communicate the opportunity and provide technical assistance (TA) and education sessions to potential applicants	
	P2 Task 7: Develop contracts in collaboration with City and County procurement (see P3 Task 1)	
	P2 Task 8: Programming begins!	
Subtask: Develop community communications referring to communications plan provided	Q3 2025	
Subtask: Develop community communications referring to communications plan provided	Q4 2025 - Q4 2027	
<b>Phase 3: Evaluating Goals - Round One</b>		
	P3 Task 1: Evaluation kickoff	Q4 2025
	Subtask: Solidify evaluation metrics and duration of funding via the contracting process	
	P3 Task 2: Establish ongoing evaluation updates between evaluator and decision makers	Q4 2025 - Q4 2027
	P3 Task 3: Year end evaluation review with decision makers to determine what programming continues	Q4 2026 & Q4 2027
<b>Phase 4: Implementing Goals - Round Two</b>		
	P4 Task 1: Select which specific goals from each strategy to fund from the strategic plan in round two	Q1 2027
	Subtask: Determine newly available settlement funding amounts for City of Wichita and Sedgwick County collaborative	
	P4 Task 2: Determine best mechanism for solicitation (RFP, RFA etc)	
	P4 Task 3: Develop scopes of work for selected goals	
	P4 Task 4: Leverage evaluation process from Round one for selecting winners	
	Subtask: Identify baseline evaluation metrics for each goal to be included in scopes	
	P4 Task 5: Solicit finalized scopes of work, evaluate and select winners	
	P4 Task 6: Communicate the opportunity and provide technical assistance (TA) and education sessions to potential applicants	
	P4 Task 7: Develop contracts in collaboration with City, County procurement and, if applicable, the advsiory body	
	P4 Task 8: Round two programming begins!	
Subtask: Develop community communications referring to communications plan provided	Q2 2027	
Subtask: Develop community communications referring to communications plan provided	Q3 2027	
Subtask: Develop community communications referring to communications plan provided	Q4 2027 - Q4 2029	
<b>Phase 5: Evaluating Goals - Round Two</b>		
	P5 Task 1: Round 2 Evaluation kickoff	Q4 2027
	Subtask: Solidify evaluation metrics and length of programming via the contracting process	
	P5 Task 2: Establish ongoing evaluation updates between evaluator and decision makers	Q4 2027 - Q4 2029
	P5 Task 3: Year end evaluation review with decision makers to determine what programming continues	Q4 2028 & Q4 2029
<b>Phase 6: Strategic Plan Audit</b>		
	P6 Task 1: Conduct formal review of strategic plan process	Q1 - Q2 2030
	Subtask: Determine process for evaluation audit (internal or external)	
	Subtask: If necessary, solicit for external evaluator	
	P6 Task 2: Complete public report with key findings and recommendations for next steps	
	Subtask: Hold public forums to collect feedback on report. Refine findings leveraging community input	
	P6 Task 3: Review and discuss strategic plan audit findings with decision makers to determine next steps. <i>Option for entire</i>	
Subtask: Hold public forums to collect feedback on report. Refine findings leveraging community input	Q3 2030	
Subtask: Review and discuss strategic plan audit findings with decision makers to determine next steps. <i>Option for entire</i>	Q4 2030	

## Strategic Plan Implementation: Governance Options

[Full description of governance options developed by the Steadman Group](#)

<b>Governance Body</b>	<b>Example Structure</b>	<b>Example Operational Process</b>
<b>Extant City Council/County Commissioners</b>	The City Council of Wichita and the Sedgwick County Commissioners would	Periodic (monthly to quarterly) meetings would be held during the regular
<b>City/County Governance with an Advisory Council</b>	A hybrid model where an Advisory Council (Committee or Board) consisting	The Advisory Council would meet regularly (monthly initially, evolving into
<b>Public-Private Partnership Administration Model</b>	Establish a public-private partnership (PPP) where local government	The administrator would be tasked with developing and implementing a
<b>Independent Opioid Settlement Council</b>	A new, independent Opioid Settlement Council would be created, modeled	The Council would comprise appointed members from various sectors,

## Data Monitoring & Evaluation Recommendations

**Purpose:** Monitor and evaluate the impact of the Wichita-Sedgwick County Opioid Settlement Strategic Plan, and the projects and programs funded under the Plan.

### Goals

1. Ensure accountability and informed decision-making
2. Review, and adapt, or revise the Strategic Plan as necessary to maximize long-term goals
3. Provide a process for monitoring and reporting on Strategic Plan-funded projects and programs

Strategic Plan				
Task	Example Data Sources	Evaluation	Reporting & Accountability	Timing
<b>Data Collection &amp; Monitoring</b>				
<b>Goal Metrics:</b> Review and establish final Strategic Plan overall metrics based on Goals Metrics	See Strategies [tabs]			Q1/Q2 2025
<b>Dashboard:</b> Develop Strategic Plan dashboard based on Goal Metrics	<ol style="list-style-type: none"> <li>1. See Strategies [tabs]</li> <li>2. Consider real-time monitoring: implement real-time tracking of key metrics (e.g., overdose rates (e.g., Overdose Detection Mapping Application Program (ODMAP), naloxone distribution, treatment admissions) to provide a transparent view for stakeholders and the public.</li> </ol>	Review and analyze aggregated data on Strategic Plan Goal Metrics trends and flag issues.	<ol style="list-style-type: none"> <li>1. Provide dashboard updates to the City Council and County Commissioners during "En Banc" meetings.</li> <li>2. Provide a transparent website view of Dashboard for stakeholders and the public.</li> </ol>	<ol style="list-style-type: none"> <li>1. Establish Dashboard Q2-Q4 2025</li> <li>2. Updates quarterly or monthly dependent En Banc meetings schedule</li> <li>3. Real-time monitoring</li> </ol>
<b>Data collection:</b> Conduct ongoing collection of dashboard data	<ol style="list-style-type: none"> <li>1. Public Health Data: Overdose rates, emergency department visits, and treatment admissions.</li> <li>2. Service Data: Reports from funded programs, including participant demographics and outcomes.</li> <li>3. Community Feedback: Surveys, focus groups, and stakeholder interviews.</li> <li>4. Financial Data: Budgets, expenditures, and return on investment (ROI) analysis.</li> <li>5. GIS mapping for the geographic distribution of impacts</li> </ol>	<ol style="list-style-type: none"> <li>1. Compare year-over-year changes in key metrics.</li> <li>2. Conduct qualitative analyses to understand community needs and program effectiveness.</li> <li>3. Use predictive analytics to anticipate future challenges and allocate resources accordingly.</li> </ol>	Benchmark and trend analysis reports	Annually
<b>Strategic Plan Review:</b> Conduct a formal review of the Strategic Plan progress	<ol style="list-style-type: none"> <li>1. Strategic Plan Goal Metrics</li> <li>2. City and Council meetings public input</li> <li>3. Stakeholder surveys and focus groups</li> </ol>	Annual evaluation/Periodic Audit <ol style="list-style-type: none"> <li>1. Use evaluation findings to adapt or revise the Strategic Plan as necessary</li> <li>2. Engage an external evaluator periodically (e.g. 2-5 years) for an evaluation audit to ensure objectivity and rigor.</li> </ol>	<ol style="list-style-type: none"> <li>1. Prepare an annual public report with key findings and recommendations to City Council and County Commissioners.</li> <li>2. Hold public forums to review the report</li> <li>3. 2. Use feedback to refine strategic approaches and metrics</li> </ol>	Annually or 3-5 year internals

## Funded Projects & Programs

Task	Example Data Sources	Evaluation	Reporting & Accountability	Timing
<b>Data Collection &amp; Monitoring</b>				
<b>Deliverables/Metrics:</b> Establish project and program deliverables and performance metrics through, e.g. grants or contracting process	Funded project/program required reporting			Ongoing, dependent on funded project/program period
<b>Dashboard:</b> Integrate funded programs/projects deliverables and performance data into the Strategic Plan Dashboard.	Funded project/program required reporting	Review and analyze aggregated data from funded programs/projects to track trends and flag issues.		Ongoing, dependent on funded project/program period
<b>Data collection:</b> Conduct ongoing collection of project/program data	Funded project/program required reporting	Compare and analyze agreed-upon deliverables and performance data with results	Report project/program outputs to City Council and County Commissioners	Ongoing, dependent on funded project/program period
<b>Project/Program Improvements</b>		<ol style="list-style-type: none"> <li>1. Use project/program performance evaluation findings to inform the next round of funded projects/programs.</li> <li>2. Conduct deep-dive evaluation to identify best practices and challenges.</li> <li>3. Assess cost-effectiveness and return on investment (ROI) for funded programs.</li> </ol>	Report project/program evaluation findings to City Council and County Commissioners.	Ongoing, dependent on funded project/program period
