I. About this Document

This document is a Request for Proposal. It differs from a Request for Bid or Quotation in that the county is seeking a solution, as described on the cover page and in the following Background Information section, not a bid or quotation meeting firm specifications for the lowest price. As such, the lowest price proposed will not guarantee an award recommendation. As defined in Charter Resolution No. 68, Competitive Sealed Proposals will be evaluated based upon criteria formulated around the most important features of the product(s) and/or service(s), of which quality, testing, references, service, availability or capability, may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposal evaluation criteria should be viewed as standards that measure how well a vendor's approach meets the desired requirements and needs of the county. Criteria that will be used and considered in evaluation for award are set forth in this document. The county will thoroughly review all proposals received. The county will also utilize its best judgment when determining whether to schedule a pre-proposal conference, before proposals are accepted, or meetings with vendors, after receipt of all proposals. A Purchase Order/Contract will be awarded to a qualified vendor submitting the best proposal. **Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service(s) and/or product(s) which best meets its required needs, quality levels and budget constraints.**

The nature of this work is for a public entity and will require the expenditure of public funds and/or use of public facilities, therefore the successful proposer will understand that portions (potentially all) of their proposal may become public record at any time after receipt of proposals. Proposal responses, purchase orders and final contracts are subject to public disclosure after award. All confidential or proprietary information should be clearly denoted in proposal responses and responders should understand this information will be considered prior to release, however no guarantee is made that information will be withheld from public view.

II. Background

Sedgwick County, located in south-central Kansas, is one of the most populous of Kansas' 105 counties with a population estimated at more than 514,000 persons. It is the 16th largest in area, with 1,008 square miles, and reportedly has the second highest per capita wealth among Kansas' counties. Organizationally, the county is a Commission/Manager entity, employs nearly 2,500 persons, and hosts or provides a full range of municipal services, e.g. – public safety, public works, criminal justice, recreation, entertainment, cultural, human/social, and education.

The Sedgwick County Developmental Disability Organization (SCDDO) oversees the service system for individuals with intellectual and/or developmental disabilities (IDD) in Sedgwick County. The agency's mission is to assist people with developmental disabilities to receive quality services and achieve greater independence. Specifically, the SCDDO acts as a central point of application and information, manages local and state funding, maintains a network of IDD service providers, and monitors services to ensure quality. Annually SCDDO is the recipient of state aid funds distributed pursuant to K.S.A. 65-4411 et seq, and K.A.R. 30-22-31 et seq. The SCDDO is allocating up to \$518,000.00 of these state aid dollars for specifically targeted service areas identified as a priority by community stakeholders.

The State of Kansas limits the use of SCDDO state aid funds to service activities meeting the activity definitions as defined in the state's official taxonomy. SCDDO is seeking proposals from affiliated IDD service providers for projects that include the priority services as defined below.

Service Definition in Priority Order
<p>Attendant Care – I/DD Adult: One or more personal care providers on an individualized (one-to-one) basis ensuring the health and welfare of the person (18 years of age or older) during times when the person is not typically sleeping. Supporting the person with the tasks typically done for or by himself/herself if he/she did not have a disability. Such services include assisting persons in performing a variety of tasks promoting independence, productivity, and integration. This service provides necessary assistance for beneficiaries both in their homes and communities.</p>
<p>Attendant Care – I/DD Adult (Group): One or more personal care providers ensuring the health and welfare of more than one person (18 years of age or older) during times when the persons are not typically sleeping. Supporting the persons with the tasks typically done for or by themselves if they did not have a disability. Such services include assisting persons in performing a variety of tasks promoting independence, productivity, and integration. This service provides necessary assistance for persons in community settings such as an after school program or camp.</p>
<p>Attendant Care – Children (Group): One or more personal care providers ensuring the health and welfare of more than one person (17 years of age and under) during times when the persons are not typically sleeping. Supporting the persons with the tasks typically done for or by themselves if they did not have a disability. Such services include assisting persons in performing a variety of tasks promoting independence, productivity, and integration. This service provides necessary assistance for persons in community settings such as a day care, after school program or camp.</p>
<p>Attendant Care – Children: One or more personal care providers on an individualized (one-to-one) basis ensuring the health and welfare of the person (17 years of age and under) during times when the person is not typically sleeping. Supporting the person with the tasks typically done for or by himself/herself if he/she did not have a disability. Such services include assisting persons in performing a variety of tasks promoting independence, productivity, and integration. This service provides necessary assistance for beneficiaries both in their homes and communities..</p>
<p>Education to Employment Transition: Funding to support activities that assist individuals (up to age 22) transitioning from the school setting to find competitive employment in an integrated setting.</p>
<p>Supported Employment: Competitive work in an integrated setting with on-going support services for people who have an Intellectual and/or Developmental Disability. The following supported employment activities are designed to assist persons in acquiring and maintaining supported employment: individualized assessment, individualized job development and placement, on-the-job training, ongoing monitoring, ongoing support services necessary to ensure job retention, and training in related skills essential to secure and retain employment.</p>
<p>Respite Care – Children (Group): Purchase of group respite care designed to provide temporary relief for the primary caregiver(s) for the person (17 years of age and under). Respite may be provided for day care, after school and or camp activities. Respite cannot be provided for more than seven (7) consecutive days.</p>
<p>Respite Care – I/DD Adult: Purchase of 1:1 respite care and is designed to provide temporary relief for the primary caregiver(s) for the person (18 years of age or older). This service may be provided for varied periods of time in a location agreed to by the customer, caregiver, and when involved, the case manager. This service may include: a) Supervision to assist the person in accomplishing activities of daily living and supervision/physical assistance for the instrumental activities of daily living, meal preparation, assisting with the use of the telephone, laundry, and housekeeping. b) Response to emergency situations by calling 911 or appropriate emergency community assistance. Respite cannot be provided for more than (7) consecutive days.</p>
<p>Transportation Stipends: Stipends for consumers to defray transportation costs. May include subsidies to providers and public transportation fares.</p>
<p>Infant/Toddler Subsidy: Subsidy paid to defray costs related to infant/toddler screenings and/or early intervention services. Including but not limited to family training and counseling, OT, PT and psychological services.</p>

State aid dollars can only be utilized for services meeting the definitions above. Additionally, services rated higher priority will be given preference over services rated lower priority; although, funding decisions will be based on multiple factors to include priority ranking, quality and community need of the program proposed. There is no requirement to fund a program for every ranked service. Any proposal for transportation services must be focused on assisting individuals with IDD to secure or maintain employment or improve community inclusion opportunities; transportation services would have to be an expansion of current services and not just include the standard transportation already being provided. Grant projects must exclusively serve individuals determined eligible for the IDD service system, with the only exception being infant/toddler subsidy programs which include screening components designed to identify whether the child might have an IDD. State Aid funds cannot be used to supplement or supplant Medicaid funds. Priority given to proposals serving individuals eligible for the IDD system but not eligible for IDD Waiver services (i.e. children ages 0 to 5 and/or individuals at Tier 0).

Grants will be awarded through a one (1) year contract with three (3) one (1) year renewals. Payment for services will be through a monthly invoicing process based on the service rate established in the proposal.

Component	Points
A. Project Design	20
B. Funding Strategy	20
C. Program Schedule	20
D. Vendor Qualifications	20
E. Proposal Organization	20
Total Points	100

Assume the following cost proposals (**examples only**)

- A. \$50,000.00
- B. \$38,000.00
- C. \$49,000.00

Company B with a total price of \$38,000.00 is the low offer. Take the low offer and divide each of the other offers into the low offer to calculate a percentage. This percentage is then multiplied by the number of points available for the cost. In this case, 10 points are allocated to cost.

- | | | |
|---|---------|------------|
| A. \$38,000.00 divided by \$50,000.00 =.76 | .76*10 | 7.6 points |
| B. \$38,000.00 divided by \$38,000.00 =1.00 | 1.00*10 | 10 points |
| C. \$38,000.00 divided by \$49,000.00= .77 | .77*10 | 7.7 points |

Any final negotiations for services, terms and conditions will be based, in part, on the firm's method of providing the service and the fee schedule achieved through discussions and agreement with the county's review committee. The county is under no obligation to accept the lowest priced proposal and reserves the right to further negotiate services and costs that are proposed. The county also reserves the sole right to recommend for award the proposal and plan that it deems to be in its best interest.

The county reserves the right to reject all proposals. All proposals, including supporting documentation shall become the property of Sedgwick County. All costs incurred in the preparation of this proposal shall be the responsibility of the firm making the proposals. Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service which best meets its required needs, quality levels and budget constraints.
