Board of County Commissioners
Sedgwick County Courthouse
100 N. Broadway, Suite 660
Wichita, KS 67202

Dear Commissioners:

The administration is pleased to present to you the Annual Comprehensive Financial Report of the County of Sedgwick, Kansas for the fiscal year ended December 31, 2024. This document is a review of what occurred financially last year. In that respect, it is a report card of our ability to manage our financial resources. This report indicates we are in sound financial shape.

This document can also be used as a means to inform you and the citizens regarding our financial condition as you struggle with the difficult choices of delivery of services. It provides a foundation of information that will help us all make informed decisions.

This report, along with management of our finances, is the fine work of Chief Financial Officer Lindsay Poe Rousseau, Deputy Chief Financial Officer Brent Shelton, Accounting Director Hope Hernandez, and the Accounting team of David Floyd, Lisette Foster, Cassandra Maestas, Lynn Newby, Elizaveta Roberts, Michelle Stroot, and Ammi Walters.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tom Stolz".

May 14, 2025

To the Honorable Chair of the Board,
Members of the Board of County Commissioners, and
Citizens of Sedgwick County:

Good financial management requires that we provide full disclosure of the results of the County's fiscal activities each year, and that we obtain independent verification of the accuracy of our financial statements. Additionally, Kansas statutes call for an annual audit of all funds of the County by independent certified public accountants. Pursuant to these requirements, we hereby issue the Annual Comprehensive Financial Report of Sedgwick County for the fiscal year ended December 31, 2024. The County is responsible for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures. I believe that the information presented in this report is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of the various funds, and that all disclosures necessary for readers to gain an understanding of the County's financial affairs have been included.

The firm of Forvis Mazars, LLP audited the County's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. Sedgwick County has implemented a control environment that has been built into, not onto, its business practices. The objective of this control environment is to provide reasonable assurance that its financial statements are free of material misstatements. The cost of providing absolute assurance far exceeds the potential benefits derived from absolute assurance. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there is a reasonable basis for rendering unmodified opinions that the statements are presented in conformity with Generally Accepted Accounting Principles, (GAAP) and fairly present the financial position of the County. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

PROFILE OF SEDGWICK COUNTY

History

Originally a camping ground of the Osage and Wichita Indian tribes, Sedgwick County, Kansas, is thought to be a place of discovery for such explorers as Francisco Coronado and Kit Carson. The earliest European settler to the region was M. DuTissenet, a Frenchman operating under the direction of the governor of Louisiana in 1719. DuTissenet brought with him soldiers, traders, and hunters who soon populated and transformed the region from prairie to a land of opportunity.

Sedgwick County was officially established nearly 150 years later on February 26, 1867, and bears the name of Civil War hero Major General John Sedgwick of the Union Army who was killed during the battle of Spotsylvania Courthouse in Virginia. After an initial failed attempt at establishing an official county government, the Governor of the State of Kansas appointed three Commissioners to aid in the effort. In April 1870, the first county officials were elected and the county seat of Wichita was chosen.

Geography

Occupying 1,008 square miles of land in south central Kansas, Sedgwick County falls within the borders of the Arkansas River Lowlands. It is noted for its extreme flatness, as its highest point is only 1,540 feet above sea level. The County's lowest point, approximately 1,220 feet above sea level, occurs along the southern border where the Arkansas River leaves the county. Sedgwick County's largest city is Wichita, which is located along Interstate 35 with service areas to Interstate 135, U.S. 54, and various other highways.

Population

Sedgwick County is in a growing region, currently home to approximately 500,000 citizens. The County's population has increased 5.1 percent since 2010, and has increased faster than the population of Kansas as a whole (2.9 percent since 2010). According to 2022 census estimates, Sedgwick County continues to have surpassed the half-million mark with an estimated 525,525 people in 2022. The population of Sedgwick County is expected to grow to approximately 661,171 by 2071. In addition to a strong growth trend, the *U.S. Census Bureau, 2022 American Community Survey*, reports Sedgwick County is a relatively young community, with 84.0 percentage of its population younger than the age of 65. By 2071, however, the number of citizens age 65 and older is expected to increase to 119,956, a 48.2 percent increase from 2021-2071.

GOVERNMENT

Elected Officials

Sedgwick County is governed by a five-member Board of County Commissioners (BOCC) that meets in regular weekly sessions, with the exception of the last Wednesday of every month. Commissioners are elected according to geographical area (districts) and serve four-year terms with those terms overlapping. The Commissioners are full-time County officials and perform all executive, legislative, and policy-related functions. The Board also governs Sedgwick County Fire District 1, a separate special-purpose local government. The Chairman of the Board is elected by the Commissioners and serves a one-year term, January through December.

In addition to the BOCC, citizens of Sedgwick County elect the following positions:

- County Clerk
- Register of Deeds
- County Treasurer
- Sheriff

- District Attorney
- 18th Judicial District Judges

Appointed Officials

Sedgwick County was recognized by the International City-County Management Association (ICMA) in 1981 as a Council-Manager form of government. Therefore, the Board appoints a professional County Manager to administer most County functions and to implement policy decisions. Tasks of the County Manager range from the management of special projects to the daily functions of the County's nearly 3,200 employees.

The BOCC also appoints the:

- County Counselor
- County Appraiser
- County Engineer
- Director of the Metropolitan Area Building and Construction Department

The Kansas Secretary of State is responsible for appointing an Election Commissioner for Sedgwick County.

In addition to the County government, Sedgwick County contains 26 townships, 20 cities, 20 unified school districts, 12 active tax increment financing districts, 11 recreation commissions, ten improvement districts (eight improvement districts levy taxes), seven cemetery districts, five drainage districts, five watershed districts, two library districts, one redevelopment district, one fire district, one groundwater district. Ten of the unified school districts, nine of the recreation commission districts, three of the drainage districts, two of the cities, two of the cemetery districts, one of the improvement districts, and one of the library districts cross the border into at least one other county.

Services

Sedgwick County prides itself on being a full-service government for all of its citizens. Community residents are familiar with the concept that Sedgwick County provides services from A-Z: everything from Animal Control to the Sedgwick County Zoo. In addition to the aforementioned services provided by the elected and appointed officials, Sedgwick County provides services pertaining to community development, culture and recreation, finance, health, human services, information technology, operations, and public safety.

The annual budget process begins 12 months before the start of each fiscal year, when the Budget Department prepares a five-year financial forecast. The financial forecast serves as the foundation for planning and control, projecting revenues and expenditures for the next five years and comparing the prior year's projections with actual results. The Budget Department receives input from the Capital Improvement Program Committee. This Committee ranks projects with significant multi-year benefits, such as buildings, drainage, and infrastructure. It also receives input from the Technology Review Board, a team that evaluates new and replacement of technology that connects to the County's network. Eleven months before the start of the new fiscal year, the Budget Department prepares and distributes a base budget for all County departments. Department managers identify the service implications of the base budget and, if necessary, submit requests for additional funding or staff. Three months later, the BOCC holds budget review sessions to discuss service levels, resource allocations, and funding strategies for the upcoming year. The County Manager prepares a proposed budget in conjunction with his Budget Team and Budget Department staff. He presents this recommended budget to the Commission about five months before the New Year. The Commissioners hold public hearings to receive input from citizens.

The budget is adopted approximately three to four months before the start of the new fiscal year and is submitted to the County Clerk in compliance with State statutes.

The legal level of budgetary control is at the individual fund level, and County policy provides authority for intra-fund modifications of the budget. The budget is prepared by fund, function, cost center and superior commitment item. Legally appropriated annual budgets are statutorily required for most, but not all, operations. Budget to actual comparisons are provided in this report for each individual governmental fund for which a legal appropriated annual budget has been adopted. For the General Fund, this comparison is presented on page A-76 as part of the required supplementary information. For governmental funds other than the General Fund with legal appropriated annual budgets, this comparison is presented in the governmental funds subsection, beginning on page B-16.

ECONOMIC CONDITION AND OUTLOOK

Sedgwick County is a regional economic center with manufacturing, health care service, and retail trade as primary industries. The economic information contained in this letter was drawn from publications of the Center for Economic Development and Business Research (CEDBR) at Wichita State University, and from the U.S. Department of Labor. The Wichita metropolitan statistical area (MSA) is comprised of Sedgwick, Butler, Harvey, Kingman, and Sumner counties in Kansas.

Employment/Income

The United States Department of Labor reported that the average 2023 Labor Force for the Wichita Metropolitan Statistical Area (MSA) was 528,649 residents, an increase of 0.56 percent from 2022. The estimated 2024 population from the U.S. Census Bureau is 530,435. Of those who are eligible for employment, approximately 97.1 percent (313,630) were employed in 2023. Wichita MSA's unemployment rate as of March 2024 was 3.3 percent, more than the Kansas unemployment rate of 3.0 percent. Sedgwick County's unemployment rate has varied since 2002, but was consistently around 4.3 percent in 2006, 2007, and 2008. In 2009, the rate increased to 8.8 percent, peaked at 9.0 percent in 2010, and steadily declined for nine years. In 2020, the COVID-19 pandemic resulted in unemployment rates as high as 18.5 percent. Unemployment rates returned to a more consistent level of 2.9 percent in 2023.

According to the American Community Survey, the 2022 median income was \$64,286 for households in Sedgwick County, up from 2021 at \$60,593. In 2022, the per capita personal income for Sedgwick County was \$59,772 compared to the Metropolitan Portion of Kansas - Wichita per capita personal income of \$58,165. In 2021, the per capita personal income for Sedgwick County was \$60,364, just above the Metropolitan Portion of Kansas – Wichita per capita personal income of \$56,110.

A final economic indicator for Sedgwick County is the percentage of families whose income had been below the poverty level throughout the past 12 months. According to the U.S. Census Bureau, American Community Survey, Sedgwick County's percentage of impoverished families during 2022 was 10.7 percent. Families with children younger than 18 years of age experienced higher poverty rates at 15.5 percent and families with children younger than five years of age experienced poverty at a rate of 10.8 percent during 2022.

Property Values/Tax Payers

Similar to other jurisdictions, Sedgwick County has experienced rapid growth in property valuations. Prior to the national recession, assessed property valuations grew by an average of 5.5 percent annually between 1999 and 2009. Since that time, assessed valuations were below 1.0 percent for three years (2010 to 2012), and fell in value for the 2013 budget by 0.7 percent. Assessed values in 2017, 2018, and 2019 increased by 3.2 percent, 3.9 percent, and 4.5 percent respectively. Assessed valuation for 2023 was 7.3 percent and 9.0 percent in 2024. Assessed value for 2025 is 8.1 percent. In Sedgwick County, residential property accounts for the largest percentage (65.2 percent) of the total assessed value of real property. The second largest is commercial property, comprising 31.8 percent of the County's total assessed value of real property. The large percentage of residential property shows that individuals and

families recognize the County as a growing community where they can purchase a home and establish roots, while the large portion of commercial property shows that the County's business environment is also favorable. In Sedgwick County, residential property accounts for the largest percentage (65.2 percent) of the total assessed value of real property. The second largest is commercial property, comprising 31.8 percent of the County's total assessed value of real property. The large percentage of residential property shows that individuals and families recognize the County as a growing community where they can purchase a home and establish roots, while the large portion of commercial property shows that the County's business environment is also favorable.

Cost of Living/Housing

The current overall cost of living in Wichita is below the national average of 100.0 on the Overall Cost of Living Index. Compared to Dallas, Texas (107.7), Kansas City, Missouri-Kansas (95.5), Omaha, Nebraska (91.9), and Oklahoma City, Oklahoma (85.7), the overall cost of living for area residents (90.8) is comparable to other area communities. The median home sales price in Wichita was \$216,200 for an existing home, approximately \$177,900 less than the national average. The home-ownership rate in Sedgwick County for 2022 was 58.4 percent, which was a slight decrease from 2021 at 63.0 percent. Home vacancy rates have been mixed. In 2002, vacancy rates in Sedgwick County were low at 1.2 percent, but increased to 3.4 percent in 2005. In 2009, vacancy rates decreased back to 1.4 percent. In 2011 and 2012, the vacancy rates sharply increased to 3.3 percent and 9.6 percent, respectively, and the rate held at 9.6 percent for 2013 before increasing to 10.6 percent in 2014 then slightly dropping to 10.2 percent in 2015, 9.6 percent in 2016, and increased again in 2017 to 10.5 percent, with a slight drop in 2018 to 10.4 percent. Vacancy rates fell again in 2020 to 9.7 percent and again in 2021 to 9.4 percent but increased to 9.9 percent in 2022. The number of households owning homes in reporting years has hovered around 63.0 percent while vacancy rates have gone down slightly. The number of households owning homes decreased and the vacancy rate increased in 2022.

Expected long-term benefits of tax abatements

Economic Development incentives are necessary because of the inherent competition between localities for new businesses and jobs and therefore shall be used prudently on projects where incentives can make a difference to either remain or locate in Sedgwick County. The objective of offering economic development incentives to businesses and developers shall be to encourage business and community development by the following guidelines: creating and retaining quality jobs, broadening and diversifying the tax base, encouraging capital investments, increasing the region's global competitiveness, promoting the growth and welfare of Sedgwick County, reducing crime, improving community reputation, redevelopment of key neighborhoods, encouraging regional cooperation and educating the community about public benefits. The job creation, capital investment and proposed tax exemption is captured through a fiscal analysis conducted by the Center for Economic Development and Business Research (CEDBR) which includes inputs and outputs that breakdown the benefit to cost ratio over a 10-year and 20-year period. A minimum of 1:1 (break-even) ratio is the guideline followed for public benefit vs. public cost, however the County may also consider ad valorem tax exemptions that, among other factors, are in industry sectors prioritized in our regional growth plan; utilize state, federal or utility incentives, are located in redevelopment areas or provide community and workforce development benefits. Calculations can then be completed thereafter through the County's master list tax exemption report and tax system to show the estimated amount of tax that will come back onto the tax roll beginning year 11.

COUNTY BUSINESS AND FINANCIAL FORECAST

Financial Forecast

The 2024 budget of \$546.2 million was presented as the economy was weathering unanticipated global stressors, including very high inflation, supply chain disruption, extreme weather, and the after-effects of COVID-19. Locally, home values increased significantly due to a very tight market. In addition, residents, businesses, and governments were all dealing with higher interest rates, inflated costs for goods, and shortages of certain products. Unemployment was also very low, and competition for qualified workforce was challenging for all industries. These factors put pressure on local government to be particularly conscious of property taxes and fees; however, difficult economic times often also result in more demand for safety net services, which increase those costs. Within this context, the Board of County Commissioners identified some key priorities as part of the County's 2024 budget process: address workforce shortages with compensation adjustments to preserve service levels, while also maintaining a level property tax rate.

The 2024 budget built on the 2023 strategies with compensation adjustments for employees on the General Pay Plan, full funding for step plans, pay structure movements, and general pay adjustments for all staff. Like much of the country, Sedgwick County saw gradual improvement in assessed valuation after the Great Recession. In recent years, value growth has finally rebounded to pre-recession levels. Growth in assessed valuation to support the 2023 budget was 7.3 percent, while growth for the 2024 budget was 9.0 percent due to a very strong residential home market in 2021 and 2022; it is estimated that this growth will level off to more typical levels.

Current projections outline modest deficits in 2025 through 2027 due largely to one-time Technology Review Board (TRB) and Capital Improvement Plan (CIP) projects that are included in those years. Surpluses are anticipated in the outer years of the financial forecast. Cumulative fund balances in property-tax-supported funds are projected to increase to around \$126.9 million throughout the forecast, and, the General Fund is anticipated to exceed the minimum fund balance requirement of 20.0 percent of budgeted expenditures in each year of the forecast.

Major initiatives of the County include the following:

- Reducing reliance on property tax in the operating budget, recognizing fiscal pressures on taxpayers and uncertain economic challenges
- Aligning compensation with market peers and local employers to provide a competitive employment environment to attract and retain a diverse and high performance workforce
- Maintaining budget balance, in light of diminished grant revenues, while also meeting service needs in the community
- Investment in the mental health and substance use community response to improve access to care and reduce demands on the public safety system, including construction of an expanded community crisis center and a partnership with the State of Kansas to construct a State mental health hospital within Sedgwick County
- Upgrade to the County's enterprise data system with financial system implementation in the next fiscal year

In addition to the five-year financial forecast, the County develops a Capital Improvement Program (CIP) with the goal of facilitating area-wide economic development by updating the County's roads, bridges, and drainage systems, as well as maintaining its facilities. The five-year CIP is used as a planning tool that specifies the capital spending budget for the current year and projects it for the four following years. Capital spending for 2024 totaled \$40.8 million, including projects for road improvements, infrastructure, equipment, and continued upgrades to County owned and leased buildings. Planned capital spending for 2025 totals \$52.6 million. Total projected spending in the 2025-2029 CIP is \$178.2 million and is

comprised of the following: \$53.8 million for facilities and drainage, \$94.1 for roads, and \$30.3 for bridges. The CIP is funded on a year-by-year basis from various funding sources, including annual operating revenues from property tax and sales tax, or by issuing bonds and making debt service payments over a period of years.

During 2024, as authorized by a comprehensive written investment policy, idle County funds were composed of Time deposits, Demand deposits, U.S. Treasury securities, government agency securities and Kansas Municipal Investment Pool securities. Investments had a maximum maturity of four years. The weighted average maturity was 172 days and the average yield to maturity was 3.9 percent. The fair value of investments totaled \$777,043,317 at December 31, 2024.

Sedgwick County maintains a debt management policy designed to set guidelines for management and control of debt financing by the County. Many demands are placed upon the County to provide services; therefore, it is necessary to ensure the use of debt to finance projects does not outrun the County's legal and fiscal capability to repay the debt.

Sedgwick County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Single audits are intended to eliminate duplication of audit effort by providing for only one audit entity-wide, specifically designed to meet the needs of all interested parties. Although individual federal grantor agencies may still arrange for additional audit work if they consider it necessary for their purposes, the law requires that any additional work be built upon the single audit.

The County's financial management policies may be viewed at the County Finance Division's website, <http://www.sedgwickcounty.org/finance>.

As a recipient of Federal and State financial assistance, the County is also responsible for ensuring that an adequate internal control structure is in place to assure compliance with applicable laws and regulations related to those programs. Because the cost of a control should not exceed the benefits to be derived, the objective is to provide reasonable, rather than absolute assurance, that the financial statements are free of any material misstatements. This internal control structure is subject to periodic evaluation by management. As a part of the County's single audit, described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal financial assistance programs, and to evaluate the County's compliance with applicable laws and regulations.

AWARDS AND ACKNOWLEDGEMENTS

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Sedgwick County for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2023. This was the 43rd consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Sedgwick County also received GFOA's Award for Distinguished Budget Presentation for its 2024 annual appropriated budget document. In order to qualify for the Distinguished Budget Presentation Award, a

government must publish a document that meets program criteria as a policy document, operations guide, financial plan, and communications medium. The award is valid for a period of one year only. Sedgwick County has received the award for 42 consecutive years.

For the 19th time, Sedgwick County received GFOA's Popular Annual Financial Reporting (PAFR) Award for 2023 GFOA's PAFR award program encourages governments to publish concise annual financial reports specifically designed to be readily accessible and easily understandable to the general public. This award is valid for one year only.

Acknowledgements

Preparation of this report required the cooperation and dedicated efforts of many County personnel outside the Division of Finance, and of the independent auditors, Forvis Mazars LLP. I sincerely appreciate this significant support. The citizens of Sedgwick County are extraordinarily well served by all members of the Division of Finance who contributed to this annual financial report of the County's financial results in their daily work throughout the year and their individual fiscal year-end tasks.

In particular, I want to applaud the efforts of the Accounting Staff, whose service to the County is invaluable. I express special appreciation to the Board of County Commissioners for their continued support for maintaining the highest standards of professionalism in the management of Sedgwick County's finances.

Respectfully,

Lindsay Poe Rousseau

Sedgwick County, Kansas
Wichita, Kansas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Sedgwick County, Kansas (the County), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and other postemployment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 2, 2025, on our consideration of County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Sedgwick County, Kansas, we offer you this discussion and analysis of the financial activities of Sedgwick County for the fiscal year ended December 31, 2024. This information is designed to identify and explain significant financial issues, changes in Sedgwick County's financial position and deviations from budget. We encourage you to consider this information in conjunction with the letter of transmittal that precedes this narrative, the financial statements, and the notes to the financial statements.

Financial Highlights

- On March 11, 2020, the World Health Organization declared the novel coronavirus, COVID-19, a pandemic. After receiving nearly \$109 million in Federal Coronavirus Aid, Relief, and Economic Security Act (CARES) funds to assist with response in 2020, Sedgwick County was awarded \$100.2 million in Federal recovery funding through the Federal American Rescue Plan Act (ARPA) in 2021. While these funds were permitted to be obligated for eligible uses through 2024 and spent by December 31, 2026, the Board of County Commissioners (BOCC) completed its spending of its direct allocation in 2024. Funding uses included premium pay for front-line workers during the worst of the pandemic; public health response; measures for employee safety related to COVID-19 and other respiratory protections; facility measures and additional workforce necessary to resolve the 18th Judicial District Court system backlog; and reimbursement of costs for law enforcement wages in the County General Fund through the ARPA revenue replacement program.
- Like the rest of the country, Sedgwick County's behavioral health system has been challenged to meet the level of need as the effects of the pandemic have magnified existing issues in the community. In 2022, the State of Kansas designated Sedgwick County COMCARE as a Certified Community Behavioral Health Clinic (CCBHC), which expanded access to mental health care and significantly changed the funding model. This resulted in significant new revenue to COMCARE in 2024. Additionally in 2024, the State of Kansas allocated \$40.0 million to Sedgwick County for the construction of a new State Regional Psychiatric Hospital to address mounting challenges in the number of inmates detained in the Sedgwick County Adult Detention Facility with possible mental health issues awaiting evaluation to stand trial. At the Governor's direction, an advisory panel was established to oversee plans for the hospital, as well as future concerns regarding operations and workforce. After the advisory panel completed its work, the State increased the award to \$104.7 million in order to construct a 100-bed facility, of which \$25.0 million is from the State's \$1.6 billion ARPA allocation.
- After strong economic growth in 2022 following the worst of the pandemic, growth moderated through 2024 in several categories that typically reflect the condition of the local economy, such as retail sales and use taxes of \$39.2 million and motor vehicle taxes of \$21.4 million. However, assessed value, the basis of property taxes, increased significantly due to a variety of factors, including historically low interest rates affecting housing supply and inflation in construction prices. In reaction to growing community concerns about property taxes, the BOCC lowered its property tax rate for both the 2024 budget, adopted in August 2023, and the 2025 budget, adopted in August 2024, so that the County's mill levy rate is at its lowest in 27 years. Additional budget relief was provided through significantly increased investment income of \$15.6 million in 2024, due to higher interest rates and targeted investment strategies.
- Total net position of Sedgwick County increased \$47.7 million to \$605.5 million. Of the total net position, \$52.7 million is reported as unrestricted, an increase of \$57.2 million from the prior year of \$(4.5) million. Governmental funds increased \$52.0 million. This large increase can be attributed to intergovernmental revenues of ARPA revenue replacement for \$32.0 million, as well as an increase in property tax collections of \$12.8 million, increase in investment income of \$7.5 million, motor vehicle tax collections of \$3.6 million, and medical charges for services by \$3.2 million. The enterprise funds, consisting of the Arena Fund and the newly added Code Inspection & Enforcement Fund, decreased \$4.3 million. This decrease is attributed to a \$5.9 million loss from operations in the Arena Fund, offset by a transfer from other funds of \$0.4 million and a change in net position of \$1.2 million in the Code Inspection & Enforcement fund which began reporting operating revenue and expenses in 2024 that were not previously recorded in 2023.

- 2024 expenses were \$461.1 million, an increase of \$40.4 million. The increase in expenditures is spread across several categories, including personnel, commodities, capital improvements, and transfers to other funds. Transfers to other funds increased the most, by \$22.1 million, largely due to year-end transfers of cash from the General Fund to the CIP Fund and Equipment Reserve Fund, based on the one-time ARPA revenue into the General Fund, as well as the increase in investment income which was well over the typical amount. Personnel costs increased by \$14.6 million, or 9.2%, due to wage increases and more filled positions. Commodities (smaller items, with unit price less than \$10,000) saw an increase of \$1.2 million vs. 2023, largely due to fuel costs and postage/shipping for the Presidential Election.
- Program revenues were \$167.9 million, an increase of \$16.2 million. Operating Grants and Contributions increased by \$7.5 million mainly due to an increase in Federal State passthrough revenue of \$11.6 million due to the timing of a grant received by the Health Department. Charges for services increased by \$2.6 million primarily due to fees collected by Emergency Medical Services (EMS) for Medicaid fees of \$2.0 million. Capital Grants and Contributions increased by \$6.1 million. This increase is due to a \$5 million payment received from the State of Kansas to be applied towards the construction cost for the State Mental Health hospital.
- Property taxes were \$227.2 million, an increase of \$18.0 million. This is primarily due to growth in the County's assessed valuation of 9.0% for the 2024 budget year.
- Sales taxes were \$39.6 million, an increase of \$0.5 million. This increase can be attributed to an improved, but moderating, economy with low unemployment rates causing higher wages, but also higher inflation.
- Uses of money and property were \$27.7 million, an increase of \$2.3 million. The largest part of this increase can be attributed to investment earnings as the result of more strategic investment decisions.
- The Business-type activities revenues and expenses both increased due to the addition of revenue and expenses incurred by the newly created Code Inspection & Enforcement fund in 2024.
- The County adopted Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*, GASB 101, in 2024. The impact to the financial statements was not material and the County did not restate beginning net position for the adoption of GASB 101.

Overview of the Financial Statements

Management's discussion and analysis serves as an introduction to Sedgwick County's basic financial statements. The basic financial statements consist of three components: [1] government-wide financial statements, [2] fund financial statements, and [3] notes to the financial statements. This report also contains other information in addition to the basic financial statements.

The government-wide financial statements provide financial information about the County as a whole, including its component units.

The fund financial statements focus on the County's operations in more detail than government-wide financial statements. The financial statements presented for governmental funds report on the County's general government services and proprietary funds report on the activities the County operates like private-sector businesses.

The basic financial section also includes notes that explain in more detail the information in the government-wide and fund financial statements; the notes provide more detailed data essential to a full understanding of the data presented in the financial statements. The notes to the financial statements can be found on pages A-28 through A-84 of this report.

Government-wide Financial Statements

The *government-wide financial statements* provide readers with a broad overview of Sedgwick County's finances. All current year revenues and expenses are included, regardless of whether related cash has

been received or paid. This reporting method produces a view of financial activities and position similar to that presented by most private-sector businesses.

The *statement of net position* presents information on all of Sedgwick County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*, which is one method to measure the County's financial condition. An increase or decrease in the County's net position from one year to the next indicates whether the financial position of the County is improving or deteriorating, although unique one-time revenues or expenses may cause changes in the net position without indicating structural financial concerns.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The government-wide financial statements report functions of the County that are principally supported by taxes and intergovernmental revenue (governmental activities) separately from other functions that are intended to recover all or a significant portion of costs through user fees and charges (business-type activities). Governmental activities of the County include general government, public safety, public works, health and welfare, cultural and recreation, and community development. In 2022, the County had a single business-type activity, the Arena Fund, which was used to account for the assets, liabilities, revenues and expenses associated with INTRUST Bank Arena. In 2024, the Code & Inspection Enforcement Fund was added to the financial system to report Code Inspection & Enforcement activities going forward. This new enterprise fund was funded by a year-end transfer of cash for \$8.1 million between the General Fund and the Code Inspection & Enforcement Fund in 2023.

The government-wide financial statements include not only the primary government but also two blended component units, Sedgwick County Fire District 1 and Sedgwick County Public Building Commission.

The government-wide financial statements can be found on pages A-17 through A-27 of this report.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Sedgwick County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund financial statements focus on individual parts of the County, reporting the operations in more detail than the government-wide statements. Fund financial statements focus on the most significant funds within the County. The County's funds are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds include most of the basic services provided by the County and account for essentially the same functions as reported in the governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, the fund financial statements focus on how money flows in and out of the funds during the fiscal year and spendable resources available at the end of the fiscal year. This information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Sedgwick County maintains 32 individual governmental funds. Information is presented separately in the governmental funds *balance sheet* and in the governmental funds *statement of revenues, expenditures, and changes in fund balances* for the General Fund, Federal/State Assistance Fund, Public Building Commission Fund, Debt Service Fund, and Debt Proceeds Fund, all of which are reported as major funds. Information on the remaining nonmajor governmental funds is combined into a single, aggregated column.

Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the Governmental Funds subsection.

The County adopts an annual appropriated budget for the General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental funds financial statements and reconciliations to the government-wide financial statements can be found on pages A-19 through A-27 of this report.

Proprietary Funds

Sedgwick County maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County reports an enterprise fund to account for the Arena complex. Additional information regarding INTRUST Bank Arena is provided in the combining schedule in the Enterprise Fund subsection. Beginning in 2024, the County reports an enterprise fund to house the operations of the joint City of Wichita-Sedgwick County Metropolitan Area Building & Construction Department, which had previously been accounted for in the County General Fund

Internal service funds are used to accumulate and allocate costs internally among Sedgwick County's various functions. The County utilizes internal service funds to account for its fleet of vehicles, employee health, dental and life insurance, worker's compensation activity, and risk management. The four internal service funds are combined into a single aggregated column in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* in the Internal Service Funds subsection. Because activity of the internal service funds predominately benefit governmental rather than business-type functions, they are included within *governmental activities* in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages A-23 through A-25 of this report.

Fiduciary Funds

Fiduciary funds are used to report activities whereby the County acts as a trustee or fiduciary to hold resources for the benefit of parties outside the government. The accrual basis of accounting is used for fiduciary funds and is similar to the accounting used for proprietary funds. The government-wide statements exclude fiduciary fund activities and balances, because these assets are restricted in purpose and cannot be used by the County to finance its operations. The County must ensure that assets reported in fiduciary funds are used for their intended purpose.

The County has three fiduciary funds classified as custodial funds. These three funds account for tax collection and distribution and for other clearing and fee collections. Individual fund detail is included in the form of *combining statements* in the Custodial Funds subsection. Additionally, the County reports its 457 Plan as a pension (and other employee benefits) trust fund in accordance with GASB 84.

The basic fiduciary fund financial statement can be found on page A-26 through A-28 of this report.

Notes to the Financial Statements

The notes provide additional narrative and financial information that is essential to a full understanding of the data provided in the government-wide financial statements and the fund financial statements. The notes to the financial statements begin on page A-28 of this report.

Required Supplementary Information

This section is found on pages A-76 through A-84 and shows a comparison of the original and final General Fund budget to actual results and reconciliation between budgetary fund balance and GAAP. Information on the County's defined benefit pensions and postemployment benefits other than pensions is also shown.

Supplementary Information

Supplementary information includes combining financial statements for nonmajor governmental, enterprise, internal service, and fiduciary funds. Combining and individual fund statements and schedules can be found on pages B-1 through D-3 of this report.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. Assets and deferred outflows of resources of the primary government exceeded liabilities and deferred inflows of resources by \$606 million at the end of 2024.

Sedgwick County, Kansas
Net Position
As of December 31, 2024
With Comparatives as of December 31, 2023
(Millions of dollars)

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2024	2023	2024	2023	2024	2023
Assets:						
Current and other assets	\$612.3	\$563.6	\$11.6	\$10.8	\$623.9	\$574.4
Capital assets	429.9	419.9	125.4	130.5	555.3	550.4
Total assets	<u>1,042.2</u>	<u>983.5</u>	<u>137.0</u>	<u>141.3</u>	<u>1,179.2</u>	<u>1,124.8</u>
Deferred Outflows of Resources:						
Other postemployment benefits	2.0	2.6	-	-	2.0	2.7
Pensions	57.0	63.9	-	-	57.0	72.9
Total deferred outflows of resources	<u>59.0</u>	<u>66.5</u>	<u>-</u>	<u>-</u>	<u>59.0</u>	<u>75.6</u>
Liabilities:						
Long-term liabilities	370.4	347.0	-	-	370.4	347.0
Other liabilities	27.6	59.2	0.1	-	27.7	59.2
Total liabilities	<u>398.0</u>	<u>406.2</u>	<u>0.1</u>	<u>-</u>	<u>398.1</u>	<u>406.2</u>
Deferred Inflows of Resources:						
Property tax revenues	214.9	202.4	-	-	214.9	202.4
Other postemployment benefits	9.2	10.5	-	-	9.2	10.5
Pensions	10.5	14.3	-	-	10.5	14.3
Total deferred inflows of resources	<u>234.6</u>	<u>227.2</u>	<u>-</u>	<u>-</u>	<u>234.6</u>	<u>227.2</u>
Net position:						
Net investment in capital assets	360.5	355.9	125.4	130.5	485.9	486.4
Restricted	66.9	65.2	-	10.7	66.9	75.9
Unrestricted (deficit)	41.2	(4.5)	11.5	-	52.7	(4.5)
Total net position	<u>\$468.6</u>	<u>\$416.6</u>	<u>\$136.9</u>	<u>\$141.2</u>	<u>\$605.5</u>	<u>\$557.8</u>

The largest portion of the County's net position (80.2%) is invested in capital assets (e.g. land, buildings, infrastructure, machinery and equipment) less any related outstanding debt used to acquire those assets. Sedgwick County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other

sources, since the capital assets themselves cannot be used to liquidate these liabilities. Restricted net position represents 11.0% of net position and is resources that are subject to external restrictions on how they may be used. The remaining balance of \$52.7 million is unrestricted net position and represents 8.7% of net position.

Changes in Net Position

The County's net position for governmental activities increased \$52.0 million or 12.5%. This increase is attributed principally to ARPA intergovernmental revenues. Net position of the County's business-type activities decreased \$4.3 million representing a decrease of 3.0% during 2024. Overall, net position increased \$47.7 million or 8.5%. Changes in net position were as follows:

Sedgwick County, Kansas Changes in Net Position Fiscal Year Ended December 31, 2024 With Comparatives for the Year Ended December 31, 2023 (Millions of dollars)						
	Governmental Activities		Business-Type Activities		Total Primary Government

Net position, beginning of year	416.6	409.4	141.2	138.2	557.8	547.6
Net position, ending	<u>\$468.6</u>	<u>\$416.6</u>	<u>\$136.9</u>	<u>\$141.2</u>	<u>\$605.5</u>	<u>\$557.8</u>

Program revenues were \$167.9 million, an increase of \$16.2 million. Operating Grants and Contributions increased by \$7.5 million due to an increase in Federal State passthrough revenue of \$11.6 million due to the timing of a grant received by the Health Department. Capital Grants and Contributions increased by \$6.1 million due to \$4.9 million of KDADS pass through revenue for the State Mental Health Hospital. Charges for services increased by \$2.6 million primarily due to fees collected by Emergency Medical Services (EMS) for Medicaid fees of \$2.0 million.

Property tax collections increased \$18.0 million, or 8.6%. The County's assessed valuation grew 9.0% for the 2024 budget year. Sales tax collections increased \$0.8 million, or 2.0%. This small increase is attributed to an improved, but moderating, economy with low unemployment rates causing higher wages, but also higher inflation.

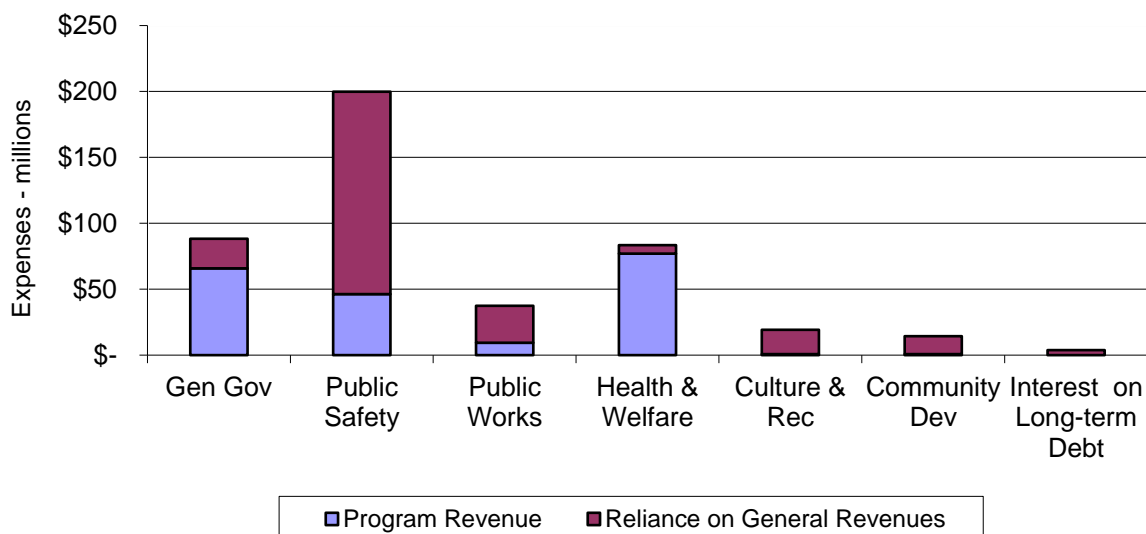

Expenses for governmental activities increased \$32.5 million, or 11.5%, from 2023 to 2024. Increases were recorded in transfers out (\$22.1 million) and personnel (\$14.6 million.) Transfers out increased \$22.1 million primarily due to increases in transfers out (\$11.2 million) due to year-end transfers and capital projects (\$10.5 million) due to increases in cash-funded projects. The increase in personnel (\$14.6 million) is primarily due to increases in salaries and wages, retirement contributions, health and life insurance premiums, and associated payroll taxes when compared to 2023.

Governmental Activities

Governmental activities incurred \$446,268,864 in expenses during 2024. The following list breaks this expense down into percentages by function with the corresponding dollar amounts:

○ Public safety	44.8%	\$199,802,585
○ General government	19.8%	88,312,883
○ Health and welfare	18.7%	83,403,135
○ Public works	8.4%	37,331,627
○ Culture and recreation	4.3%	19,248,158
○ Community development	3.2%	14,346,263
○ Interest on long-term debt	0.8%	3,824,213
Total governmental activities expenses		<u>\$446,268,864</u>

The following chart shows total expenses for each function of governmental activities. The chart also shows total program revenue for each function, along with total reliance on general revenues. General revenues are principally taxes and investment earnings.

As reflected in the chart, no function of government is self-supporting. For that reason, there is a need for taxes to be levied and collected in order to provide services to the community. The following list shows each function of government, the percentage of reliance on general revenues of the County to fund the function, and the corresponding dollar amount of general revenue and program revenues used to fund the function:

		General Revenues	Program Revenues
○ Interest on long-term debt	100.0%	\$ 3,824,213	\$ -
○ Culture and recreation	96.1%	18,505,293	742,865
○ Community development	94.7%	13,590,889	755,374
○ Public safety	76.9%	153,573,515	46,229,070
○ Public works	75.0%	27,984,891	9,346,736
○ General government	25.4%	22,471,360	65,841,523
○ Health and welfare	7.7%	6,426,595	76,976,540
Total reliance on general revenues		<u>\$246,376,756</u>	<u>\$199,892,108</u>

Business-type Activities

In addition to the Arena Fund's activities, a new enterprise fund was established in 2023 to account for Code Inspection and Enforcement activity. Net position for fiscal year 2024 decreased by \$4.3 million to \$136.9 million. Of that \$136.9 million, \$125.4 million is invested in capital assets. The Code Inspection & Enforcement fund began reporting operating revenue and expenses in 2024 that were not previously recorded in 2023.

County Funds Financial Analysis

As noted earlier, Sedgwick County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term cash inflows and outflows during the fiscal year and balances of spendable resources at year-end. This information is useful in assessing the County's financing requirements. Unassigned fund balance may serve as a useful measure of the County's net resources available for future spending.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$328.5 million, an increase of \$64.7 since the beginning of the year. The following table shows how fund balance changed in the major and other governmental funds.

Fund	Beginning Fund Balance	Ending Fund Balance	Change in Fund Balance
General	\$ 89,718,564	\$ 99,925,931	\$ 10,207,367
Federal/State Assistance	36,506,264	45,637,320	9,131,056
Public Building Commission	42,294,688	41,672,371	(622,317)
Debt Service	6,048,662	6,922,801	874,139
Debt Proceeds	4,153,711	18,209,006	14,055,295
Other Governmental	85,060,055	115,872,011	30,811,956
Total Governmental Funds	<u>\$ 263,781,944</u>	<u>\$ 328,239,440</u>	<u>\$64,457,496</u>

The General Fund is the chief operating fund of Sedgwick County. Ending fund balance in the General Fund increased \$10.2 million to \$99.9 million, compared to an increase of \$6.5 million a year ago.

Revenues of the General Fund increased \$13.3 million, to \$257.9 million, in 2024. Property tax increased \$18.6 million, or 11.7%, from 2023, primarily due to assessed valuation growth of 9.0% for the 2024 budget year. Charges for services increased \$1.9 million, or 6.0%, from 2023 to 2024, due primarily to a new law passed in 2023 (Senate Bill 228) that provides reimbursements for fees for housing prisoners awaiting competency hearings.

Licenses and permits decreased \$8.0 million from 2024. This is due to newly created Code Inspection & Enforcement proprietary fund to account for MABCD's licensing and permit fees that previously were accounted for in the general fund.

General Fund expenditures increased \$14.7 million, or 6.4%, to \$230.4 million. The decrease is largely attributed to an increase in personnel costs of \$13.4 million from 2023.

As a measure of the General Fund's financial position, it may be useful to compare unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 31.9% of total General Fund expenditures, while total fund balance represents 43.4%. In other words, readily available resources as of December 31 were sufficient to pay for services for three months.

The Federal/State Assistance Fund is a special revenue fund that accounts for programs that receive grant funding. The Federal/State Assistance Fund ended the year with a fund balance of \$45.6 million which is \$9.1 million more than 2023. Revenues increased \$54.1 million over the prior year, to \$144.0 million. This increase is due primarily to intergovernmental revenues. Intergovernmental revenues increased \$43.3 million from 2023 to \$103.3 million in 2024. This increase is due to the ARPA revenue replacement of \$32.0 million and \$14.3 million of State funding for the State Mental Health Hospital.

Federal/State Assistance Fund expenditures increased \$22.6 million, or 23.1%, from 2023 due to the increase of revenue associated with ARPA and related expenditures. Health and welfare expenditures increased \$7.6 million, or 15.3%, from 2023 due to increases in Comcare expenditures for mental health. Comcare received additional grants in 2024 compared to 2023, as well as a new CCBHC billing structure.

The Sedgwick County Public Building Commission (SCPBC) fund is a special revenue fund to account for revenues and expenditures derived from the contracts to fund construction for other governmental entities. The SCPBC fund ended the year with a fund balance of \$41.7 million, a reduction from the previous year of \$0.7 million.

The Debt Service Fund balance increased by \$0.9 million in 2024 resulting from lower debt service payments from what was funded in the 2024 adopted budget.

The Debt Proceeds Fund is a capital projects fund that receives proceeds from general obligation bond issues and other long-term financing sources. This fund increased \$14.1 million from 2023 to 2024 resulting from Series B, 2024 sale proceeds and investment proceeds.

Proprietary Funds

Sedgwick County's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

The Arena Fund represents the activity of INTRUST Bank Arena. Through a management agreement, the facility is operated by a private company; the County incurs expenses only for certain capital improvements or major repairs and depreciation, and receives as revenue only a share of profits earned by the operator, if any, naming rights fees, and a portion of facility fees generated through Arena events. The Arena Fund had an operating loss of \$5.9 million. The majority of the loss can be attributed to \$6.0 million in depreciation expense.

After several years of requests from Sedgwick County to the Kansas Legislature, counties were given authority to create a new proprietary fund: a new enterprise fund for code and inspection enforcement fiscal activities. This fund accounts for the licenses and permits that the MABCD department receives.

Internal service funds account for the County's fleet operation as well as insurance, including workers' compensation, health, life, dental, property, and liability. Fleet operations show a decrease in net position in 2024 of \$2.7 million, to \$23.2 million. The workers' compensation expenses exceeded charges billed to departments and the Fund ended the year with a fund balance of \$6.0 million. The Risk Management Fund decreased \$0.07 million in 2024 to \$0.9 million. Sedgwick County expended \$3.7 million for property and liability insurance during 2024 and also paid \$0.4 million in claims for various items including, but not limited to, storm damage to County property and vehicle damages. The Health, Dental and Life Insurance Reserve Fund accounts for employee benefits. The County uses a self-funded insurance model for health insurance and dental insurance. The Fund had an increase of \$2.2 million during 2024, increasing net position to \$14.4 million at the end of the year.

General Fund Budgetary Highlights

The County did not amend the budget during fiscal year 2024, although appropriations were shifted between line items in the General Fund.

Actual revenue was \$9.4 million, or 3.4%, below both the original and final budgets. Four of the 10 major revenue sources ended the year above budget. Property taxes were \$23.5 million below budget when considering back taxes that came in \$7.1 million below budget, though current property taxes exceeded budget by \$0.5 million. Motor vehicle taxes came in \$5.1 million below budget. Uses of money and property were \$11.3 million above budget due to strategic investment decisions and higher interest rates, which affected investment income. Charges for services were \$3.3 million above budget primarily due to higher than anticipated collections by Emergency Medical Services.

General Fund expenditures totaled \$229.3 million, and were \$2.5 million and 3.7% less than the final budget. Expenditures for personnel services were less than the final budget by \$0.1 million due to significant workforce challenges, which resulted in a focus on compensation in the 2024 budget. Contractual services ended the year \$0.1 million lower than the final budget. The County budgets a contingency for disaster recovery each year, which is included in contractual services. Overall budgetary fund balance in the General Fund decreased \$5.8 million in 2024.

Capital Asset and Debt Administration

Sedgwick County's investment in capital assets for its governmental and business-type activities as of December 31, 2024, totaled \$555,374,496 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, roads, bridges, improvements, machinery and equipment, software, and INTRUST Bank Arena.

Capital Assets December 31, 2024 (Net of Depreciation and Amortization)

	Governmental Activities	Business-Type Activities	Total
Land	\$ 34,026,086	\$ 13,038,358	\$ 47,064,444
Buildings and improvements	185,326,221	107,798,703	293,124,924
Improvements other than buildings	9,871,090		9,871,090
Machinery and equipment	22,513,938	4,603,377	27,117,315
Infrastructure	148,248,713		148,248,713
Construction in progress	17,265,858		17,265,858
Leases and subscriptions	12,682,152		12,682,152
Total	\$429,934,058	\$125,440,438	\$555,374,496

Additional information regarding capital assets can be found in Note III. C, beginning on page A-46

Long-term Debt

At the end of 2024, Sedgwick County had total general obligation bonds outstanding of \$45.7 million. This amount includes \$1.7 million special assessments. The County's long-term obligations also include revenue bonds totaling \$58.9 million. All outstanding debt at the end of the year was associated with governmental activities and is backed by the full faith and taxing power of Sedgwick County with the exception of the Public Building Commission 2014-3 and 2014-4 issuance, which is backed by lease revenue from Wichita State University.

During 2024, Sedgwick County issued \$18.5 million general obligation bonds which included \$195 thousand of special assessments.

Outstanding general obligation bonds of the County and lease revenue bonds of the SCPBC are rated "AAA" by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc. ("S&P") and "Aaa" by Moody's Investors Service ("Moody's").

Additional information about the County's long-term debt, AA by Fitch Ratings, can be found in Note III. E, beginning on page A-47 of this report.

Economic Factors and Next Year's Budgets and Rates

- 2023 County property tax levy funds the 2024 budget; 2023 property tax (mill levy) rate is 29.368
- Unemployment rate for Wichita MSA was 3.8% at the end of 2024, a 1.4% increase from 2023
- Wichita, known as the "Air Capital of the World" is home to facilities for Spirit AeroSystems and Textron Aviation which produces aircraft under the brand names Cessna, Beechcraft, and Hawker Aircraft.
- Wichita is currently home to several specialist hospitals which provide specific care as well as numerous doctors' offices and medical complexes.
- The cost of living index in Wichita is a moderate 90.8, almost 10% below the national urban area average of 100.
- Continuing efforts to align compensation with market peers and local employers to provide a competitive employment environment to attract and retain a diverse and high performance workforce, particularly in public safety.
- Maintaining budget balance while also meeting competitive pay and space needs for county government, like administration, public safety, and elections.
- Commission goal to diversity revenues to reduce County reliance on property tax as the primary revenue source for many State-mandated programs and services operated by County departments.
- Upgrade to the County's enterprise data system with financial system implementation in 2025.

Requests for Information

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the funds it receives.

Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Sedgwick County Division of Finance, 100 N. Broadway, Suite 610 Wichita, Kansas 67202.

SEDGWICK COUNTY, KANSAS

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position For the Year Ended December 31, 2024

Total fund balances of governmental funds	\$	328,239,440
--	-----------	--------------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$902,534,396 and the accumulated depreciation is \$485,123,705, excluding internal service fund capital assets.		417,410,691
--	--	-------------

Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet management to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.		44,475,087
---	--	------------

Certain accounts receivable resulting from charges for services are not considered available to pay current period expenditures and are therefore deferred in the funds.

Special assessments	3,310,611	
Miscellaneous other	5,377,386	8,687,997

Other deferred outflows of resources do not decrease net position until a future period and therefore are not reported in the funds

Deferred outflows - OPEB	2,030,945	
Deferred outflows - pensions	56,985,023	59,015,968

Long-term liabilities are not due and payable in the current period and are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the statement of net position. Long-term liabilities at year-end consist of:

Bonds payable	(47,400,000)	
Bond premium	(5,422,183)	
Revenue bonds payable	(58,885,000)	
Finance purchase payable	(2,033,755)	
Lease payable	(7,549,461)	
Subscription payable	(4,689,572)	
Compensated absences	(10,250,000)	
Net pension liability	(210,091,972)	
Total OPEB liability	(21,532,477)	
Accrued interest payable	(1,703,568)	(369,557,988)

Other deferred inflows of resources do not increase net position until a future period and therefore are not reported in the funds

Deferred inflows -OPEB	(9,203,126)	
Deferred inflows - pensions	(10,482,481)	(19,685,607)

Net position of governmental activities	\$	468,585,588
--	-----------	--------------------

SEDGWICK COUNTY, KANSAS

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2024

Net change in fund balances - total governmental funds	\$	64,457,496
---	-----------	-------------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those capitalized assets is allocated over estimated useful lives and reported as depreciation expense. This is the amount by which exceeded depreciation expense capital outlays in the current period.

Capital outlays capitalized	40,779,109	
Loss on disposal of assets	(2,647,894)	
Depreciation expense	<u>(26,708,066)</u>	11,423,149

Contributed capital assets are recognized as revenues on the statement of activities		293,943
--	--	---------

Payments received on certain receivables are recognized as revenue when received in the fund. However, in the statement of net position, revenue is recognized as earned.		2,337,677
---	--	-----------

Repayment of bond principal and other long-term obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Bonds payable	6,875,000	
Revenue bond payable	4,625,000	
Lease payables	1,422,742	
Subscription payables	1,557,868	
Financed purchases payable	<u>665,445</u>	15,146,055

Bond proceeds, lease payables, subscription payables and financed purchases provide current financial resources to governmental funds, but represent an increase in long-term liabilities in the statement of net position.

Bonds payable	(18,670,000)
Financed purchases	(527,507)
Leases payables	(5,228,081)
Subscription payables	(3,834,249)

Bond costs - governmental funds report the effect of premiums, discounts and similar items when the debt is issued, whereas these amounts are deferred and amortized in the statement of activities	(1,273,101)
---	-------------

Changes in lease and subscription payables due to changes in contract terms impact only impact the statement of activities.	(300,750)
---	-----------

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, interest expenditures are not reported until due.	(111,319)
--	-----------

In the statement of activities, compensated absences are measured by the amounts earned during the year, instead of by the amount paid.	(400,000)
---	-----------

Payment of other postemployment benefits (OPEB) contributions is an expenditure in the governmental funds, but reduces the total OPEB liability in the statement of net position. Additionally, the effect of changes in deferred outflows and inflows for OPEB are only recorded in the statement of activities.	(26,648)
---	----------

Payment of pension contributions is an expenditure in the governmental funds, but reduces the net pension liability in the statement of net position. Additionally, the effect of changes in deferred inflows and deferred outflows for pensions are only recorded in the statement of activities.	(12,150,658)
--	--------------

Internal service funds are used by management to charge the costs of fleet management and insurance to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>821,511</u>
--	----------------

Change in net position of governmental activities	\$	<u>51,957,518</u>
--	-----------	--------------------------

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

I. Summary of Significant Accounting Policies

A. Reporting Entity

Sedgwick County (County) is organized under the laws of the State of Kansas (Kansas or State) and is governed by an elected five-member board. As required by generally accepted accounting principles (GAAP), these financial statements present the primary government and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations.

Blended Component Units

Sedgwick County Fire District 1 (Fire District) is governed by the Sedgwick County Board of County Commissioners (BOCC), acting as a separate governing body. The Fire District is a separate taxing entity by applicable Kansas statutes, providing fire protection services to certain areas of the County. The costs of providing such service, including retirement of long-term debt, are provided from property taxes assessed to property owners in the benefit district. The Fire District's general obligation bonds payable are general obligation debt of the Fire District and are secured by the full faith and credit of the Fire District. For financial reporting, the financial activities of the Fire District are accounted for within the special revenue funds, debt service funds, and capital projects funds within the County's financial statements. The blending method is used because the Fire District's governing body is identical to the County's governing board and because the County's Finance staff and resources will be used to create and oversee the Fire District's lease purchase agreements.

The Sedgwick County Public Building Commission (SCPBC) was established to benefit the County and other governmental entities and is governed by a separate five-member board. The BOCC appoints all five members of the SCPBC Board and is able to impose its will on the SCPBC. The SCPBC has the authority to issue revenue bonds to finance the cost of acquiring and/or constructing land and facilities operated for a public purpose by a governmental entity. The SCPBC finances the debt service of the revenue bonds through payments from the governmental entity that operates the facilities. The operating governmental entity guarantees the payments under the SCPBC agreement. The SCPBC has no power to levy taxes, and revenue bonds issued by the SCPBC are not included in any legal debt limitations of the operating governmental entity. The SCPBC is considered a blended component unit due to a majority of the total debt outstanding for SCPBC being expected to be repaid entirely with the resources of the County. For financial reporting, the financial activities of the SCPBC are accounted for within the special revenue funds within the County's financial statements.

Separate audited financial statements are not prepared for the Fire District or the SCPBC.

Related Organizations

The Sedgwick County Zoological Society, Inc. (Society) and BOCC entered into an agreement on August 18, 1967, which employs the Society as an agent of the County to plan, establish, manage, operate, and develop zoological gardens and exhibits. Sedgwick County provides monies annually for the maintenance and operation of the facility. Such expenditures are financed within the general fund, the capital reserve fund, and the park and recreation fund of Sedgwick County.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report financial information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, interfund services provided and used are not eliminated in the process of consolidation. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

B. Government-Wide and Fund Financial Statements (continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include [1] charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and [2] grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are presented for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Fund Financial Statement Presentation

Government-Wide Financial Statements - The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Special assessments are recognized as revenue when levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund Financial Statements - Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues collected within 60 days of the end of the current fiscal period as available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due and pension and OPEB liabilities are only recognized to the extent the liability is normally expected to be liquidated with expendable available resources.

Property taxes are budgeted to finance the subsequent year's operations and, consequently, are not susceptible to accrual. Sales taxes collected and held by merchants and/or the State at year-end on behalf of the County are recognized as revenue. Licenses, fees, fines, forfeitures, charges for services, and other revenues are generally not susceptible to accrual and are recorded when received in cash.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred, and all other grant requirements have been met. Unrestricted aid is reported as revenue in the fiscal year during which the entitlement is received.

The County's fiduciary funds consist of a pension (and other employee benefit) trust fund and three custodial funds.

The County reports the following major governmental funds:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

I. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Fund Financial Statement Presentation (continued)

- The *Federal/State Assistance Fund* is a special revenue fund established to account for revenues and expenditures derived from Federal and State grant sources.
- The *Public Building Commission Fund* is a blended component unit (special revenue fund) established to account for revenues and expenditures derived from loans to other government entities.
- The *Debt Service Fund* accounts for the servicing of general long-term debt, including special assessment debt that is secured by the full faith and credit of the County, not being financed by proprietary funds.
- The *Debt Proceeds Fund* accounts for the receipt of proceeds from general obligation bonds and transfers to capital projects for financing the costs of improvements.

The County reports the following major proprietary funds:

- The *Arena Fund* is a major fund accounting for activities of the County-owned downtown arena.
- The *Code Inspection & Enforcement Fund*, which was established in 2023 through a fund transfer, reports code inspection and enforcement activities.

Additionally, the County reports the following fund types:

- *Nonmajor special revenue funds* account for the proceeds of specific revenue sources (other than for debt service or capital projects) that are restricted or committed for specified purposes.
- *Nonmajor capital projects funds* account for financial resources that are restricted, committed, or assigned to be used for the acquisition or construction of major capital facilities or improvements (other than those financed by proprietary funds).
- *Internal service funds* account for fleet management, health, dental and life insurance reserves, workers' compensation reserves, and risk management reserves that provide services to other departments on a cost-reimbursement basis.
- *Pension (and other employee benefit) trust fund* is used to account for fiduciary activities of the Sedgwick County, Kansas Section 457(b) Deferred Compensation Plan, which accumulates resources that allows eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution.
- *Custodial funds* are used to report fiduciary activities for tax collections and related distributions to other governments, as well as amounts held for individuals.

Expenditures are grouped by function. The following are descriptions of the County's functions:

- *General government* includes legislative, executive, financial administration, law, personnel administration, elections, facility operations, information technology, and planning & zoning functions.
- *Public safety* includes public safety administration, law enforcement, corrections, protective inspection, fire protection, ambulance services, emergency communications, civil preparedness and judicial functions.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Fund Financial Statement Presentation (continued)

- *Public works* includes road & bridges, storm drainage, waste disposal, weed control, and environmental resources functions.
- *Health and welfare* includes mental health, public health, aging assistance, general assistance, and animal control functions.
- *Cultural and recreation* includes parks, fairs & livestock, museums, and zoo functions.
- *Community development* includes education, economic development, economic opportunity, and urban redevelopment & housing functions.

In addition to the functional categories listed above, which are reported within the current expenditures character classification, the following expenditures are also classified by character:

- *Capital outlay* includes construction of buildings, roads and major asset purchases.
- *Debt service* includes payment of principal, interest and debt issuance costs.

Amounts reported as *program revenues* include: [1] charges to customers or applicants for goods, services, or privileges provided, [2] operating grants and contributions, and [3] capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets. For internal service funds, operating revenues and expenses relate to goods or services provided to other funds. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources, as they are needed.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position

1. Deposits and Investments

The County maintains a cash and investment pool that is available for use by all funds of the primary government. The pool has the general characteristics of demand deposit accounts, in that each fund may deposit additional cash at any time and may withdraw cash at any time without prior notice or penalty. The pooled cash is invested to the extent available in authorized investments. Each fund type's portion of the pool is displayed on the financial statements as "cash, including investments."

For purposes of the statement of cash flows, the County considers investments of the proprietary fund types to be cash equivalents if such investments have original maturities of three months or less.

The County's investment policy and Kansas law (K.S.A. 12-1675 – 12-1677) allow monies not otherwise regulated by statute to be invested in:

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

1. Deposits and Investments (continued)

- Temporary notes of Sedgwick County;
- Savings deposits, demand deposits, time deposit, reciprocal deposits, open accounts, certificates of deposit or time certificates of deposit with maturities of not more than four years;
- Repurchase agreements with commercial banks, or State or federally chartered savings and loan associations that have offices in Sedgwick County;
- United States treasury bills or notes with maturities not exceeding four years;
- U.S. government agency securities with a maturity of not more than four years;
- The municipal investment pool fund operated by the Kansas State Treasurer. This pool is not an SEC registered pool. The Pooled Money Investment Board (PMIB) provides the regulatory oversight for this pool. The fair value of the PMIB investments approximates the value of pool shares; and,
- A municipal investment pool established through the trust department of commercial banks that have offices in Sedgwick County.

In addition to the preceding authorized investments, the County's investment policy and Kansas law (K.S.A. 10-131) allow investment of proceeds of bonds and temporary notes in the following:

- U.S. government and agency obligations;
- Time deposits with banks and trust companies in Sedgwick County;
- FNMA, FHLB, and FHLMC obligations;
- Collateralized repurchase agreements;
- Investment agreements with financial institutions, including broker/dealers whose obligations are rated in one of the three highest rating categories by either Moody's or Standard & Poor's;
- Mutual funds whose portfolio consists entirely of obligations of the U.S. government, U.S. government agencies, FNMA, FHLB, and FHLMC; and
- Certain Kansas municipal bonds.

During 2024, the County invested in demand deposits, time deposits, reciprocal deposits, repurchase agreements and U.S. government and agency obligations. The Kansas Municipal Investment Pool was utilized to fund semi-annual debt service payments and money market fund shares were purchased with proceeds of Series B, 2024 general obligation bonds.

Unless specifically required under applicable Kansas statutes or other restrictions, earnings from investments are allocated based on average available cash balances, and the remaining earnings are allocated to the General Fund. Investments are carried at fair value.

2. Receivables

Interfund receivables - Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

2. Receivables (continued)

Property tax receivables – In accordance with Kansas statutes, property taxes levied during the current year are revenue sources to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and are levied and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied, with the balance to be paid on or before May 10 of the ensuing year. Kansas statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year.

Consequently, for revenue recognition purposes, the taxes levied during the current year are not due and receivable until the ensuing year. At December 31, such taxes are a lien on the property and are recorded as taxes receivable, net of anticipated delinquencies, with a corresponding amount recorded as deferred inflows of resources in both the government-wide and fund financial statements. It is not practicable to apportion delinquent taxes at the end of the year, and further, those amounts are not material in relationship to the basic financial statements.

Special assessments receivable – As required by Kansas statutes, projects financed in part by special assessments are financed through the issuance of general obligation bonds that are secured by the full faith and credit of the County and are retired from the Debt Service Fund. Further, Kansas statutes permit levying additional general ad valorem property taxes in the Debt Service Fund to finance delinquent special assessments receivable. Consequently, special assessments receivable are accounted for within the Debt Service Fund.

Special assessment taxes are levied over a 15-year period, and the County may foreclose on liens against property benefited by special assessments when delinquent assessments are two years in arrears. In the fund financial statements, the special assessment taxes levied are a lien on the property and are recorded as special assessments receivable in the Debt Service Fund, with a corresponding amount recorded as deferred inflows of resources in the fund financial statements at December 31.

3. Inventories

Inventories of the governmental funds are valued at cost as determined by the first-in, first-out (FIFO) method. The consumption method is used to account for these inventories. Under the consumption method, inventories purchased are recorded as an asset and expenditure recognition is deferred until the inventories are actually consumed. Reported inventories in governmental funds are equally offset by a nonspendable fund balance, which indicates they are unavailable for appropriation, even though they are a component of reported assets. Inventories of proprietary funds are valued at cost determined on the moving weighted average method.

4. Prepaid Items

Prepaid items represent payments made in advance of the benefiting period and are recognized under the consumption method (recognized proportionally over the periods that service is provided.)

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

5. Capital Assets

Capital assets, including property, plant, equipment, software, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Property, plant, and infrastructure assets with initial individual costs that exceed \$50,000 and estimated useful lives extending beyond a single reporting period are recorded as capital assets. Equipment and software is capitalized when the initial cost exceeds \$10,000 and its useful life extends beyond a single reporting period.

Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is expensed in the period in which the cost is incurred in accordance with GASB 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*.

Property, plant, software, and equipment of the primary government, as well as the component units, is depreciated and amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40-50
Bridges	40
Drainage systems	30
Roads	30
Building improvements	20
Heavy equipment	10
Improvements other than buildings	10
Leasehold improvements	10
Lease Land	4-16
Lease Building	4-6
Office furniture and equipment	5
Operating equipment	3-5
Software	5
Vehicles	3
Lease Equipment	2

6. Compensated Absences

It is the County's policy to permit employees who have 40-hour work weeks to accumulate a maximum of 200 hours of vacation. Upon termination or resignation from service to the County, employees who have worked six months or longer for the County are entitled to payment for all accrued vacation earned prior to termination or resignation.

All employees on permanent status earn sick leave at the rate of one calendar day per month with no maximum accumulation. Upon retirement, any general employee who has accumulated 800 hours of sick leave is entitled to 240 hours of pay at the employee's current rate of salary. No allowance for unused sick leave is paid upon termination or resignation.

Leave that has not been used is recognized as a liability if it (a) is attributable to services already rendered, (b) accumulates, and (c) is more likely than not to be used for time off of otherwise paid in cash or settled through noncash means. Included in the measurement of the compensated absences liability are salary-related payments that are directly and incrementally associated with the leave, except those related to defined benefit pensions or defined benefit OPEB.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

6. Compensated Absences (continued)

All leave pay is accrued when incurred in the government-wide statements and a liability for these amounts is reported.

7. Long-Term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. In the government-wide financial statements, bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures.

8. Pensions and OPEB

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Kansas Public Employees Retirement System (KPERS) and additions to/deductions from KPERS' fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, have been determined on the same basis as they are reported by the OPEB plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

9. Net Position/Fund Balance Classifications

In the government-wide statements, net position is classified into three components:

- Net investment in capital assets – consisting of capital assets including restricted capital assets, including lease assets and SBITA assets, net of accumulated depreciation and amortization, and reduced by the outstanding balances of any bonds, leases, or other borrowings that are attributable to the acquisitions, construction, or improvements of those assets. If no debt is attributable to the capital assets, net position is reported as “invested in capital assets.”
- Restricted net position – consisting of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The County first utilizes restricted resources to finance qualifying activities.
- Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

9. Net Position/Fund Balance Classifications (continued)

As prescribed by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, governmental fund balance classifications are based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

In the fund financial statements, governmental funds report fund balance in five different classifications:

- Nonspendable - Amounts legally or contractually required to be maintained or are not in spendable form. Such constraint is binding until the legal requirement is repealed or the amounts become spendable.
- Restricted - Amounts with externally imposed constraints, such as those mandated by creditors, grantors, and contributors, or laws and regulations. Such constraint is binding unless modified or rescinded by the applicable external body, laws, or regulations.
- Committed - Amounts with a purpose formally imposed by resolution by the BOCC, binding unless modified or rescinded by the BOCC.
- Assigned - Comprises of amounts intended to be used by the County for specific purposes that are neither restricted nor committed. Intent is expressed by (1) the BOCC or (2) a body or official to whom the BOCC has delegated the authority to. The BOCC has delegated authority to the County Manager or Department Heads to assign amounts to be used for specific purposes as prescribed by the County's Fund Balance and Cash policy.
- Unassigned - All amounts not included in the other fund balance classifications. The general fund shall be the only fund to report positive unassigned fund balance. All governmental funds may report negative unassigned fund balance.

In circumstances when expenditure is made for a purpose which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

The County's fund balance policy states that the General Fund will be managed in such a way as to maintain a minimum unrestricted fund balance on the last calendar quarter equal to 20% of budgeted annual expenditures and transfers out.

10. Deferred Inflows of Resources/Deferred Outflows of Resources

In addition to assets, the government-wide statement of net position and proprietary funds statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future reporting period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure/reduction of liability) until then. The County has two items that qualify for reporting in this category in the government-wide statement of net position: deferred outflows for pensions, and deferred outflows for other postemployment benefits. See Note IV. G for more information on other postemployment benefits

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

10. Deferred Inflows of Resources/Deferred Outflows of Resources (continued)

In addition to liabilities, the government-wide statement of net position, balance sheet - governmental funds and the proprietary funds statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has four types of items that qualify for reporting in this category: unavailable revenue, deferred revenue, deferred inflows for pensions, and deferred inflows for other postemployment benefits, that qualify for reporting in this category. Unavailable revenue, which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows are reported in both the government-wide statement of net position and the governmental funds balance sheet for property tax receivable and for initial recording of leases receivable, if applicable, under GASB 87. Property taxes are not recognized as revenue until the period for which they are levied. Deferred inflows for pensions and deferred inflows for other postemployment benefits, are reported on the government-wide statement of net position. See Note IV. F. and Note IV. G. for more information on these deferred inflows.

11. Estimates

Preparation of financial statements in conformity with GAAP requires making estimates and assumptions that affect [1] the reported amounts of assets and liabilities, deferred outflows and deferred inflows of resources, [2] disclosures, such as contingencies, and [3] the reported amounts of revenues and expenditures or expenses included in the financial statements. Actual results could differ from those estimates.

12. Leases

Leases having a greater than twelve-month lease term are analyzed to determine if the arrangement is subject to GASB 87. If the County is found to be either the lessee or the lessor in the agreement, GASB 87 accounting principles are applied, as applicable.

County as Lessee

The County as a lessee recognizes a lease liability and a right-to-use asset at the commencement of a lease, unless the lease is considered short-term or transfers ownership of the underlying assets. The County recognizes short-term lease payments as outflows of resources (expense) based on the lease agreement's payment provisions. The lease liability and right-to-use asset are measured based on the net present value of the remaining lease payments on the lease commencement date, discounted using the County's incremental borrowing rate. Remeasurement of the lease liability occurs when there is a change in the lease term and/or there are other changes that are likely to have a significant impact on the lease liability. When a lease is either partially or fully terminated, the County will reduce the carrying value of the lease payable and the right-to-use asset and record a gain or loss for the difference.

The County applies lease payments first to any accrued interest liability, then to the lease principal due for that period. Right-to-use assets are amortized over the shorter of the lease term or useful life of the underlying asset. Variable lease payments based on usage or performance of the underlying assets are not included in the lease liability calculations and are recognized as outflows of resources in the periods in which the obligation for the payments is incurred.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

I. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position (continued)

12. Leases (continued)

The County does not have any lease agreements in which they are lessor which require reporting under GASB 87.

13. Subscription Based Information Technology Arrangements (SBITAs)

The County has several SBITAs which are defined as contracts that convey control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

The County recognizes a right-to-use subscription asset-an intangible asset-and a corresponding subscription liability. The County recognizes the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The subscription liability is initially measured at the present value of subscription payments expected to be made during the subscription term.

The subscription asset is initially measured as the sum of (1) the initial subscription liability amount, (2) payments made to the SBIT A vendor before commencement of the subscription term, and (3) capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term.

II. Stewardship, Compliance, and Accountability

A. Budgetary Information

Kansas statutes require an annual operating budget be legally adopted for the general fund and debt service funds. Legally adopted budgets are also required for special revenue funds, internal service funds and enterprise funds, unless specifically exempted by statute. The Elected Official Land Technology Fund and the Township Dissolution Fund do not require annual legally adopted budgets. The statutes provide for the following sequence and timetable of the legal annual operating budget:

- Last day to notify county clerk of intent to levy above the Revenue Neutral Rate is July 20th
- Revenue Neutral Rate hearing must be held between August 20th and September 20th each hearing must be published at least 10 days prior to the hearing date
- If not intending to exceed the Revenue Neutral Rate the budget must be submitted to the county clerk by August 25th. If intending to exceed the Revenue Neutral Rate the budget must be adopted between August 20th and October 1st
- Certified budgets must be turned in to the county clerk between August 30th and October 1st

The County has the following levels of budget control:

- The legal level of control is established at the fund level by Kansas statutes.
- County resolution places level of control at the object class (i.e., personnel services, contractual, commodities, etc.). This allows management to transfer amounts between object classes within a fund, subject to County policy.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

II. Stewardship, Compliance, and Accountability (continued)

A. Budgetary Information (continued)

- As allowed by Kansas statute, the governing body can increase the fund level expenditures by amending the budget. An amendment may only be made for previously unbudgeted increases in revenue other than ad valorem taxes. A notice of public hearing to amend the budget must be published in the local newspaper. At least 10 days after the publication, the hearing may be held, and the governing body may amend the budget at that time.

There were no budget amendments in 2024.

All unencumbered appropriations (legal budget expenditure authority) lapse at year-end, except for capital projects fund appropriations, which are carried forward until such time as the project is completed or terminated. Encumbered appropriations are not appropriated in the ensuing year's budget but are carried forward until liquidated or cancelled.

A legal operating budget is not required for capital projects funds, the debt proceeds fund, the County's enterprise funds, or the following special revenue funds and internal service funds:

Non-Budgeted Special Revenue Funds

Federal/State Assistance Fund
Public Building Commission Fund
Fire District Research and Development
Auto License
Prosecuting Attorney Training
Technology
Court Alcohol/Drug Safety Action Program
Court Trustee Operations
Noxious Weeds

Non-Budgeted Internal Service Funds

Fleet Management
Health/Dental/Life Insurance Reserve
Workers' Compensation Reserve
Risk Management Reserve

B. Deficit Fund Balance

The Building and Equipment Fund, a nonmajor capital projects fund, had a fund balance deficit of \$779,470, as of December 31, 2024. This deficit will be recovered through transfers from the Debt Proceeds Fund.

III. Detailed Notes on All Funds

A. Deposits and Investments

Sedgwick County has adopted a formal investment policy. Primary objectives of investment activities are, in order of priority: safety, liquidity and yield. The standard of care to be used by investment officials is the "prudent person" investment rule and is applied to management of the entire portfolio. This rule states "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well the probable income to be derived."

At December 31, 2024, the County had the following investments:

Custodial credit risk

Custodial credit risk is the risk that in the event of a bank failure or failure of the investment counterparty, the County's deposits may not be returned to the County, or the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County does not have any treasury or agency coupon securities that are held by the investment counterparty.

The County requires that all investment transactions be settled delivery versus payment with an independent third-party safekeeping agent under contract with the County. The County's investment policy requires compliance within the provisions of state law for the collateralization of all deposits and allowable securities are further limited to:

- Direct obligations of, or obligations insured by, the U.S. government or any agency thereof.
- Obligations and securities of U.S. government-sponsored corporations that, under federal law, may be accepted as security for public funds.
- Bonds of any Kansas municipality that have been refunded and are secured by U.S. obligations.
- Bonds of the State of Kansas.
- General obligation bonds of any Kansas municipality.
- Temporary notes of Sedgwick County, Kansas.
- Surety bond of a surety corporation authorized to do business in Kansas in an amount equal to the amount on deposit.

The County does not accept peak period collateral agreements. Kansas law requires the fair value of collateral pledged to be equal to or greater than the entity's deposits. The County's investment policy requires the fair value of collateral to be at least 102% of the total deposits.

Interest rate risk

Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by requiring that maturities be staggered in a way that avoids undue concentration of assets in a specific maturity sector, and that the investment portfolio remain sufficiently liquid to meet all operating requirements which might reasonably be anticipated. Additionally, Kansas law and the investment policy limits investments to a maximum stated maturity of four years.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

III. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

Credit risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. Kansas law limits the types of investments that can be made by Sedgwick County. The County's investment policy imposes limitations beyond those of the State of Kansas. In accordance with the County's investment policy, the County minimizes credit risk by pre-qualifying financial institutions, brokers/dealers, intermediaries and advisors, as well as diversifying the portfolio so that potential losses on individual securities will be minimized. On December 31, 2024, the County's securities consisted of obligations and repurchase agreements comprised of obligations insured as to principal and interest by the U.S. government and agencies thereof.

Concentration of credit risk

The investment policy of the County limits the amount of investments that can be placed with a single financial institution to no more than 60% of the total value of time deposits in the portfolio. The following maximum limits, by instrument, are also established for the County's total investment portfolio:

<u>Investment Type</u>	<u>Maximum Percentage Of Portfolio</u>
Repurchase agreements	15
Collateralized time and demand deposits	100
U.S. Treasury notes and bills	80
U.S. government agency obligations	80
Kansas Municipal Investment Pool	25
Bank Trust Department municipal pools	15
Temporary notes	10

In addition, the limit on repurchase agreements and investments with the Kansas Municipal Investment Pool may not exceed 75% of the portfolio for a maximum of 45 days during each of the May and December tax collection seasons. Finally, investments established for bond proceeds are limited by instrument as a percentage of the County's total portfolio value. Invested amounts are not to exceed 20% for mutual funds and 10% for general obligation bonds of Kansas municipalities.

At December 31, 2024 the County held \$150.5 million, or 19.42%, of its portfolio in investments issued by the Federal Home Loan Bank, \$66.7 million, or 8.60%, in investments were issued by the Federal Farm Credit Bank, and \$24.0 million, or 3.09%, in investments were issued by Federal Home Loan Mortgage Corp.

A reconciliation of cash and investments as shown on the basic financial statements follows:

Cash, including investments, Statement of Net Position	\$ 325,014,461
Restricted cash, including investments, Statement of Net Position	15,810,001
Cash, including investments, custodial funds	474,055,700
Total cash, including investments	<u>\$ 814,880,162</u>

The above total is comprised of:

Cash on deposit	\$37,836,845
Total investments	<u>777,043,317</u>

Fair Value Investments

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices (unadjusted) in active markets for an identical asset or liability that a government can access at the measurement date
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statement of net position/balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024:

	Fair Value Measurements				Collateralized and FDIC insured deposits

Construction Commitments

The County had outstanding construction commitments for various capital projects and improvements totaling \$15,730,572 at December 31, 2024. This amount is reflected as an encumbrance, which is a part of the fund balance in the Capital Projects Funds, including the Building and Equipment Fund, Street, Bridge and Other Fund, Sales Tax Road and Bridge Fund, Road and Bridge Equipment Fund, and the Capital Improvement Fund. These commitments will be funded through special assessments, general obligation bonds, local sales tax, intergovernmental revenue and existing local resources.

D. Sedgwick County Public Building Commission (SCPBC) Funding

For 2024 the Debt Service Fund levied 1.366 mills, an increase of 0.21 mills from the 2023 budget. The Debt Service Fund is budgeted to maintain a specific level of fund balance on a budgetary basis.

E. Long-Term Obligations

General Obligation Bonds

Sedgwick County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities, roads, bridges, storm water drainage systems, and to refund past debt issuances. All general obligation bonds have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of Sedgwick County. These bonds generally are issued as 20-year serial bonds amortized at 30% principal repayment within five years and 60% repayment within ten years.

General obligation bonds outstanding at December 31, 2024 are as follows:

SEDGWICK COUNTY, KANSAS

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year ending December 31	Governmental Activities		
	Principal	Interest	Totals
2025	\$ 4,996,000	\$ 1,723,817	\$ 6,719,817
2026	4,246,000	1,625,031	5,871,031
2027	4,191,000	1,446,229	5,637,229
2028	4,306,000	1,266,979	5,572,979
2029	3,485,000	1,091,859	4,576,859
2030-2034	12,985,000	3,656,005	16,641,005
2035-2039	7,560,000	1,586,731	9,146,731
2040-2044	3,900,000	448,625	4,348,625
Total	<u>\$ 45,669,000</u>	<u>\$ 12,845,276</u>	<u>\$ 58,514,276</u>

During 2024, Sedgwick County issued general obligation debt for road and bridge projects totaling \$2,715,000, facilities projects totaling \$13,605,000, and refunding of \$2,155,000 for redemption of Series A, 2013 outstanding principal and accrued interest.

Current Refunding

Sedgwick County Series B, 2024 included \$2,155,000 general obligation refunding bonds, the proceeds from which, including premium of \$196,115, refunded \$2,300,000 outstanding principal and \$27,736 accrued interest to call Series A, 2013 general obligation bonds. The refunding reduced debt service by \$130,787 through 2033. The economic gain to Sedgwick County is determined as the net present value of future cash flow savings. Using the refunding bonds yield of 3.029 percent as a discount rate, the economic gain from refunding is \$113,669.

Sedgwick County also issues special assessment debt with government commitment. Prior to 2002, the County issued special assessment debt to provide funds for the construction of sewer systems and streets for residential and commercial development. The County sold the sewer system to the City of Wichita on April 1, 2001 and now only issues special assessment debt with government commitment to provide funds for the construction of streets. Special assessment with government commitment will be repaid from amounts levied against the property owners benefited by the construction. In the event that a deficiency exists because of unpaid or delinquent special assessments at the time a debt service payment is due, the County will provide resources to cover the deficiency until other resources, for example, foreclosure proceeds, are received. During 2024, Sedgwick County issued \$195,000 in special assessment debt with government commitment.

Special assessment debt with government commitment, currently outstanding, is as follows:

Purpose	Interest Rate	Amount
Governmental activities – Street and Sewer	2.75 – 5.00%	<u>\$ 1,731,000</u>

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

Sedgwick County Public Building Commission Revenue Bonds

The SCPBC is a blended component unit of Sedgwick County. The SCPBC has the authority to issue revenue bonds to finance the cost of acquiring and/or constructing land and facilities operated for a public purpose by a governmental entity. The SCPBC finances the debt service of the revenue bonds through payments from the governmental entity which operates the facilities. The operating governmental entity guarantees the payments under the SCPBC agreement. The SCPBC has no power to levy taxes and revenue bonds issued by the SCPBC are not included in any legal debt limitations of Sedgwick County. SCPBC bonds do not constitute a debt or pledge the full faith and credit of Sedgwick County, except to the extent the agreement constitutes an unconditional obligation of the County. The County is the operating governmental entity on three of the five issues outstanding with repayment schedules ranging from 10 to 20 years with one exception. The WSU Experiential Engineering 2014-3 is paid over 40 years to keep annual debt service under \$2,500,000. The current bonds outstanding are as follows:

Purpose	Int rate	Amount
Public Safety Facilities & Equipment 2011-1	2.00 - 4.00%	\$ 5,225,000
Juvenile Justice Complex 2014-1 Refunding	1.75 - 5.00%	1,385,000
Technical Education Complex 2014-2 Refunding	1.50 - 5.00%	11,575,000
^*WSU Experiential Engineering 2014-3	1.50 - 5.00%	38,895,000
^*WSU Experiential Engineering (Taxable) 2014-4	1.95 - 3.90%	1,805,000
Total		<u>\$ 58,885,000</u>

^: These bond issues do not constitute an unconditional obligation of the County.

*: Direct borrowings

Annual debt service requirements to maturity for revenue bonds are as follows:

Years ending December 31	Component Unit - SCPBC		
	Principal	Interest	Total
2025	\$ 4,815,000	\$ 2,327,904	\$ 7,142,904

III. Detailed Notes on All Funds (continued)

E. Long-Term Obligations (continued)

SCPBC Revenue Bonds – WSU Experiential Engineering 2014-3 & 2014-4

On December 30, 2014, the SCPBC issued revenue bonds for Wichita State University (WSU) to finance the cost of constructing, furnishing, and equipping the first project part of the University's Innovation Campus. The proceeds of the bonds were deposited into an escrow trust account.

Annual debt service requirements to maturity for these revenue bonds are as follows:

Year ending December 31	Principal	Interest	Total
2025	\$ 680,000	\$ 1,803,416	\$ 2,483,416
2026	705,000	1,777,958	2,482,958
2027	735,000	1,750,199	2,485,199
2028	760,000	1,720,239	2,480,239
2029	795,000	1,688,744	2,483,744
2030-2034	4,475,000	7,925,514	12,400,514
2035-2039	5,550,000	6,798,703	12,348,703
2040-2044	7,070,000	5,235,750	12,305,750
2045-2049	8,910,000	3,378,900	12,288,900
2050-2054	11,020,000	1,229,375	12,249,375
	<u>\$ 40,700,000</u>	<u>\$ 33,308,797</u>	<u>\$ 74,008,797</u>

Direct Borrowings & Direct Placements

In accordance with GASB 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, which was implemented during the year ended on December 31, 2019, the County is now required to disclose information about direct borrowings and direct placements of debt separately from other debt. The County's outstanding notes from direct borrowings and direct placements related to governmental activities total \$40,700,000. There are no unused lines of credit or assets pledged as collateral for debt at December 31, 2024.

Fire District Finance Purchase Agreements

Since 2016, the County has entered into seven finance purchase agreements for the acquisition of major equipment for the Fire District. During 2023, the County initiated the early buyout of the 2022 finance purchase and the 2016 finance purchase matured. The assets acquired through the agreements are as follows:

Asset:	Government Activities
Machinery and equipment	\$ 5,544,021
Less: accumulated depreciation	(2,119,593)
Total	<u>\$ 3,424,428</u>

The future minimum finance purchase obligations and the net present value of the minimum finance purchase payments of the five outstanding agreements, as of December 31, 2024, were as follows:

Year ending December 31	Governmental Activities
2025	\$ 459,612
2026	587,794
2027	463,133
2028	463,133
2029	86,701
2030	86,701
Total minimum payments	2,147,074
Less: amount representing interest	117,710
Total	<u>\$ 2,029,364</u>

SEDGWICK COUNTY, KANSAS

E. Long-Term Obligations (continued)

Lease Liabilities

In accordance with GASB 87, *Leases*, which was implemented during the year ended on December 31, 2022, the County is now required to disclose information about lease contracts for nonfinancial assets-including vehicles, heavy equipment, and buildings-but excludes nonexchange transactions, including donated assets, and leases on intangible assets (such as patents and software licenses.) For the year ended December 31, 2024, The County's principal and interest from lease contract obligations related to governmental activities total \$7,913,860. The County has entered into various lease agreements to lease buildings, land and equipment. Details for each lease are outlined below:

Description and purpose	Date of lease agreement	Amount of original agreement	Lease term	Interest rate	Balance as of 12/31/2024
Administrative building lease	6/1/2022	\$ 2,046,622	37 months	1.868%	\$ 2,867,685
COMCARE building lease	1/1/2022	1,413,233	69 months	0.769%	683,457
COMCARE Children's Services building lease	8/1/2024	2,390,682	60 months	2.999%	2,202,150
Health Dept. WIC building lease	6/15/2024	337,994	60 months	2.616%	287,757
127th street tower infrastructure lease	1/1/2022	-	327 months	0.310%	-
151st street tower infrastructure lease	1/1/2022	825,000	80 months	0.900%	464,446
Cheney tower infrastructure lease	1/1/2022	979,301	188 months	1.240%	841,412
Goddard tower infrastructure lease	1/1/2022	194,022	43 months	0.512%	31,814
127th street tower land lease	1/1/2022	268,390	96 months	31.000%	170,742
		<u>\$ 8,455,244</u>			<u>\$ 7,549,463</u>

The principal and interest requirements to maturity as of December 31, 2024, are as follows:

Years Ending December 31,	Principal	Interest	Totals
2025	\$ 1,739,735	\$ 133,021	\$ 1,872,756
2026	1,823,519	98,829	1,922,349
2027	1,805,906	63,456	1,869,362
2028	1,196,792	29,874	1,226,665
2029	415,862	10,596	426,458
2030 - 2034	349,791	24,841	374,632
2035 - 2039	217,858	3,780	221,638
	<u>\$ 7,549,463</u>	<u>\$ 364,397</u>	<u>\$ 7,913,860</u>

Changes in Noncurrent Liabilities

Internal Service Funds predominantly serve governmental funds. Accordingly, long-term liabilities of the Internal Service Funds are included as part of the totals for governmental activities. At year-end, claims payable totaling \$4,405,700 are included in the amounts below. Claims are generally liquidated by the appropriate Internal Service Fund. The net pension liability will be liquidated primarily through KPERs employer contributions made primarily from the General Fund. Generally, compensated absences and the total other postemployment benefits (OPEB) liability are liquidated by the General Fund. Noncurrent liability activity for the year ended December 31, 2024, is as follows:

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

III. Detailed Notes on All Funds (continued)

F. Interfund Transfers

Transfers are used to [1] move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, [2] move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due, and [3] use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

G. Interfund Receivables and Payables

Interfund balances result from the time lag between the dates that [1] interfund goods and services are provided or reimbursable expenditures occur, [2] transactions are recorded in the accounting system, and [3] payments between funds are made. Interfund payables at year-end relate to amounts spent in certain capital projects funds that have yet to be repaid from long-term financing from the Debt Proceeds Fund.

A summary of interfund receivables and payables at December 31, 2024 is as follows:

	Interfund Receivable	Interfund Payable
Debt Proceeds Fund	\$ 779,470	\$ -
Nonmajor Capital Projects Funds:		
Building and Equipment Fund	-	779,470
	<u>\$ 779,470</u>	<u>\$ 779,470</u>

IV. Other

A. Risk Management

The County's property and casualty insurance coverage consists of both a self-insurance program and insurance policies purchased from various insurance carriers. The overall cost of insurance coverage has increased significantly the past three years. There have not been any settlements in excess of insurance coverage during any of the prior three fiscal years. Exposure to various risks associated with weather related incidents such as wind, hail, and storm damage is covered by a property insurance policy.

Risks associated with the operation of the INTRUST Bank Arena include loss related to theft, damage or destruction of assets, and natural disasters. These risks are covered by commercial insurance. Settlements from these risks have not exceeded insurance coverage for the past three years.

The County has a self-funded insurance fund for health claims. Claims for county employees are administered through a third-party administrator for the County's self-insured plan. Premiums are paid by employer and employee contributions into an internal service fund and are available to pay claims and costs of an administrative service agreement. An excess insurance policy covers individual claims in excess of \$500,000.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

A. Risk Management (continued)

Incurred but not reported claims of \$2,775,000 have been accrued as a liability. In 2024, \$33,279,152 was paid as claims. The outstanding claims liability is calculated from historical data and future expectations. This includes an estimated liability for known claims as well as an estimated liability for claims incurred but not reported.

The County provides workers' compensation benefits through a self-insured plan that has been approved by the State of Kansas. Workers' compensation claims are administered by Risk Management, with the assistance of a contract attorney. Funding (premiums) for this self-insurance plan is allocated to County departments. Premiums are determined by a formula that uses both paid claims and the actual number of claims. The County does maintain reserves and pays all expenses for this plan from the Workers' Compensation Reserve Fund.

The Risk Management Reserve Fund was established for the purpose of providing a contingency fund to pay self-insured claims, retentions and deductibles, and to provide an additional source of funding for the self-insured law enforcement liability, general liability, and public official's liability. Property insurance is maintained with a commercial carrier. Property claims have a \$250,000 deductible per claim. In 2024, \$1,196,452.27 was paid on claims.

The following is a summary of the changes in the unpaid claims liability:

	<u>Workers' Compensation</u>	<u>Health/Dental Life Insurance</u>
December 31, 2022 liability balances	\$ 1,483,000	\$ 2,400,000
2023 Claims and changes in estimates	1,250,897	28,946,174
2023 Claim payments	<u>(1,110,797)</u>	<u>(28,946,174)</u>
December 31, 2023 liability balances	\$ 1,623,100	\$ 2,400,000
2024 Claims and changes in estimates	1,204,052	33,654,152
2024 Claim payments	<u>(1,196,452)</u>	<u>(33,279,152)</u>
December 31, 2024 liability balances	<u>\$ 1,630,700</u>	<u>\$ 2,775,000</u>

Net position available for self-insurance expenses and future catastrophic losses are as follows:

Health/Dental/Life Insurance Reserve Fund	\$ 14,388,657
Workers' Compensation Reserve Fund	5,974,671
Risk Management Reserve Fund	927,969

B. Commitments

Encumbrances - The County uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to executed contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year end are not accounted for as expenditures and liabilities but, rather, as restricted, committed, or assigned fund balance. As of December 31, 2024, the County's governmental funds had a total of \$19.22 million in encumbrances, which were reported as following:

C. Contingent Liabilities

The County is a defendant in various legal actions pending or in process for tax appeals, property damage, and miscellaneous claims. The ultimate liability that might result from the final resolution of the above matters is not presently determinable. Management and the County's counsel are of the opinion that the final outcome of the cases will not have an adverse material effect on the County's financial statements.

D. Tax Abatements

There are currently two programs being utilized in Sedgwick County that offer tax abatements for economic development purposes. Both operate by granting an exemption on part or all of a property's assessed, or taxable, valuation.

Economic Development Exemptions (EDX)

Article 11, Section 13 of the Kansas Constitution gives counties and cities the authority to exempt from ad valorem taxation all or any portion of the valuation of buildings, land or other improvements used to facilitate business expansion and new employment creation. Such economic development exemptions may be in effect for up to 10 years.

Exempt Industrial Revenue Bonds (IRB)

Kansas Statutes Annotated 79-213 et.seq. establish procedures by which the taxable value of real or personal property being financed by industrial revenue bonds may be wholly or partially exempt. In Sedgwick County, IRB exemptions granted by the County and several of the cities are currently in effect. The table below shows taxes that are foregone by the County government and the Fire District for both EDX & IRB abatements whether issued by the County or by another municipal government that reduce County revenues.

Tax Abatements	\$ 5,986,733	\$ 2,117,327	\$ 8,104,060

The abated taxes reflect the amounts that would have been levied on behalf of the County and the Fire District on the 2023 tax roll to fund expenditures during calendar year 2024 were it not for the tax exemption.

E. Accounting Pronouncements

Statements Adopted in 2024:

GASB Statement No. 99, *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB statements and (2) accounting and financial reporting for financial guarantees. This standard was partially adopted for 2023. Adoption of GASB 99 had no effect on beginning net position, fund balance, or fund net position nor were any financial statement line items affected by its adoption.

GASB Statement 100, *Accounting Changes and Error Corrections*- an amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Adoption of GASB 100 had no effect on beginning net position, fund balance, or fund net position nor were any financials statement line items affected by its adoption. GASB 100 does require certain additional footnote disclosures not required in GASB 62.

GASB Statement No. 101, *Compensated Absences*. This objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

E. Accounting Pronouncements (continued)

recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The impact to the financial statements was not material and the County did not restate beginning net position for the adoption of GASB 101.

Statements Not Yet Effective to be Adopted in Subsequent Years:

GASB Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints and is effective for fiscal years beginning after June 15, 2024 (January 1, 2025 for the County.)

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. Topics addressed include:

- Management's Discussion and Analysis
- Unusual or infrequent items
- Presentation of the proprietary fund statement of revenues, expenses, and changes in fund net position
- Major component unit information and,
- Budgetary comparison information

GASB 103 is effective for fiscal years beginning after June 15, 2025 (January 1, 2026 for the County.)

GASB Statement No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets.

This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class.

F. Defined Benefit Pension Plans

General Information about the Pension Plans

Plan description. The County participates in the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are part of a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et. seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

F. Defined Benefit Pension Plans (continued)

KPERS' financial statements are included in its Annual Comprehensive Financial Report, which can be found on the KPERS website at <http://www.kpers.org> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Benefits provided. KPERS and KP&F provide retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the Legislature. Members (except Police and Firemen) with ten or more years of credited service, may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever an employee's combined age and years of credited service equal 85 "points" (Police and Firemen's normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into, and disbursed from, the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement, a member may receive a lump sum payment of up to 50% of the actuarial present value of the members lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current member employees and employers. A new KPERS 3 cash balance retirement plan for new hires, starting January 1, 2015, was created. The normal retirement age for KPERS 3 is 65 with five years of service or 60 years of age with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contributions rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. K.S.A. 74-4975 establishes the KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

F. Defined Benefit Pension Plans (continued)

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3, and KP&F be determined based on the results of each annual actuarial valuation. KPERS is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1.00% contribution rate for the Death and Disability Program) was 9.26% for KPERS and 23.10% for KP&F for the fiscal year ended December 31, 2024. Contributions to the pension plan from the County were \$12,935,639 for KPERS and \$9,642,597 for KP&F for the year ended December 31, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each group of the plan. The County participates in the local KPERS group and the KP&F group.

At December 31, 2024, the County reported a liability of \$122,242,801 for KPERS and \$87,849,171 for KP&F for its proportionate share of the KPERS' collective net pension liability. The collective net pension liability was measured by KPERS as of June 30, 2024, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to the measurement date of June 30, 2024. The County's proportion of the collective net pension liability was based on the ratio of the County's actual contributions to KPERS and KP&F, relative to the total employer and non-employer contributions of the KPERS and KP&F for the fiscal year ended June 30, 2024. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2024, the County's proportion and change from its proportion measured as of June 30, 2024 were as follows:

	Net pension liability as of December 31, 2024	Proportion as of June 30, 2024	Increase(decrease) in proportion from June 30, 2023
KPERS (local)	\$ 122,242,801	5.755%	0.403%
KP&F	87,849,171	5.511%	(0.044)%
	<u>\$ 210,091,972</u>		

For the year ended December 31, 2024, the County recognized pension expense of \$21,247,389 for KPERS and \$13,481,505 for KP&F. At December 31, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

SEDGWICK COUNTY, KANSAS

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

F. Defined Benefit Pension Plans (continued)

Actuarial assumptions. The total pension liability for KPERS in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Price inflation	2.75% (no change from prior year)
Salary increases	3.50% to 15.50%, including inflation
Investment rate of return	7.00%, compounded annually, net of investment expense and including price inflation (no change from prior year)

Mortality rates were based on the PUB 2010 Mortality Tables, with age setbacks and age set forwards based on different membership groups. Future mortality improvements are anticipated using Scale MP-2021.

The actuarial assumptions used in the December 31, 2023 valuation was based on the results of an actuarial experience study dated January 29, 2023.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 29, 2024, as provided by KPERS' investment consultant, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Non-U.S. Equities	43.00%	8.20%
Core Fixed Income	13.00	2.20
Yield Driven	12.00	5.30
Infrastructure	3.00	6.80
Real Estate	15.00	5.70
Alternatives	11.00	12.00
Short-term investments	3.00	0.30
Total	100.00%	

Actuarial assumption changes from the prior valuation for KPERS include:

Mortality rates were changed from being based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different groups using future mortality improvements from Scale MP-2016 to being based on PUB

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

F. Defined Benefit Pension Plans (continued)

- 2010 Mortality Tables, with age setbacks and age set forwards based on different membership groups using future mortality improvements from Scale MP-2021.
- Retirement rates for the C60 group were adjusted to partially reflect observed experience.
- Disability rates were reduced.
- The probability of KPERS 1 members leaving their contributions with KPERS was modified to better reflect observed experience.
- Factors for the State and Local groups that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense component of the actuarial required contribution rate was increased from 0.18% to 0.23%.
- Merit salary increase assumption was increased for School and Local Groups.

Actuarial assumption changes from the prior valuation for KP&F include:

- Mortality rates were changed from being based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different groups using future mortality improvements from Scale MP-2016 to being based on PUB 2010 Mortality Tables, with age setbacks and age set forwards based on different membership groups using future mortality improvements from Scale MP-2021.
- Retirement rates were adjusted to partially reflect observed experience.
- Disability rates were reduced.
- Termination rates were increased.
- The administrative expense component of the actuarial required contribution rate was increased from 0.18% to 0.23%.
- Merit salary increase assumption was increased.

Discount rate. The discount rate used by KPERS to measure the total pension liability at the measurement date of June 30, 2024 was 7.00%, which was unchanged from the prior year. The projection of cash flows used to determine the discount rate was based on member and employer contributions. The Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993 and subsequent legislation, the employer contribution rates certified by the KPERS' Board of Trustees for this group may not increase by more than the statutory cap. The statutory cap for the State fiscal year 2024 was 1.2%. The Local employers are currently contributing the full actuarial contribution rate. Employers contribute the full actuarial determined rate for KP&F. The expected employer actuarial contribution rate was modeled for future years for these groups, assuming all actuarial assumptions are met in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability

Sensitivity of the County's proportionate share of the collective net pension liability to changes in the discount rate. The following presents the County's proportionate share of the collective net pension liability calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

G. Postemployment Benefits Other than Pensions

County's OPEB Plan: Plan Description

The County sponsors a single-employer defined benefit healthcare plan that provides healthcare benefits, including medical, dental and vision, to retirees. Retiree health coverage is provided for under K.S.A. 12-5040. Employees who retire with at least 10 years of cumulative service with the County and commence retirement or disability benefits under KPERS are eligible for benefits. The funding policy of the County is to pay premiums as they come due through the Health/Dental/Life Insurance Reserve internal service fund. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. There is no stand-alone financial report for the plan.

Benefits Provided

County retirees pay the same premiums charged to COBRA participants for medical, dental and vision coverage. The COBRA rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. The difference between these two amounts is the implicit rate subsidy, which is considered OPEB.

Retirees and spouses have the same benefit as active employees. Retiree coverage terminates either when the retiree becomes covered under another employer health plan, or when the retiree reaches the Medicare eligibility age, which is currently age 65. Spousal coverage is available until the retiree becomes covered under another employer health plan, attains Medicare eligibility age, or dies.

Funding Policy

The premium requirements of plan members and the County are established and may be amended by the BOCC. The required premium is based on projected pay-as-you-go financing requirements. For year ended December 31, 2024, Sedgwick County's benefit payments were \$630,764. County retirees pay 100% of their healthcare premiums; the County is not required to share costs of retiree premiums.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

G. Postemployment Benefits Other than Pensions (continued)

Covered Employees

At December 31, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	232
Active employees	<u>2,658</u>
TOTAL	<u>2,890</u>

Total OPEB Liability

The County's total OPEB liability of \$18,705,398 was measured as of December 31, 2024.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial cost-method	Entry-age
Inflation	2.50%
Salary increases	2.50%
Discount rate	4.22%
Healthcare cost trend rates	6.00% for 2024, decreased by 0.25% per year to an ultimate rate of 4.5% for 2030 and later years
Retiree share of benefit cost	Retirees and spouses pay 102% of the group premium rates

Changes in assumptions relate to changing the discount rate from 3.88% to 4.22%. The total OPEB liability decreased \$656,024 due to the change in discount rate.

The discount rate was based on the average of the S&P Municipal Bond 20 Year High Grade and Fidelity GO AA-20 Year published yields.

Mortality rates were based on the PUBH-2010 General Employees and Public Safety Mortality and the MP-2021 Improvement Scale.

Disability and retirement rates were based on those utilized for the KPERS-Local and KP&F-Local pension valuations.

The actuarial assumptions used in the December 31, 2024 valuation were based on an experience analysis of the plans past experience, the actuary's experience with plans of similar size, plan design, retiree contribution level and assumptions used in the County's participation in the corresponding pension plan through KPERS and KP&F, as applicable

KPERS Death and Disability OPEB Plan

Plan Description. The County participates in an agent multiple-employer defined benefit other post-employment benefit (OPEB) plan which is administered by KPERS. The Plan provides long-term disability benefits and life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. Because the trust's assets are used to pay employee benefits other than OPEB, no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. There is no stand-alone financial report for the plan.

Benefits provided:

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60% (prior to January 1, 2006, 66 2/3%) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver premium provision.

Long-term disability benefit: Monthly benefit is 60% of the member's monthly compensation, with a minimum of \$100 and maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers' compensation benefits, other disability benefits from any other source by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while disability continues until the member's 65th birthday or retirement date, whichever

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

G. Postemployment Benefits Other than Pensions (continued)

occurs first. If the disability occurs after age 60, benefits are payable while disability continues, for a period of 5 years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the term of the disability or 24 months per lifetime, whichever is less. There are no automatic cost-of-living increase provisions. KPERS has the authority to implement an ad hoc cost-of living increase.

Group life waiver of premium benefit: Upon the death of an employee who is receiving monthly disability benefits, the plan will pay a lump-sum benefit to eligible beneficiaries. The benefit amount will be 150% of the greater of the member's annual rate of compensation at the time of disability or the member's previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for 5 or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price before the life insurance benefit is computed. The indexing is based on the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual life insurance policy.

Employees covered by benefit terms. At June 30, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	25
Active employees	<u>2,079</u>
TOTAL	<u>2,104</u>

Total OPEB Liability

The County's total OPEB liability of \$2,827,079 was measured as of June 30, 2024 and was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise noted:

Price Inflation	2.75%
Payroll growth	3.00%
Salary increases	3.50 – 10.30% including price inflation
Discount rate	3.93%
Healthcare cost trend rates	Not applicable for the coverage in this plan
Retiree share of benefit cost	Not applicable for the coverage in this plan

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

G. Postemployment Benefits Other than Pensions (continued)

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index.

Mortality rates were based on the RP-2014 Mortality tables, as appropriate, with adjustment for mortality improvements based on Scale MP-2021.

The actuarial assumptions used in the June 30, 2024 valuation were based on an actuarial experience study during 2019-2022. Other demographic assumptions are set to be consistent with the actuarial assumptions reflected in the December 31, 2023 KPERS pension valuation.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at beginning of year	<u>\$2,546,492</u>
Changes for the year:	
Service cost	241,525
Interest	97,598
Effect of economic/demographic gains or losses	175,561
Effect of assumptions changes or inputs	(3,801)
Benefit payments	<u>(230,296)</u>
Net changes	<u>280,587</u>
Balance at end of year	<u><u>\$2,827,079</u></u>

Changes of assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period and demographic assumption updates based on the most recent KPERS experience study. The discount rate increased from 3.65% on June 30, 2023 to 3.93% on June 30, 2024.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1-percentage-point higher (4.93%) than the current discount rate:

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Total OPEB liability	\$ 2,950,401	\$ 2,827,079	\$ 2,703,215

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The healthcare trend rates do not affect the liabilities related to the long-term disability benefits sponsored by KPERS. Therefore, there is no sensitivity to a change in healthcare trend rates.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2024, the County recognized OPEB expense of \$194,551. At December 31, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

G. Postemployment Benefits Other than Pensions (continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 202,147	\$ 790,803
Changes in assumptions	157,158	570,239
Benefit payments subsequent to the measurement date	115,148	-
Total	<u>\$ 474,453</u>	<u>\$ 1,361,042</u>

The \$115,148 benefit payments made subsequent to the measurement date will be recognized as a reduction in the total OPEB liability for the year ended December 31, 2025. Amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Deferred Outflows (Inflows) of Resources
Year ended December 31:	
2025	\$ (144,572)
2026	(140,909)
2027	(136,692)
2028	(140,889)
2029	(133,349)
Thereafter	(305,326)
	<u>\$ (1,001,737)</u>

Summary of OPEB Plans

As of December 31, 2024, the County's total OPEB liability, deferred inflows of resources and OPEB expense associated with the two OPEB plans are summarized as follows:

	2024
Total OPEB liability	<u>\$ (21,532,477)</u>
Deferred outflows of resources	2,030,945
Deferred inflows of resources	(9,203,126)
OPEB expense	909,232

H. Sedgwick County, Kansas Section 457(b) Deferred Compensation Plan

Plan Description

The County offers its employees a deferred compensation, defined contribution plan (Plan) created in accordance with Internal Revenue Code Section 457. A governmental 457(b) deferred compensation plan (457b Plan) is a retirement savings plan that allows eligible

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024

IV. Other (continued)

H. Sedgwick County, Kansas Section 457(b) Deferred Compensation Plan (continued)

employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn. Distributions are subject to ordinary income tax. The plan is administered by Empower. Participants are comprised of all eligible employees of the County. All full-time employees are eligible.

2024 Participant Count	
Participants who are currently employed and have an ending account balance	2,304
Participants who terminated employment and have an ending account balance	2,186
Participants with a zero-ending account balance	235

The 457b plan was established by County resolution and the 457(b) Deferred Compensation Committee has the power to amend the plan. The Committee has nine voting members include the Director of Human Resources, The Chief Financial Officer, The County Counselor or designee, one retired participant, two full time current employee appointed by the County Manager, and three elected current Sedgwick County employees. The assets of the plan are held in trust, with the County as trustee, for the exclusive benefit of the plan participants and their beneficiaries. The assets cannot be diverted for any other purpose.

Investment Policy

The deposits and investments of the 457(b) Plan are held separately from those of other County funds. Participating employees have the ability to invest in multiple mutual funds as investment options along with the ability to use a self-directed brokerage account for access to additional investment options.

Valuation of Investments

All investments in the 457(b) Plan are measured and reported at fair value and recorded as of the trade date. Fair value is based on quoted market prices at December 31, 2024. The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statement of fiduciary net position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024:

Fair Value Measurements Using				
	12/31/2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Equity Securities				
Mutual Funds-Equity	\$ 84,029,045	\$ 64,503,461	\$19,525,584	\$ -

Level 1 Includes quoted prices (unadjusted) for identical assets or liabilities in an active market that the County can access at the measurement date.

SEDGWICK COUNTY, KANSAS

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024

IV. Other (continued)

H. Sedgwick County, Kansas Section 457(b) Deferred Compensation Plan (continued)

Level 2 Includes inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets for liabilities.

Level 3 Includes unobservable inputs for an asset or liability where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. None of the Plan's investments at December 31, 2024 are subject to custodial credit, interest or credit risk.

I. COVID-19 Funding

In reaction to the after effects of the COVID-19 pandemic, the Federal government provided additional funding related to COVID-19 recovery through the American Rescue Plan Act (the "ARPA" or the "Plan"). Enacted into law on March 11, 2021 and building on previously enacted aid measures, such as the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), the Plan added \$350 billion in emergency funding to state and local governments. However, unlike the CARES Act, which limited expenditures to costs directly related or incurred due to the pandemic, ARPA allowed governments to use funding for a broader array of eligible purposes, though with additional compliance requirements. Sedgwick County received nearly \$109 million in Federal CARES funds in 2020. Then, in 2021, Sedgwick County was awarded \$100.2 million from ARPA. These funds were permitted to be obligated for eligible uses through 2024 and spent by December 31, 2026. The Board of County Commissioners spent its full allocation by the end of 2024. Funds were used for premium pay for front-line workers during the worst of the pandemic; public health response; measures for employee safety related to COVID-19 and other respiratory protections; facility measures and additional workforce necessary to resolve the 18th Judicial District Court system backlog; revenue replacement; and other programs.

Budget / GAAP Reconciliation

All legal operating budgets are prepared using the modified cash basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Accordingly, the data presented in the budgetary comparison statements differs from the data presented in the financial statements prepared in accordance with GAAP. The following schedule provides reconciliation from GAAP basis to budgetary basis for the General Fund.

	December 31, 2024
Fund Balance, Budgetary Basis	\$ 97,209,018
Current Year Encumbrances	684,135
Fair Value Adjustment of Investments	6,740,407

Changes in benefit terms for KPERS

January 1, 2015, the KPERS 3 cash balance plan became effective. Members enrolled in this plan are ones first employed in a KPERS covered position on or after January 1, 2015, or KPERS 1 or KPERS 2 members who left employment before vesting and returned to employment on or after January 1, 2015. The retirement benefit is an annuity based on the account balance at retirement.

For the state fiscal year 2017, the KP&F group had a change in benefit terms. The Legislature changed the duty-related death benefit for KP&F members to the greater of 50% of Final Average Salary and member's accrued retirement benefit under the 100% joint and survivor option, payable to the member's spouse. Including any benefits that may be due to child beneficiaries, the total monthly benefits may not exceed 90% of the member's Final Average Salary. Prior to this bill, the duty-related spousal death benefit for KP&F member was 50% of the Final Average Salary, and the maximum available to the family was 75% of the member's Final Average Salary.

SEDGWICK COUNTY, KANSAS

REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2024

Defined Benefit Pension Plans (continued)

For the state fiscal year 2017, the Legislature changed the working after retirement rules for members who retire on or after January 1, 2018. The key changes to the working after retirement rules were to lengthen the waiting period for KPERS members to return to work from 60 days to 180 days for members who retire before attaining age 62, remove the earnings limitation for all retirees and establish a single-employer contribution schedule for all retirees.

For the state fiscal year 2021, the Legislature provided an increased benefit for disabled members who pass away prior to retirement if the disability was service-connected. The monthly benefit is equal to 50% of the member's final average salary at disability plus 10% for each dependent child up to a maximum of 75% or the retirement benefit the member would have received if the member had retired on the date of death if there are no dependent children.

For the state fiscal year 2023, the Legislature expanded the Deferred Retirement Option Plan (DROP) in KP&F to all employers as of April 27, 2023. Prior to this change, only members employed by the Kansas Highway Patrol and Kansas Bureau of Investigation were eligible.

For the state fiscal year 2024, the Legislature passed House Bill 2711 that included the following changes to the provisions and funding of KPERS:

- The lump sum retiree death benefit was increased from \$4,000 to \$6,000. The employer contribution rates for Local employers for CY 2025 were increased to reflect the additional contribution required to fund this benefit improvement.
- The employer contribution threshold for the 30% Working After Retirement (WAR) rate increased from \$25,000 to \$40,000, the earnings limit for KP&F retirees increased from \$25,000 to \$40,000, and an exemption from employer contributions was created for nurses and direct support workers at Community Development Disability Organizations (CDDOs). These changes had no impact on the valuation because specific assumptions for these occurrences are not used in the valuation.
- HB 2711 also increased the alternative investment cap from 15% to 25% and requires KPERS to divest all publicly traded securities held in funds by countries of concern, as defined by the bill. These changes had no impact on the valuation, because they are not expected to materially affect the asset allocation.

Changes in assumptions for KPERS. As a result of the experience study completed in November 2016, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2016 and include:

- The price inflation assumption was lowered from 3.00% to 2.75%.
- The investment return assumption was lowered from 8.00% to 7.75%.
- The general wage growth assumption was lowered from 4.00% to 3.50%.
- The payroll growth assumption was lowered from 4.00% to 3.00%.

Changes from the November 2016 experience study that impacted individual groups are listed below:

KPERS:

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table, with adjustments to better fit the observed experience for the various KPERS groups. The most recent mortality improvement scale, MP-2016, is used to anticipate future mortality improvements in the valuation process through the next experience study.
- The active member mortality assumption was modified to also be based on the RP-2014 Employee Mortality Table with adjustments.
- The retirement rates for the select period (when first eligible for unreduced benefits under Rule of 85) were increased, but all other retirement rates were decreased.
- Disability rates were decreased for all three groups.
- The termination of employment assumption was increased for all three groups.
- The interest crediting rate assumption for KPERS 3 members was lowered from 6.50% to 6.25%.

SEDGWICK COUNTY, KANSAS

REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2024

Defined Benefit Pension Plans (continued)

KP&F:

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table with 1-year age set forward and the MP-2016, is used to anticipate future mortality improvements.
- The mortality assumption for disabled members was changed to the RP-2014 Disabled Lives Table (generational using MP-2016) with a 1-year age set forward.
- The active member mortality assumption was modified to the RP-2014 Employee Mortality Table with a 1-year age set forward with a 90% scaling factor.
- The retirement rates for Tier 1 were lowered and the ultimate assumed retirement age was changed from 63 to 65 for Tier 2.
- The termination of employment rates for Tier 2 were increased to better match the observed experience.

As a result of the experience study completed in January 2020, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2019 and include:

- The investment return assumption was lowered from 7.75% to 7.50%.
- The general wage growth assumption was lowered from 3.50% to 3.25%.
- The payroll growth assumption was lowered from 3.00% to 2.75%.

December 31, 2020 assumption changes included a decrease of the investment return assumption from 7.75% to 7.25%

SEDGWICK COUNTY, KANSAS

REQUIRED SUPPLEMENTARY INFORMATION December 31, 2024

Defined Benefit Pension Plans (continued)

Changes from the January 2020 experience study that impacted individual groups are listed below:

KPERS:

- Retirement rates were adjusted to partially reflect observed experience.
- Termination rates were increased for most KPERS groups.
- Disability rates were reduced.
- Factors for the State group that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense load for contributions rates was increased from 0.16% to 0.18%.

KP&F:

- Retirement rates were adjusted to partially reflect observed experience.
- Factors for the KP&F group that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense load for contributions rates was increased from 0.16% to 0.18%.

December 31, 2021, assumption changes included the following:

For all groups, the investment rate of return assumption decreased from 7.25% to 7.00%.

KPERS:

- Interest crediting rate assumption for KPERS 3 members was lowered from 6.25% to 6.00%.
- Annuity interest rate assumption for KPERS 3 members was lowered from 5.75% to 5.00%.

December 31, 2023 assumption changes included the following:

KPERS:

- Mortality rates were changed from being based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different groups using future mortality improvements from Scale MP-2016 to being based on PUB 2010 Mortality Tables, with age setbacks and age set forwards based on different membership groups using future mortality improvements from Scale MP-2021.
- Retirement rates for the C60 group were adjusted to partially reflect observed experience.
- Disability rates were reduced.
- The probability of KPERS 1 members leaving their contributions with KPERS was modified to better reflect observed experience.
- Factors for the State and Local groups that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense component of the actuarial required contribution rate was increased from 0.18% to 0.23%.
- Merit salary increase assumption was increased for School and Local Groups.

Defined Benefit Pension Plans (continued)

KP&F:

- Mortality rates were changed from being based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different groups using future mortality improvements from Scale MP-2016 to being based on PUB 2010 Mortality Tables, with age setbacks and age set forwards based on different membership groups using future mortality improvements from Scale MP-2021.
- Retirement rates were adjusted to partially reflected observed experience.
- Disability rates were reduced.
- Termination rates were increased.
- The administrative expense component of the actuarial required contribution rate was increased from 0.18% to 0.23%.
- Merit salary increase assumption was increased.

* GASB 75 requires presentation of ten years. As of December 31, 2024, only seven years of information is available.

There are no assets accumulated in the trust to pay related benefits.

Changes of assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period:

- The discount rate decreased from 3.68% on December 31, 2018 to 3.01% on December 31, 2019.
- The discount rate decreased from 3.01% on December 31, 2019 to 1.97% on December 31, 2020.
- The discount rate increased from 1.97% on December 31, 2020 to 2.05% on December 31, 2021.
- The discount rate increased from 2.05% on December 31, 2021 to 4.18% on December 31, 2022.
- The discount rate decreased from 4.18% on December 31, 2022 to 3.88% on December 31, 2023.
- The discount rate increased from 3.88% on December 31, 2023 to 4.22% on December 31, 2024.

Changes in assumptions and other inputs reflect the effects of changes in mortality assumption changes:

- December 31, 2019 - updated mortality assumption to the PUBH-2010 General Employees and Public Safety Mortality Tables reflecting the MP-2019 Projection Scale.
- December 31, 2020 - mortality improvement scale changed to MP-2020 scale.
- December 31, 2021 - mortality improvement scale changed to MP-2021 scale.

¹ Represents the equalized valuation of tangible property, including motor vehicles

² Taxes levied support the subsequent year's budget, e.g., 2016 taxes levied finance 2017 spending

³ Tax rates are per \$1,000 of assessed value

⁴ 2019 amounts have been updated from previous Annual Comprehensive Financial Reports

⁵ Beginning in 2015 values exclude watercraft and 16M/20M motor vehicles

* Major Programs

Sedgwick County, Kansas
Notes to the Schedule of Expenditures of Federal Awards
Year Ended December 31, 2024

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the County under programs of the federal government for the year ended December 31, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or cash flows of the County.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3. Indirect Cost Rate

The County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 4. Federal Loan Programs

The County does not administer any loan programs.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

Board of County Commissioners
Sedgwick County
Wichita, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Sedgwick County, Kansas (the County) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 2, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for the Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditor's Report

Board of County Commissioners
Sedgwick County
Wichita, Kansas

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Sedgwick County, Kansas' (the County)'s compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the County's major federal program for the year ended December 31, 2024. The County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended December 31, 2024.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
