Questions and/or statements of clarification are in **bold** font, and answers to specific questions are *italicized*.

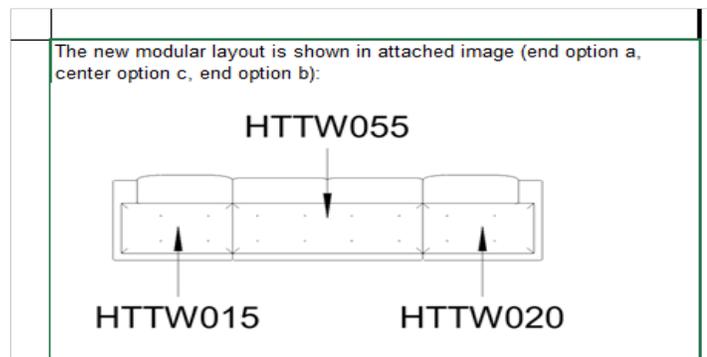

Bid opening date has been extended to March 31, 2026. Firms interested in submitting a bid must respond with complete information and deliver on or before 1:45 pm CDT on that date.

Attached you will find a revised bid form that includes the addition of items 19A and 19B - these items were not on the previous bid tab.

- 1. Item T.04 The Watson Training Tables - the part number listed is for acrylic, however you have a fabric picked out. So, we quoted the fabric option and changed the part number. Is that ok?**

For the modesty panel - updated model # is WAFMF-1257(Fabric Finish).

- 2. Item S.09 -The Toward end pieces specified are not a complete modular layout. Please provide a layout plan for our team to confirm all parts needed.**

3. **Item S.09 -The fabric Maraham, Instill, Doe has been tested for Toward and is not approved due to lack of stretch.**

New fabric to be Ultrafabrics-Brisa-533-591 Caramel.

4. **We also noticed you have a lot of Herman Miller Product on the specs (desking, cubes and chairs) and have noted (or approved alternate). Are we able to utilize a different manufacturer for these as long as specs needed, for example Global or Tayco? Or are you only wanting Herman Miller? If you only want Herman Miller, are we able to NO bid these items and still bid the rest of the spec'd furniture?**

The closed line items that were selected are noted as "or approved equal". Please submit an equal suggested alternate product for review. Alternates should not be provided for open line manufacturers.

5. **Existing product you have on the specs, for example X.01, X.02 and X.03. Does this product need to be moved or handled by our installers when we come out to do the install Or is this something you all are going to be moving etc.? Needing this info to provide an accurate labor quote.**

Please provide a line-item number for moving these pieces from the existing facility to the new facility. Only one (1) passenger elevator will be available for use.
